**Taft's Rebuke.**

The discreditable condition of North Carolina Republicanism was emphasized when a great National Republican leader and member of the cabinet journeyed all the way from Washington to Greensboro to administer a stinging rebuke to his own party in this State for their continual quarrelling about federal offices.

Certainly there is no good reason that we can imagine why anyone should wish to become a Republican; but even if a new recruit could be found, he would, if worth gaining, at once be disgusted with the snapping and snarling of the hungry federal pie brigade. It has been only a few weeks since Judge Bynum, one of the ablest and most independent Republicans in the State, spoke of the Butler-Rollins ring now controlling the Republican organization as a "gang of cut throats and pirates." The man who should enlist under such leadership would need to put his conscience through some patent hardening process.

**Saturdays Lot Sale.**

The big lot sale in South East Hickory Saturday was interrupted by the weather, causing a great many of the crowd to get a thorough wetting. Mr. Webb, the auctioneer, in his usual convincing manner had just gotten the audience convinced that the proposition was a good one when the rain came. Twenty lots were disposed of during the sale. We understand that those were fortunate enough to secure these were offered, in some cases, a good substantial premium on their purchases before they left the grounds. Several applications were made for lots at private sale but these were refused as the gentlemen who had the sale in charge will hold an auction for the remaining thirty four lots at 2 o'clock next Saturday the 21st.

Mr. Matlocks of the Lenoir Realty and Insurance Co., had placed so much effort in the successful sale of the lots that we especially regret the interruption on their account. This is an enterprising Company and are the means of being of benefit to any town where they do business. We trust that the sale will have fair weather and a good attendance next Saturday. It is always in order to extend the advice that Mr. Webb said he had extended to him and that is "When it rains let it rain."

**A DEMOCRATIC LOVE FEAST.**

Caldwell's County Convention—The most Harmonious and Enthusiastic in its History.

The Democratic Convention which met at the court house in Lenoir Monday at eleven o'clock registered the high water mark as far as enthusiasm harmony and party feeling is concerned. It was generally known that Hon. R. N. Hackett Democratic candidate for Congress from the eighth district would be present and address the voters and this no doubt proved a drawing card at least to those who were not directly interested or were delegates. The convention hall was crowded almost to suffocation from the time when Chairman Hon. W. C. Newland called the convention to order until the last word spoken by Hon. R. N. Hackett whose address was last in the days business was uttered. Of Mr. Hackett's speech it is only necessary to say that he spoke in his usual eloquent and forcible manner. He severely arranged his opponent who as he said, "misrepresents the people of the eighth district in Congress." Mr. Blackburn was in Lenoir during the time Mr. Hackett was speaking, but made himself scarce in the immediate vicinity of the speaker or more particularly the convention hall, and as a certain voter remarked after the speech "—if I blame him."

Of the ticket nominated it is sufficient to say Caldwell never had a better, nor was there ever better feeling manifested in a convention during the conventions or after.

There was some little spirit manifested in the race for place on the ticket, but it is safe to say that there is not a sore spot left anywhere. Chairman Hon. W. C. Newland presided with dignity and force. His rubbings were just, his speech of acceptance, eloquent and to the point. Judge W. L. Wakefield and Capt. Edmund Jones made characteristic speeches and were heard with pleasure and enthusiasm. Caldwell is certainly in shape to win if the representative body of democrats present; the enthusiasm manifested and harmony prevailing indicates anything.

Following is the ticket nominated:

- For Representative  
Hon. J. V. McCall,
- Clerk of Superior Court  
W. H. Cloyd.
- Sheriff  
J. A. Triplett.
- Treasurer  
J. W. Thomas.
- Register of Deeds  
Job. V. Cook.
- Surveyor  
J. V. Glass.
- Coroner  
Dr. Lawrence Coffey.
- Commissioners  
J. M. Barneardt,  
W. A. McCall.

The Blackburnites will however be given the privilege of throwing up their hats and hurrahing for Butler-Adams.

They will also be privileged to cast their votes for the nominees whom Butler-Adams has chosen for them. This will be a great privilege—one to be eagerly sought. In due time if the Blackburnites will beg forgiveness and make public profession of repentance, they may once more be received into Butler Adams fellowship and may secure a few stray crumbs of federal patronage, such as the positions of coroner or surveyor.

**What is a Backache?**

IT IS NATURE'S WARNING TO WOMEN  
Diseases of Woman's Organism Cured and Consequent Pain Stopped by Lydia E. Pinkham's Vegetable Compound.

"It seems as though my back would break." Women use these words over and over again, but continue to drag along and suffer with aches in the small of the back, pain low down in the side, "bearing-down" pains, nervousness and no ambition for any task.

Miss Maude Morris

They do not realize that the back is the main spring of woman's organism, and quickly indicates by aching a diseased condition of the female organs or kidneys, and that the aches and pains will continue until the cause is removed.

Lydia E. Pinkham's Vegetable Compound has been for many years the one and only effective remedy in such cases. It speedily cures female and kidney disorders and restores the female organs to a healthy condition.

"I have suffered with female troubles for over two years, suffering intense pain each month, my back ached until it seemed as though it would break, and I felt so weak all over that I did not find strength to attend to my work but had to stay in bed a large part of the first two or three days every month. I would have sleepless nights, bad dreams and severe headaches. All this undermined my health.

"We consulted an old family physician, who advised that I try Lydia E. Pinkham's Vegetable Compound. I began taking it regularly and soon found that I could sleep and eat better than I had done for months. Within two months I became regular and I no longer suffer from backache or pain."—Miss Maude Morris, Sec. Ladies' Aid and Mission Society, 25 E. Hunter St., Atlanta, Ga.

**A Quiet Wedding.**

Mr. Henry F. Keever of this city, and Miss Lillie Bolch, of the county, were quietly married Sunday night at 9:30 o'clock at the Reformed church, Rev. J. L. Murphy officiating. There were only a few friends present at the ceremony. The couple went immediately to Mr. Keever's residence where they will reside in the future. Many friends wish them much success in life.

Mr. Elon Henkel, of New Market, Va., made the Democrat a most pleasant call Monday evening. He had attended a meeting of the United Lutheran Synod of the South, also visited friends in Lenoir. Mr. Henkel is editor of the Shenandoah Valley newspaper man of long time experience though a young man in years. He is a North Carolinian by birth and is one of the boys when with us. Its always our pleasure to meet a gentleman of the type Mr. Henkel.

**Eagle Overalls, The Overall That Lasts.**

Made and Guaranteed by

**Lenoir Clothing Factory**

A chance for merchants to save money.

We are now making as high grade Overalls as are made anywhere and we are selling them for less money than the same grade of goods can be procured elsewhere. We ask the merchants far and near to let us prove the truth of this assertion to them. We hope no merchant will come to Lenoir without calling on us. We know we have as good overalls as he can find and that we can save him money on them.

When we organized this business we knew we could make it prove a boon to the merchants of this section. We knew that the cost of manufacturing is such that by selling direct to the merchants we could make these goods cost them less than the products of any house selling through jobbers. We have proved this idea to be correct. We have done but very little drumming, and yet the demand for our goods has been greater than we could supply. THERE MUST BE A REASON WHEN A NEW ENTERPRISE SUCCEEDS THIS WAY!

We now have SOMETHING NEW—Something better than we have ever offered before. We are making a dollar overall now that we believe to be the best thing of the kind that we have ever seen. Anyway it has aroused much interest where it has been shown. And one of the interesting things

about it is that we sell it about fifty cents less in the dozen than such goods can be bought of any jobber. Our goods are as we represent them. If any merchant fails to find them so, we will take them back and never say a word.

We expect to make this business one of the largest in this section of the country. Just now we are running eighteen machines. In a few days we will be running twenty-five. In about two weeks a company will be organized, and we expect to soon run sixty to seventy-five machines.

RIGHT NOW we need six good hands to sew. Will need ten more in a few days. Expect to need forty or fifty more right soon. Will pay three dollars to six dollars per week. GIRLS WHO WANT TO WORK HAD BETTER APPLY AT ONCE.

The demand for our goods is great, and it will be sometime before our salesman will get around to see all the merchants of this section. So we will say to them that if they will call on us at the factory, we will treat them right and make them glad they came.

Names of Stockholders of the company to be organized: Henry Daab, Mgr., John Daab, A. B. Daab, Michael Daab, Frank Daab and Charley Daab.
