## Clinard and Lyerly.

WANTED.

We want some poles 30 feet in length, 6 inches across at top and as small at the butt as can be—long slim poles for electric wires. They must be cleared free of the bark and delivered in Hickory for which 70 cents a pole will be paid. This is the right time for poplar poles or chestnut oak poles to be cut. A few of them may be only 25 feet. Cut long straight poplar saplings at once, cut the bark off with a draw knife and haul them to us immediately.

Hickory should have a Fair. It is one of the most progressive towns, and Catawba is one of the most progressive county's in the State.

## Society News.

In spite of the inclement weather, Wednesday afternoon, the 3rd, the initial meeting for the year of the Round Dozen Book Club was very cozy and enjoyable with Mrs. Blackwelder as hostess. The book discussed was "The One Woman."

The Travellers' Club held its first meeting of the new series Thursday, the 4th, at the home of the President, Mrs. C. C. Bost. Twenty-one members were present. The work for the year is "Charles Dickens and Some of His Friends." After quotations from Addison, a very able paper on Early English Novelists by Miss Geitner was enjoyed. Dickens' Place in English Literature was interestingly treated by Mrs. Bost. Mrs. Cline's reading: The Flower of Youth concluded a delightful program. Several subjects were discussed, but perhaps the most enjoyed were ice cream, angel cake and fruit. Mrs. Royster presented each member with a souvenir picture of some one of Dickens Characters, bought at The Old Curiosity Shop in London during her recent trip to Europe.

Mrs. W. L. Clinard entertained a few friends at Bridge whist Thursday afternoon, the 4th, at The Inn.

## At the Reformed Church.

## The Best Guaranty of Merit Is Open Publicity.

Every bottle of Dr. Pierce's world-famed medicines leaving the great laboratory at Buffalo, N. Y., is printed upon its wrapper all the ingredients entering into its composition. This fact alone places Dr. Pierce's Family Medicines in a class all by themselves. They cannot be classed with patent or secret medicines because they are neither. This is why so many unprejudiced physicians prescribe them and recommend them to their patients. They know what they are composed of, and that the ingredients are those endorsed by the most eminent medical authorities.

The further fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach tonic, liver invigorator, heart regulator and blood purifier, nor his "Favorite Prescription" for weak, overworked, broken-down, nervous women, contains any alcohol, also entitles them to a place all by themselves.

Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a better solvent and preservative of the medicinal principles residing in our indigenous, or native, medicinal plants than is alcohol; and, furthermore, that it possesses valuable medicinal properties of its own, being demulcent, nutritive, antiseptic, and a most efficient anodyne.

Neither of the above medicines contains alcohol, or any harmful, habit-forming drug, so will be seen from a glance at the formula printed on each bottle's wrapper. They are safe to use and potent to cure.

Not only do physicians prescribe the above, non-secret medicines largely, but the intelligent people employ them—people who would not think of using the ordinary patent, or secret medicines. Every ingredient entering into the composition of Dr. Pierce's medicines has the strongest kind of an endorsement from leading medical writers of the several schools of practice. No other medicines put up for like purposes has any such professional endorsement.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good." Easy to take as candy.

for some time; head has ached and back also; has slept poorly, been quite nervous, and nearly fainted once or twice; head dizzy, and heart beats very fast; then that bearing-down feeling, and during her periods she is exceedingly despondent. Nothing pleases her. Her doctor says: "Cheer up; you have dyspepsia; you will be all right soon."

But she doesn't get "all right," and hope vanishes; then come the brooding, morbid, melancholy, everlasting BLUES.

Don't wait until your sufferings have driven you to despair, with your nerves all shattered and your courage gone, but take Lydia E. Pinkham's Vegetable Compound. See what it did for Mrs. Rosa Adams, of 819 12th Street, Louisville, Ky., niece of the late General Roger Hanson, U.S.A. She writes:

Dear Mrs. Pinkham:—I cannot tell you with pen and ink what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered with female troubles, extreme lameness, the blues, nervousness and that all-evil feeling. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it not only cured my female derangement, but it has restored me to perfect health and strength. The buoyancy of my younger days has returned, and I do not fear any longer with despondency, as I did before. I consider Lydia E. Pinkham's Vegetable Compound a boon to sick and suffering women.

If you have some derangement of the female organism write Mrs. Pinkham, Lynn, Mass., for advice.
