

THE Germantown Times has entered upon its second volume, and with the new volume comes a new management, with E. J. Styres, publisher, W. B. Harris, editor. It has a liberal advertising patronage and ought to have a good circulation.

REV. DR. STARR, a Methodist minister at Danville, Va., is the last man to tackle the secular press. Let him be who he may, the man who tackles the secular press in an abusive way generally gets the "fling" thrown back on his own head. We admire the decent way the Richmond State handles the subject.

THE Public Ledger, of Philadelphia, has passed a good long step into its 104th volume; and has lately put in \$120,000 worth of machinery, consisting of 3 printing machines costing \$40,000 each, which will print 117,000 copies of an eight page paper complete in one hour. Speaking of the improvements, editorially, the "Ledger" thinks it will be many years, before a machine with a greater capacity will be put in operation.

ONE Miller, of Philadelphia, a minister and physician, was sentenced to seven years in the penitentiary last week for criminal malpractice on one Mrs. Robinson. When the judge was about to pass sentence upon him, he begged the judge for mercy, promising to quit medical work if he would release him. The judge's reply was that the "sympathy he felt for him would in no way prevent him from doing his duty" and justly sentenced Miller as above.

LEWIS'S LETTER.

Correspondence from the Country's Capital.

[Special to the News and Farm.]

WASHINGTON, D. C., Oct. 25.—Having been "out of town for three weeks I have been unable to furnish the NEWS AND FARM, during that period, with its customary Washington letter.

In the course of my travels through Virginia I found there an unusual state of political activity, for an "off year." Once again Mahone is the issue. The Legislature soon to be chosen, will elect the successor of Senator Riddleberger, whose term expires March 4th '89, and if the Republicans carry the legislature Mahone will succeed him. That wily politician is straining every nerve, physically, mentally, politically and financially to once again hoist his 90 avirdupois into the U. S. Senate. Whether he will be able to do it, remains to be seen.

HOME AGAIN.

Well, the Presidential party have returned to Washington.

For three weeks they were showered with star-spangled hospitality and their reception everywhere was luncheon, gilt-edged, skyrockets and complete. As a presidential pair, Grover and Frances are an immense success—especially "the tail end of the ticket"—and it must be comprehensible to the dullest wit that the White House intends to claim them as its own for another term. The toughest job the Republican party ever undertook, will be the materialization of a ticket that will be able to stand any sort of show against Grover and Frances—Grover, especially, and Frances most particularly—and the aforesaid r. p. is fast becoming alive to that glaring fact.

[Postscript.—For further information, see election returns of Nov. 1888. "No extra charge for reserved seats."

JARVIS-RANSOM JARBER.

A popular topic of discussion among the North Carolinians here is the next Senatorship. It is agreed on all sides that ex-Governor Jarvis will resign his Brazilian mission in the early part of next year and return to North Carolina for the purpose of contesting Senator Ransom's reelection. There are likely to be several other Richmonds in the field, notable Hon. A. M. Waddell. The fight promises to be an interesting affair and the man who beats Matt Ransom will have to get up tolerably early on the morning of "election day." The report to the effect that Mr. Jarvis will be nominated for governor is hardly correct.

EX-REPRESENTATIVE REID.

is still in Washington, attending to some private business. He is looking well, and is the same affable gentleman and brilliant lawyer of yore. He has a great many friends

here who take occasion to frequently call upon him. They all wish him well and hope that he may prosper and be honored in the coming years as he has been in the past.

A CELEBRATED CASE.

The New York "World" has used its detective bureau to good account if it has really discovered and caused the arrest of the murderers of Treasurer Barron of the Dexter (Me.) savings bank. This murder aroused the widest interest at the time of its occurrence, nine years ago last February, and detectives of some reputation took a hand at unraveling the mystery. The treasurer, it may be recalled, was found unconscious and dying, on the floor of the vault of the bank, with his head badly bruised, his arms pinned and a gag in his mouth. As very little money had been stolen from the safe, a suspicion got afloat that Barron had committed suicide because his accounts were not all right; and an expert demonstrated by a performance of his own that it was entirely possible for a man to put himself unaided into the condition in which he was found. Public opinion was divided, and the two sides were maintained with acrimony. Barron's successor in the trusteeship, after a long interval, issued a circular to the depositors in behalf of the trustees, asserting in substance that the dead man was a defaulter, and that the only hope of getting back even a part of the money he owed the bank lay in the success of a suit against his estate. Under the cruel burden of such a doubt the reputation of Barron has lain till now his widow and son suffering great distress in consequence. Should the "World's" discoveries lead to the conviction of the men now under arrest, the case will become one of the most astonishing on record as an example of the sure though tardy victory of justice.

EX-CONGRESSMAN COX.

The appointment of Assistant Secretary of the State will be made in a few days, it is thought, and we are all hoping that Gen. W. R. Cox will receive it. Mr. Bayard is said to have made his selection and now that the President has returned, he is expected to formally name him this week.

PENCIL PARINGS.

The case of the Chicago anarchists comes up before the Supreme Court of the U. S. on a writ of error next Thursday. Algernon S. Jones and John H. Bell, both of N. C., have been promoted from \$1,000 to \$1,200 clerkships in the Pension office. John McL. Kelly and James P. Smith have been appointed gaugers and storekeepers in the internal revenue service in North Carolina 4th district.

STATE NEWS.

Culled from our Contemporaries and Received by Special Communications. Gov. Fitz. Lee will attend the Waldon Fair. There is talk of a railroad from Oxford to Raleigh. Rice growers expect an advance in price this winter; a short crop. Joseph Newman of Wilmington died this week, aged 77 years. The N. C. Board of Education met at Raleigh Tuesday. Raleigh will have a grand \$1000 premium tobacco sale Nov. 4th. Oxford has sold over one million pounds of new tobacco this season. Mrs. Goodale, the temperance lecturer, lectured in Wilmington Wednesday night. Benny Lyon of Durham fell from a trapeze Saturday last breaking both arms. Dr. J. E. Mathews president of N. C. Dental Association has moved from Kernersville to Wilmington. The Cumberland county Agricultural society will hold its 25 annual Fair 9th, 10th and 11th of Nov. Mr. James Poe, an excellent citizen of Chatham county was killed last week by a horse power of a cotton gin. A little child of Mr. Sol O'Brian of Person county was badly used up by a young mule biting and pawing it. Rev. Theo. Whitefield pastor of the New Bern Baptist church has been called to Richmond, Va. Mr. E. G. Horrell of Raleigh has been elected secretary of the N. C. Agricultural Society. W. G. Upchurch was re-elected President. There is a young lady in Chatham county who makes cutlery equal to any in quality of metal, she is an invalid and does this work for a livelihood, her name is Naomi Smith, Bymun's P. O.

The negro lawyer Canady of Oxford who fleeced so many negroes in Greenville, Franklin and Wake by pretending to lead them money, got about \$500.00 from negroes in Franklin county. Catch him, if you can.

In Brief, and to the Point.

Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature. The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order. Greasy food, tough food, sloppy food, bad cooking, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics. But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy. Remember—No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

Diseases Of The Stomach

The Liver, Kidneys, and Bowels, originate in impure blood. When the action of these organs is impaired, the general health becomes endangered, and prompt treatment is indispensable. For the cure of these diseases, and all disorders of the blood, the most effective and economical medicine is Ayer's Sarsaparilla.

I have endured suffering enough, with a disease of the Liver and

Kidneys

to kill a dozen men. Ayer's Sarsaparilla has entirely cured me.—Wm. H. Mulvin, 123 Northampton st., Boston, Mass.

I suffered greatly from Kidney Complaint, for two years. After trying many remedies, without relief, I took Ayer's Sarsaparilla, and was cured.—M. H. Disney, Attleborough, Mass.

For several years I suffered from Dyspepsia and Kidney Complaint, the latter being so severe, at times, that I could scarcely attend to my work. My appetite was poor, and I was much emaciated; but by taking Ayer's Sarsaparilla, my health has been perfectly restored.—John McEllan, Bridge and Third sts., Lowell, Mass.

Cured

me of Kidney Complaint, from which I had suffered for years. It is the most effective remedy ever used.—Philip G. Raymond, Dublin, Minn.

Ayer's Sarsaparilla cured me of Kidney Disease when all other remedies failed. It is the best of remedies for this complaint.—Ed. Dodd, Xenia, Ill.

I was a long time under treatment for Heart Disease, and an affection of the Kidneys, but grew worse continually. I finally began using Ayer's Sarsaparilla, and, after taking a number of bottles of this medicine, the difficulties of my heart and kidneys ceased, and I am in better health, every way, than I have been for years.—E. C. Davis, Jamestown, N. Y.

A disordered condition of the Stomach, Liver, and Kidneys, afflicted me for years, and I never found any medicine to relieve me, until I commenced taking

Ayer's Sarsaparilla,

sarsaparilla. Less than six bottles of this remedy cured me.—R. Wild, Hutto, Tex.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

I suffered greatly, for over two years, with a disordered Stomach

And Liver

and obtained no relief until I commenced taking Ayer's Sarsaparilla. This medicine has restored my health.—Mrs. M. F. Hamblitt, Lawrence st., Lowell, Mass.

I have used Ayer's Sarsaparilla, in my family, for years. As a blood purifier it has no equal. It proves invaluable in diseases of the Stomach and Liver.—J. I. Stoddard, Parkersburg, W. Va.

My wife was long subject to severe Headaches, the result of stomach and liver disorders. After trying various remedies, without relief, she used Ayer's Sarsaparilla, and, in a short time, was cured.—S. Page, 21 Austin st., Lowell, Mass.

I gratefully certify that I have been cured of liver and stomach troubles

By Taking

Ayer's Sarsaparilla. I was sick, for a number of years, with these complaints; suffered from Headache, Dizziness, Loss of Appetite, Dyspepsia, and Debility, and finally became so weak that I was utterly unfit for business of any kind. Neither of the remedies I tried seemed to relieve me, and I had given up all hope of being well again, when a friend recommended me to take Ayer's Sarsaparilla. I commenced using this medicine, and, after taking a few bottles, was completely cured. My liver and stomach are now in a healthy condition, performing their functions naturally.—D. M. Ross, Bucksport, Me.

For a number of years I suffered with Dry Salt-Rheum. I tried various mineral springs, but neither these nor physicians did me any good. Upon the recommendation of a friend I commenced taking Ayer's Sar-

apilla. In a few months, was cured.—Geo. J. Peck, West Meriden, Conn.

Sold by all druggists. Price \$1; six bottles, \$5

Wheat Fertilizer

MADE ANYWHERE!

As Cheap as Any.

It has been thoroughly tested and never found wanting. Try it on your wheat land and be convinced.

TESTIMONIALS:

KERNERSVILLE, N. C., July 30, 1887.

I bought of James Crews last fall ten sacks of NAVASSA GUANO which I sowed on twelve and half acres of Wheat, it done as well or better than any I ever used before. I will use it again.

J. W. CREWS—I used NAVASSA GUANO bought of you at the rate of 200 lbs. per acre on common land and it made a yield of something like 10-bushels white—Brand used on the same field in same quantity a little later did not produce one-half the yield. KERNERSVILLE, N. C. T. C. STARRUB.
