LINCOLN, N. C. JAN. 30, 1891

CROSS AND WHITE PARDONED.

Last week at the solicitation of many petitioners and of the wives of the two criminals, the Governor issued a pardon for Messrs. Cross and White, whose case is well known to the people of the State.

There seems to be a strong feeling about Raleigh in favor of their pardon.

The Governor's Finding. The following entries were made by the Governor in relation to the case:

"The pardon was filed January the 22d, in the name of Chas E. Cross and Samuel C White. The crime committed was forgery and other offences, in all eleven cases. Sentence, seven years as to Cross, and five years as to White, at hard labor in the Wake county work-house."

Reasons for Pardon. The reasons given for the pardon, there was no preconceived purpose to defraud or obtain personal advantages, but it was an attempt to sink him by an unwarranted means and unlawful practices. In a fit of desperation and failure they succumbed to the temptation and fled, carry money with them that belonged to others, almost all of which was afterwards surrendered by them.

The former character of these men and their action after the offences were committed, show that they do not belong to the criminal class in the ordinary acceptance of the term, and considering the punishment already suffered and the recommendations of so many of the members of both of the co-ordinate branches of the Government, as well as of my associates in the Executive Department and of many very excellent citizens, I think it right to order the pardons to issue.

DANIEL G. FOWLE, Governor.

THE NEWS & OBSERVER and STATE CHRONICLE at Raleigh are still having some pretty hard words over the public printing. The General Assembly last week re-elected Mr. Daniels, of the Chronicle, public printer. Capt. Ashe, of the News & Observer, had proposed to take the printing at 15 per cent. less than it has been done heretofore, but taking into consideration party service and some other things, the Legislators saw fit to give it to Mr. Daniels again. Mr. Daniels has been calling Capt. Ashe the "dog-in-the-manger," and the Captain returns the compliment by naming Mr. Daniels the "blatant patriot." We do not know who has the best of it in the verbal controversy, but it seems that Mr. Daniels has got the "coon and gone on" as to the printing. Wish we had the job of printing!

THE U. S. SENATE has virtually defeated the Force Bill by setting it aside to take up the apportionment bill, by a vote of 35 to 34. There is great rejoicing among Democrats throughout the country. The Democrats had the aid of only 6 Republicans to secure this result. Senator Ingalls is quoted as saying that the great blunder of his life was voting for the tariff bill. No it wasn't. The great blunder of his life was being born.—W. L. Star.

For extravagance, the record of the second session of the Fifty-first Congress is unsurpassed. The appropriations voted already reach

\$160,000,000 while only three appropriation bills have been put through.—N. Y. Star, Dem.

Lee's Birthday.

Mr. Williams' bill making Gen. R. E. Lee's birthday a legal holiday was taken up last Saturday.

Mr. Williams said that this bill is to commemorate the name of one of the greatest men known to history. He was certainly the greatest warrior who has ever lived. His character was spotless. He possessed magnetism as no other man known to the world had possessed. It is not his heroism so much that we would like to bring before the youth of the land, as his devotion to duty. We have very few holidays in this country, and he thought it wise and fitting to have days upon which our people would assemble and talk about the great men who have made our history illustrious. The bill passed without a dissenting vote.—State Chronicle.

Farmers' Legislature.

The old political stagers of this State got themselves in good trim to laugh heartily over the "absurd" doings of a farmers' legislature. But up to the present time the funny part of the programme has not been forthcoming. There has been no attempt upon the part of the farmers in the General Assembly to ostracize lawyers, or any other class of professional men. The legislation presented so far is not covered with hayseed, as was expected; and we know, from a personal inspection that there is not a single member of the legislature who wears homespun breeches stuffed into cowhide boots. Numbers of men, and some of them lawyers, have told us that a better looking, more conservative, more sensible set of men than the present legislature has seldom, if ever, been assembled under the dome of the State House. We are perfectly sure that the interests of the people are safe in the hands of the present legislature, and we are unfeignedly proud of the record our friends are making in the present General Assembly.—Progressive Farmer.

Honor to Whom Honor is Due.

It seems that there are still some persons in this world that have ears and hear not and that have eyes but see not. Upon the minds of such and all other sane persons we wish to again impress the glaring fact that we, C. H. Little, are running this paper. We are running it according to the dictates of our own conscience, uninfluenced by anyone. If there is anything in it you don't like and you want to "horsewhip" the editor or to "cuss" him out, remember C. H. Little is the man you want to see. On the other hand if you have seen anything good in this paper and want to make the editor a present or to gently whisper some kind of consoling words in his ear don't forget that C. H. Little is the man you are looking for. All who have been troubling their souls and passing sleepless nights over the authorship of certain editorials in this paper will please look at the top of the editorial columns and see the name of the editor and put it in their pipes and smoke it, or, if they don't smoke, paste it in their hats that the editor wrote them.—Dallas Eagle.

A Card From Dr. Abernethy.

ED. COURIER:—Prof. J. S. Leonard of Statesville, authorized me to state that he will give one of his fine Parlor Organs to the person who donates the largest amount of money to me for rebuilding the Rutherford College, between Feb. 1st and July 1st 1891.

Here is a good chance for some one to do a great good, and procure a fine musical instrument. Will not some young ladie go to work to get up the money and secure the organ? I will record all the moneys received, and early in July announce the successful competitor.

Will other papers please copy? Yours Truly, R. L. Abernethy, Pres. of R. College, N. C.

Wonders

Are wrought by the use of Ayer's Hair Vigor in restoring gray hair to its original color, promoting a new growth, preventing the hair from falling, keeping it soft, silky, and abundant, and the scalp cool, healthy, and free from dandruff or humors. The universal testimony is that this preparation has no equal as a dressing, and is, therefore, indispensable to every well-furnished toilet.

"I have used Ayer's Hair Vigor for some time and it has worked wonders for me. I was troubled with dandruff and was rapidly becoming bald; but since using the Vigor my hair is perfectly clear of dandruff, the hair has ceased coming out, and I now have a good growth, of the same color as when I was a young woman. I can heartily recommend it to any one suffering from dandruff or loss of hair to use Ayer's Hair Vigor as a dressing."—Mrs. Lydia O. Moody, East Pittsboro, Me.

"Some time ago my wife's hair began to come out quite freely.

Ayer's Hair Vigor

not only prevented my wife from becoming bald, but it also caused an entirely new growth of hair. I am ready to certify to this statement before a justice of the peace."—H. Hulsebus, Lewisburgh, Iowa.

"Some years ago, after a severe attack of skin fever, my hair came out. I used such preparations for restoring it as my physicians ordered, but failed to produce a growth of hair. I then tried, successively, several articles recommended by druggists, and all alike failed to do me any good. The desired result. The last remedy I applied was Ayer's Hair Vigor, which brought a growth of hair in a few weeks. I think I used eight bottles in two years; more than was necessary as a restorative, but I liked it as a dressing, and have continued to use it for that purpose. I believe Ayer's Hair Vigor possesses virtues far above those of any similar preparation now on the market."—Vincent Jones, Richmond, Ind.

We are prepared to offer to the trade a full stock of Charlotte Ammoniated Guano, Charlotte Acid Phosphate, German Kainit and Cotton Seed Meal, which we are selling at lowest manufacturer's prices.

Last year our brands of Fertilizers proved not only by the analysis, but also by actual experiments of the farmers, to be equal to the very highest grades sold in the State, and this year you will find our analysis even higher. We advise our friends in making contracts to examine the analysis. Some parties are selling very low grade Fertilizer at high grades prices. It is cheapest to buy the best. Most manufacturing companies will make you any grade you want. Acid Phosphate is sold entirely on the per cent. of available phosphoric acid, and Guano by the per cent. of ammonia, phosphoric acid and potash. Examine our analysis, and get our prices before buying, as we will not be undersold.

Charlotte Acid Phosphate runs 14 1/2 per cent. phosphoric acid. We guarantee it to run not less than 13 per cent.

Charlotte Ammoniated Guano runs 2 1/2 per cent. available ammonia; 10.2 per cent. available phosphoric acid; 23 per cent. available potash; and our guarantee is that it will run not less than 21 per cent. ammonia; 11 per cent. potash; 5 per cent. of phosphoric acid.

We have agents at almost every station in this section of the country who will sell you at our lowest prices.
