

or supplies of any kind; in fact, when you have any aind of want that is to be filled, you will find that it will be greatly to your advantage to send grompt information to the Manufacturers' Record specifying just what you need. By doing this your wants will be made known turmediately to thousands of man placturers and dealers in all parts of the country who are in a position to supply anything you want. You will thus have the benefit of com per tive prices and a larger selection than you could otherwise obtain, except by very extensive correspondence.

The Manufactureers' Record will render you this aid in purchasing without any charge whatever for neither buys nor sells machinery. but it has hundreds of advertisers who would be glad to have your orders, and that paper makes a specialty of showing them where onvers are. It makes no difference whether you are a subscriber to th Manufacturers' Record or not, its services are at your disposal. If you want machinery, tools, matertal of any kind, let it know your want and it will meet it. It bids are wanted for public buildings, municipal improvements of any kind, electric light works, water works. etc., or if you contemplate building a new factory or enlarging an old one, developing a coal mine, building a saw mill or doing any thing else where machinery is needed, write to the Manufacturers' Record and give particulars, even if only a few lines on a postal card, if you know of any new industry to be established, or if business is improving, write to the Manufacturers' Record and tell about it. In tact, the Man'fs' Record wants any information you can give about every. thing that relates to the manufactusing, mining, railroad or general business interests of any part of the South. A sample copy of the paper will be mailed you upon application. Address Richard H. Ed. monds, editor Man'fs Record, Baltimore, Md.
