—The excavation just beyond Cornwell's shop, on a piece of property belonging to the town, if kept up will eventually spoil a beautiful building lot. Let the excavation extend upward instead of downward, and the lot will be preserved. Lincolnton will not always sleep.

—Mr. J. T. DeLone tells us that the dog got among his sheep and killed several of them. The dogs were killed by the consent of the owner, Mr. R. G. Rutledge. If all men would act like Mr. Rutledge, we should, in a short time, have more sheep and fewer dogs.

—Important Industry. The canning industry of our town is an important factor in our progress. Mr. J. Thos. McLean began the business here a year or two ago and it now promises to be profitable. Blackberries and tomatoes will be the principal fruits canned this year. We are proud of this industry in our town and hope to see it expand.

Death of Capt. Connelly:

John L. Connelly, conductor on the C. & L. R. R., aged about 24 years, died of typhoid fever at the residence of his mother at Lenoir, N. C., on last Thursday. He was a member of the Methodist church, and a good man. The train of which he had charge was draped in mourning for him. We extend sympathy to the bereaved.

Prof. J. C. Schuyler.

Last week we published a short item about Mr. Schuyler that does him a great injustice, and we wish to set ourselves and Mr. Schuyler right. We were informed that he left this place at night to avoid paying some debts. The parties that moved him preferred night time. Mr. Schuyler got only a small portion of his money obtained in the libel suit referred to. He paid, we are told, as far as he could with the amount received. We thought him an honorable man and we make this statement without having seen or heard from Mr. Schuyler at all.

An Unfortunate Affair.

On last Friday, Joe Gibson, of "The Gibson Headlight," aged 14 years, shot and killed a negro boy named Will Davis. Young Gibson, as the story goes, had lost a scarf pin worth 5 cents. The colored boy found it and brought it to Gibson, who accused the boy of stealing the pin. The boy said he did not steal it, and started off saying: "Well, when you feel like paying me a nickel, you can do so." Gibson said, "I'll give you a nickel and more, too," and went into the house. A pistol report was soon heard and the negro lay weltering in blood. Young Gibson escaped and his whereabouts are unknown.

The Why and Wherefore.

There is something marvelous in the fact that Hood's Sarsaparilla should cure so many diseases. When you consider that a majority of the diseases which are due to impure blood, a condition of the blood, which Hood's Sarsaparilla purifies, the whole thing is explained.

Besides its blood purifying qualities, Hood's Sarsaparilla also contains the best known vegetable purgative, cathartic, kidney remedies and liver invigorants, and is thus an excellent specific for all disorders of these organs, as well as for low condition of the system, or Tonic Tired Feeling.

An Old Coin.

The old coins that have been lying dormant for so many years have been forced by the stringency of the times to show themselves. Henry Taylor, our barber, showed us a 50c piece dated 1811, that looked as if it had been resting a long time. When a rabbit gets into a hollow tree you can smoke him out if you cannot move him in any other way.

How's This!

We offer One Hundred Dollars reward for any case of Catarrh that cannot be cured by Hall's Catarrh cure.

Hood's is Good Makes Pure Blood

Scrofula Thoroughly Eradicated. "C. I. Hood & Co., Lowell, Mass. It is with pleasure that I give you the details of our little May's sickness and her return to health by the use of Hood's Sarsaparilla. She was taken down with Fever and a Bad Cough.

Following this a sore came on her right side between the two lower ribs. In a short time another broke on the left side. She would take spells of sore mouth and when we had succeeded in overcoming this she would suffer with attacks of high fever and expect bloody looking corruption. Her head was affected and matter oozed from her ears. After each attack she became worse and all treatment failed to give her relief until we began to use Hood's Sarsaparilla. After she had taken one-half bottle we could see that she was better. We continued until she had taken three bottles. Now she looks like
