> J. M. ROBERTS Asheville, N U. MONEY IS NEEDED

This office is an need of money to pay current expenses. We have waited patiently for a long t me. If you are not able to meet your bills in full, perhaps you can in part. We do not want to make any debts. We are economical in our living, and our dress will testity that we are not at-all extravagant in that line. Now gentlemen come up with your mites and relieve our necessities.

EDITOR. A SUGGESTION.

We met Cheit Justice Fuller on the train a short while ago and he suggested something to us that no doubt would be well to carry out. The lot upon which the Governor's Mansion at Raleigh is built is a beautiful one, and there is just room enough for two trees from each county in the state to he set out. Now let each county select two trees, at the proper season, and have them sent to Raleigh and set out, and let a rec and be made of them in such a way that visitors to Raleigh' may know where to find the trees from their county. We do not know what steps will be taken in this matter but if the plan is carried out we would like to suggest' that that Lincoln county send an elm and sweet gum, Both are hardy trees and the gum, if properly cared for, could be made quite ornamental. We would be glad to have an opinion from the Press of the state upon this subject.

Lincointon's as Mic Might Be.

There is no fown in North Carcima better panated in every particular than is the town in Lincolnton. The climate is all that could be asked. Her railroad facilities are good and her people are intelligent, but the spirit of improvement is pot what it ought to be. Her people have comfortable homes though many of therh are rather incient in appearance.

A line seems to have been drawn in days that are past to which she aspired. She has reached that line and seems loath to step across. We want to see new life exhibited. and there are some things badly needed that are yet to come. The town needs a system of water works which might be had without detriment to any of the citizens. There are many old buildings near the public square that have become too angient to be entirely safe. One-little spark during a dry season may, ere long, snow the wisdom of preparing for war in time of peace. We have excellent water near town that could be brought here with but little expense, and if the contents of all

A wonderful bit of humanity has taken up its abode at 154 Orchard street. This little girl baby was born on Saturday without eyes or option herve.

As if this unfortunate condition of affairs was not enough, the baby is afflicted with more fingers than is usually given to mankind. In time to any irregularity of the Stomach, Liver, or Bowels may prevent serious consequences. Indigestion, costiveness. headache, nau-sea, bilious-ness, and ver-tigo indicate certain functional derangements, the best

remedy for which is Ayer's Pills. Purely vegetable, sugar-coated, easy to take and quick to assimilate, this is the ideal family medicine-the most popular, safe, and useful aperient in pharmacy. Mrs. M. A. Brockwell, Harris, Tenn., says:

"Ayer's Cathartic Pills cured me of sick headache and my husband of neuralgia. We think there is

No Better Medicine, and have induced many to use it.

"Thirty-five years ago this Spring, I was run down by hard work and a succession of colds, which made me so feeble that it was an effort for me to walk. I consulted the doctors, but kept sinking lower until I had given up all hope of ever being better. Happening to be in a store, one day, where medicines were sold, the proprietor noticed my weak and sickly appearance, and, after a few questions as to my health, recommended me to try Ayer's Pills. I had little faith in these or any other medicine, but concluded, at last, to take his advice and try a box. Before I had used them all, I was very much better, and two boxes cured me I am now 80 years old; but I believe that if it had not been for Ayer's Pills, I should have been in my grave long ago. I buy 6 boxes every year, which make 210 boxes up to this time, and I would no more be without them than without bread."-H. H. Ingraham, Rockland, Me.
