Washington Letter.

WASHINGTON, Oct. 8, '94.—President Cleveland will unless I am badly mistaken, said an unusually well-informed official of prominence.

One Cent To Get Well.

If you are suffering with any kind of blood disease, Rheumatism, Catarrh, Ulcers, Old Sores, General Debility, etc., write on a postal card to the Botanic Balm Co., Atlanta, Ga. for a book of wonderful cures free.

iliar with the settled policy of President Cleveland. The United States will not join the powers of Europe for the purpose of interfering with Japan, China, or any other foreign nation, simply because it does not believe—under the present administration—in entering into any entangling foreign alliances.

There has been quite a storm among the republican leaders, because of the report that Mr. Babcock, chairman of the republican Congressional campaign committee, was in sympathy with the A. P. A., the latest successor to know-nothingism, and was using the machinery of his committee for the distribution of documents of that organization.

Representative Wilson's health was much benefited by his flying trip to Europe. This week he will return to his district and enter actively upon the work of the campaign.

Kiddie Letter.

NEW YORK for several days, assisting Secretary Lamont, ex-Secretary Whitney and other prominent democrats in bringing about a state of harmony that is absolute.

Hon. Edward F. Uhl, first assistant Secretary of State, who was nominated by the Michigan State Democratic Convention for U. S. Senator to fill the unexpired term of the late Senator Stockbridge, which expires March 4, 1899, and which is now held under temporary appointment by the Governor by Senator Patton, leaves this week for that state.

Secretary Carlisle has officially endorsed the decision of the Board of General Appraisers at New York, and of the collector of Customs at Baltimore, that the entire woolen schedule of the new tariff law goes into effect Jan. 1, 1895.

THE STATEMENT cabled from Europe that the United States would join the great European powers in interfering to prevent the complete subjugation of Japan and China was really amusing to those fam-

He Couldn't Go With Them.

Correspondence from J. Oberlyer Hickory, N. C., Oct. 8.

During the late meeting of the Populist and Republicans in Catawba county, at which they effected a fusion of their principles, (?) there occurred an instance of such brave and manly political courage and honesty that I think worthy of the highest commendation, and shows that while such men as Otto Wilson, A. C. Shuford, Marion Butler and others of this character are willing to swallow all the rottenness of the Republican party of which they used to speak so much for the sake of getting an office, there are hundreds of honest Populists who will not follow them in their utter repudiation and sacrifice of every principle advocated by them two years ago.

Jesse Killian, an intelligent and influential farmer, who lives on the waters of the beautiful South Fork of the Catawba, two years ago was an enthusiastic Alliance-man and Populist and had great weight in the councils of his party. He helped to nominate men who avoted the principles of the Alliance and the People's party, and worked for their election.

The convention met. Republicans and Populists were there talking about the similarity of their principles and advocating fusion. It was agreed to. Jesse Killian protested. It did no good. Old Alliance-men who had heard the late Col. Polk on the corruption of the Republican party, looked each other in the face dazed at the thought. Jesse Killian arose, with indignation in his countenance, and contempt for the unholy proceedings, and made this little but effective speech: "Gentlemen, I did not leave my neighbors and friends two years ago to join the Republican party. Good bye," and left them forever.

Ed. COURIER.

HEAVY rains reached here for the past two weeks and damaged the cotton crop considerably. The people of this place are powerful to talk about hard times. The low price of cotton and the governments are what they are complaining about.

The people of this place have an excellent friend, Mr. J. T. Puntch, who has a magnificent grocery store and a genuine black smith shop.

Mr. Puntch will sell goods to an honest man and will not ask him a hundred questions about his property and debts. Farmers should act more independent about their goods and not wear so many long faces and not grieve over the political parties.

For the first time in his literary career Jerome K. Jerome is about to write directly for an American audience. This work consists of a series of papers similar in vein to his "Idle Thoughts of an Idle Fellow," but addressed to American girls and women.

his hands, and seized his eel and snatched it out of his hands into the water. So it is with the farmers, they get too proud of the price and raise nothing but cotton and it passes from his hands to some merchant's hands for supplies. We should not neglect to fill our granaries with supplies before raising cotton.

A Bad Condition.

A great danger threatens the people of the South. An evil that is steadily growing, and unless checked will cause great misery and suffering. Liver Bilestones, called by all sorts of names, are being sold to the druggist to be handed to the people when they call for Simmons Liver Regulator.

Only the Scars Remain.

Says HENRY HUDSON, of the James Smith Woolen Machinery Co., Philadelphia, Pa., who certifies as follows: "Among the many testimonials which I see in regard to certain medicines performing cures, cleansing the blood, etc., none impress me more than my own case."

Twenty years ago, at the age of 18 years, I had swellings come on my legs, which broke and became running sores. Our family physician could do me no good, and it was feared that the bones would be affected. At last, my good friend, Mr. J. T. Puntch, who has a magnificent grocery store and a genuine black smith shop.
