The Wilmington Star says—'According to statistics on this subject the people of this country have been steadily increasing in numbers and wealth since the year 1800'

The Election is Over—Now to Business. The result of the election is a step towards the goal of our political aspirations.

An Awful Arrangement.

A correspondent of the New York Herald says that the Republicans triumphed in the late election by 'the blackest conspiracy extant in the annals of any civilization'

Washington Letter.

Washington, Nov. 18, '94.—The Democratic Senators and Representatives who have been in Washington since the election have a wish to see the President in a friendly way.

them free to accept the President's recommendations, should they be of such a nature as to be acceptable to the democratic party as a whole, which they are almost certain to be.

Since President Cleveland announced that his annual message to Congress would contain important financial recommendations, based upon Secretary Carlisle's annual report, democrats have been greatly interested in learning the nature of Secretary Carlisle's report, but it is as yet a secret.

A fair result of the election is being made by certain parties to have it appear that President Cleveland has exceeded his constitutional authority in dealing with the proposed mediation of the trouble between Japan and China.

There is little danger that the republicans of the next House will carry out the threat made by some members of their Congressional campaign committee, to throw out the entire Virginia delegation, which is solidly democratic.

Democratic newspaper correspondents, who are as a rule great admirers of Secretary Carlisle, have been in hot water with their editors ever since that bond issue was announced, because they had on the personal authority of Secretary Carlisle, sent out the positive statement that there would be no immediate issue of bonds.

May Have Two Senators.

WASHINGTON, Nov. 14.—It now seems likely that the Democrats will have the two Senators from Utah who are to be elected next year. At first it seemed as if the Constitutional Convention, which will fix the appointment for the Legislature, would be Republican, but later returns made necessary an official court in several districts and the Democrats are now claiming they have a majority of at least one in the Convention and a very good possibility of capturing three or four more seats.

Henry Wilson, the post-master at Welshon Florida, says he cured a case of diarrhoea of long standing in six hours, with one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Lowesville Letter. Ed. Courier.—Miss Laura Lawrence of Catawba, begins the public school here to-day.

Ed. Courier.—Miss Laura Lawrence of Catawba, begins the public school here to-day. She has just closed a three months private school at this place.

Mr. C. S. Lowe, who is with his mother, Mr. S. J. Lowe of Concord, is visiting his mother.

Mr. J. M. Jetton, of Reepsville was down Saturday. The prospect is that a larger crop than usual will be sown.

What is the matter with the price of cotton. It seems as if the 'tition' crowd can't raise the price of anything. Who was it that said if the Rep. Pop. combination carried cotton would sell for 10 cents in ten days—Who?

From the number and frequency of visits paid Triangle by one of our widowers, we conclude that a certain young lady of that place may be persuaded that teaching is not her vocation in life.

Lun Hagar and Miss Lenora Duckworth were married by Rev. J. J. Kennedy, Nov. 15, 1895.

The Marietta Cotton Mill is now running day and night with many orders to fill.

Mr. Yount, county treasurer-elect was down Saturday looking for bondsman.

It seems that fusion did 'fuse' in North Brook township; but it failed here as the democrats gained largely over their vote of '92.

We have been in 'our hole' since Nov. 6, and only venture out on looking to the democrats elected a Constable or two in N. C. Well, the election of '94 certainly went against us, but a Constable here and there beats nothing. Over confidence on the part of democrats seems to be the cause of our defeat in this county. Many were so confident of victory that they did not take time to vote.

We suppose the 'fusionists' will make the Bonds for the county officers elect without the humiliation of asking the HATED DEMOCRATS to help them.

Yours for success. BILL SHANKS, Lowesville, N. C., Nov. 19, '94.

For a pain in the side or chest there is nothing so good as a piece of flannel camphered with Chamberlain's Pain Balm and bound over the seat of pain. It affords prompt and permanent relief and if used in time will often prevent a cold from resulting in pneumonia.

Good Advice Quickly Followed

Cured of Rheumatism by Hood's Sarsaparilla.

"I was taken down with rheumatism over a year ago. I was sick for over six months. When I would have such pains that I could hardly endure them, a friend came to me and advised me to try Hood's Sarsaparilla. I took him at his word and got a bottle of it, and I took three bottles of it."

It Has Cured Me. When the doctors could do me no good whatever, after being benefited so much from this medicine I describe Hood's Sarsaparilla as a wonderful medicine. I also advise every one who is troubled with rheumatism not to be without Hood's Sarsaparilla. I am a farmer, and the medicine has given me much energy and strength to perform my work."

Hood's Pills are hand made, and perfect in proportion and appearance. See a box.

"Why is He So Irritable?"

This question is often heard and nearly as often unanswered. It is not always remembered, as it should be, that the occasion of ill temper and irritability is often to be found in the physical condition of the persons affected. What is the use of trying to "harmonize" a man whose liver has gone back on him? If a man is tortured with rheumatism, how can he be expected to be affable and agreeable? Can a confidant dyspeptic be expected to be cheerful and always ready to tell a funny story? The only way to remove the difficulty is to get at the cause. Dyspepsia, rheumatism, indigestion, blood and liver troubles, yield to Hood's Sarsaparilla; this is why it is an effective tranquilizer, a peaceful messenger and a preventive of domestic quarrels.

IN THE SWIM FOR A FACT.

The current is strong but the Almighty Dollar strengthened by nerve we know the barriers can be overcome. We do not mean to boast, but be it understood that we buy for CASH. Thus we are able to get every advantage in prices, which is a Strong Point in our Favor.

It gives the 4 mos. method a heavy blow yet it is to your interest as well as ours that this be done. Listen, you owe your neighbor a debt. Now suppose instead of charging you 6 per cent interest he would discount the debt 6 per cent don't you see what a help it would be to you. Just figure a little. So we see it. There is not current strong enough to push the CASH downward. It just will force its way against every tide. Let us right here thank you for your kind support which has enabled us to do so.

This makes our interests mutual. We offer the goods at ROCK BOTTOM prices. You pay us the cash and in this way we mutually battle the current of to-day, but again not every one has the cash. Then what? It may be a chicken or a pig, eggs, chickens, lard, meat, corn, oats, flour, tallow, wax, onions, potatoes, game, &c. The fact is just this we are here to help you as well as to be helped by you. So we labor, let us have a goodly share of your patronage.

RESPECTFULLY, H. S. Robinson & Co.
