The Dixie Flouring Mills are calling attention to their excellent flour. See ad in this issue.

Miss Ada Robeson, of Greensboro, is visiting Miss Fannie Mebane.

Miss Blanch Pickard of Chapel Hill visited Miss C. R. Grant the past week.

Mr. Charlie Millender of Chapel Hill is visiting the family of Mrs. S. A. White.

Dr. N. D. York, went down to Raleigh Tuesday to attend a Tuberculosis Convention.

Mr. W. R. Lloyd, and grandson Frank Crawford, went to Burlington, Thursday.

Mr. J. L. Paul, of Mt. Airy, N. C., a former citizen of this place, spent Wednesday on business here.

Mr. W. E. Ham, has a son who has been quite ill with pneumonia, but we are glad to learn he is improving.

Mr. H. E. Wilkinson, has a little daughter who has suffered much with the after effects of a case of measles.

Mr. Will Thompson, has recently erected for him self a handsome house in South Mebane, near Mr. Paisly Nelson.

Mr. and Mrs. Sam Morgan, and Mr. Shakespear Harris, went down to Greensboro, Saturday night to see, Viola Allen, in the White Sisters.

Coble Bradshaw & Company leading Hardware dealers of Burlington, change their advertisement in this weeks Leader. Dont fail to read it. They carry a very complete line.

As our paper goes to press on the last day at noon Wednesday, we could not report the marriage of Mr. S. A. White, to Mrs. Anthony. This will appear in our next issue.

The Ellis Machine and Music Company of Burlington, are offering a nice line of Organs at a greatly reduced price. If you need an Organ or Piano see them.

H. E. Wilkinson & Co, directs your attention to their change of ad in this weeks Leader. They call attention to correct styles. See them they will save you money.

If you are going to build or repair your building it will be well to see the Nelson Cooper Lumber Co. They keep all kinds of finished lumber.

Mr. W. E. White, suggested in his letter published elsewhere in the Leader that a mass meeting be called for February 6th at Graham, to discuss the salary question.

We wonder how Joe N. Jacobs of Wilmington would have fared in Judge Peebles court if he had shot down the sheriff instead of ordering him from his premises.

Rev. Mr. Hawley, will preach during February, a series of sermons addressed to church officers, Sunday school teachers, and church members. Everybody cordially invited. Special singing.

Charlie Pickard, says he is enjoying his usual health, occasionally he has a spell of "a bras ovurts, suavior in modo," but it does not trouble him much, and comes at such short intervals he is getting used to it.

The First Series of Stock in the Graham Home Building Co. has matured and \$21,600 was paid to the Shareholders, on Monday night last January 30, 1911 at 7:30 o'clock at the Court House in that town.

It seems that Joe Cannons, district is one among the very corrupt ones of Ohio. The vote buying has been carried on in a very large scale. It might be possible that this old reprobate was the father of the product in his State.

There is an agent here who has a very complete Washing Machine, and wringer. We believe their (is less danger of damage to clothes from this machine than any we have ever seen. He calls it the New Home Laundry machine.

There is a proposition to build a trolley line from the State University a distance of about ten miles. The Southern railway would then abandon its branch road from University station. The scheme seems to have a considerable substantial backing. This line is from Durham.

When Dalzell of Pennsylvania and Payne, undertake to explain to the opposition the merit of the permanent tariff board one may easily guess the nature of its merit. Who ever heard of Dalzell ever being interested in any law that did not flee ce the people.

There was a special train went on to Raleigh Tuesday morning marked "Piedmont Special" containing an immense delegation that go to plead for the new county. The people of High-Point are much interested in the matter and are working hard for the adoption of the bill.

Mr. W. E. White has been appointed by Governor Kitchen as a member of a committee to meet at Atlanta March 8-9 and 10th, as a representative from this section to the Southern Commercial Congress. It will be an important gathering. The program embraces a number of subjects for discussion all of which have a vital bearing upon the south's future.

### Entertainment at Efland.

Annie Jordan, Sec. A. L. S.

Two-thirds of the world's production of petroleum during 1910 is credited to the United States. The development of new oil supplies during the year increased the country's production to over 200,000,000 barrels, which surpasses the phenomenal production of 1907, 1908 and 1909. The year's yield was more than the whole world produced seven years ago, according to statistics prepared by D. T. Day, of the Geological Survey.

### Comment On Various Matter.

Recently a skating rink was established in the ancient borough of Mocksville and it seems to have stirred up trouble right. The preachers are proclaiming against it and one preacher, whose sermon was published in the local paper says "there is more danger to morals in the skating rink than in round dancing." The editor of the Herald is a new man in the community and he has declined to take sides, but he don't want it understood that he is "afraid."

Senator Simmons and Representative Godwin Wednesday called on President Taft and presented him with a large framed copy of a song written and dedicated to Mr. Taft by Mrs. William P. Toon, of Wilmington, on the occasion of the President's visit to that place some time ago. It is said to be the first song dedicated to "Our President" Mr. Taft expressed appreciation of receiving the attention of the North Carolina ladies.

### Guilford Saved Over \$10,000.

Raleigh News and Observer.  
Ten thousand dollars and more—or to be exact, \$10,395—was the amount Guilford county saved last year by paying its county officers fair salaries. \$7,975.77 went to build good roads and \$2,419.54 went to help educate the children. And the county officers were paid fair salaries—quite as much as they could have earned in any private business—and Guilford has as capable public officials as any county in North Carolina.

Why should not every large county go and do likewise?

### As An Agency For Good.

As the years go by it becomes more and more recognized that an honest fearless newspaper is an agency for good and a foe to the bad, for the dishonest man fears the honestly conducted newspaper as he fears the broad light of the sun when trying to break into a house. The glare of publicity as given by the unuzzled journals that mold public opinion has scorched and withered many a vicious scheme, sent many a scoundrel scurrying to obscurity, as a rat to his hole; saved multiplied thousands to those who else would have been deceived and robbed, and brought to the bar of justice many a criminal who else would have gone unwhipped of justice.

S. Arthur White, P. M.

The free school-book measure introduced by the gentleman from Surry developed some surprisingly boomerangish qualities.

### Boll Weevil's Havoc.

A striking illustration of the damage wrought by the boll weevil is found in a statement of the size of the cotton crop in Jefferson county Tennessee, for the last five years—before and after the weevil made its appearance: In 1907 Jefferson county made 20,145 bales; in 1908, 19,052 bales; in 1909, 7,791 bales; in 1910, 3,404 bales. There is no way to get at the record of such crops as corn, potatoes, pears, molasses, hogs, cattle etc., but it is known that there has been a steady increase, and that this year the farmers of that section have produced more foodstuffs than ever before in their lives.

### A Clear Insight.

If there is any business on earth, in which a man may get a clear insight into human character, it is the newspaper business. An Editor comes in contact with men of the highest integrity, perfect gentleman, just as honest as the days are long, and then there is a class of dishonest sneaks who it would be dangerous to leave with their dead grandfather, if there was a silver quarter on his eyes. There is a vast difference between the man who cannot pay, and the fellow who deliberately tries to beat an Editor out of an honestly due subscription. We have a contempt for the latter class.

### Forty Million Dollar Loan To Guatemala

The projected \$40,000,000 loan of the Guatemalan government will be placed immediately upon the convening of congress, the first of March, according to an official cable dispatch received at New Orleans Saturday from Guatemala City.

Mr. Adolph Hoer, acting consul of Guatemala, stated that the loan would be placed with American bankers.

### All Must Be Vaccinated.

The Durham Herald says: At a meeting Friday of the board of health, the more or less expected compulsory vaccination order was given with some new ordinances that go into immediate effect.

The failure to comply with the law exposes one to fines and repeated fines and the order is rigorous. It provides a \$5 penalty for every day that one fails to comply with the law, though there is no suggestion that the police hold the patient while the doctor applies Mulford's extract. If one has the money to put up the fines, the law makes no provision covering that case.

### Oakdale Rfd. 5.

We are having some blustery weather, seems like spring is trying to come.

Miss Curdie Kenion after having a severe attack of appendicitis is able to be up again.

Miss Ollie and Fanie Douglas went to Burlington to accept a position with the Scott Mebane, Co.

Mrs. Joe Newinan and daughter Hattie spent last Wednesday at Mr. C. A. Newmans, on mud street where he had a birthday dinner.

Little Fred Rice has returned from Greensboro where he went to have his tonsils cut out.

Mr. Lee Rice is building a nice house, hurry up Lee don't let the other old bachelors get ahead of you.

### At The Piedmont Warehouse.

There was splendid sales of tobacco at the Piedmont Warehouse last week, Monday and Tuesday of this week was good. The Warehouse at Mebane, is growing more popular all the time, and sales are constantly increasing, good prices and clever dealings is doing the trick. The following farmers brought tobacco in and got satisfactory prices on Tuesday, Laurance Warren, Jule Warren, Hightower, Stephen Wilson, Johnson, and Hester, Dixon, and McAdams, Murphey, and Hays, L. H. Patton, W. R. Hawkins, Carr, J. W. Gilliam, Union Ridge, Hess, and Wade, Ward and Barnwell, Cross Roads, John A. Wilson, near Roxboro, J. J. Taylor, R. L. Gilliam, Union Ridge, W. T. Vaughn, R. W. Vincent, Cross Roads Hobbs and Gray, Tom Gay.

### Vote Buying Inquiry.

Investigation of the vote buying charges in every county of the Eighteenth congressional district of Cannons district—was planned Monday, and following the inquiry into the sale of votes in Vermillion county the question will be moved to Edgar county. The exodus of local politicians, who know of the vote scandal, has hampered the grand jury considerably. Vote selling is said to have been as prevalent in Edgar, Kankakee and Iroquois counties, also in Cannon's district, as it was elsewhere.

Religion should make us happy, but only as it makes us holy.—T. Calvin McClelland

Misses Rosa and Lillie Ward spent a few days with their grandmother at Mebane last week.

### Giving Away The Game.

"If any proof were needed that the subsidy shirkers are more concerned to loot the public treasury than to uphold an American merchant marine, it could be found in convincing measure in the uncompromising opposition which they offer to any and all proposals to extend American registry to America-owned bottoms engaged in the foreign trade and built abroad. The New York Commercial, a thick and thin subsidy organ, undertakes to Demolish Senator Cummins' argument for free ships by declaring that repeal of the existing prohibition would not avail to bring one ton of foreign-built shipping owned by American capital under the American flag and that, therefore, the sole result would be to "furnish a profitable market for foreign shipbuilders, while meantime our own shipyards would be shutting down for lack of work."

In the first place, how does Commercial know that American capital would not invest in foreign-built tonnage for service under the American flag, if our navigation laws were so amended as to admit such tonnage to American registry? On the contrary, the recent announcement that the United Fruit Company proposes to ask Congress for special permission to operate its fleet under the American flag makes it certain that repeal of the prohibition in question would add to the American merchant marine at least one hundred thousand tons of deep-sea shipping. And if this tonnage now flying the British flag is sufficiently anxious for American registry to apply for a special enabling act, certainly the chances are even that at least a large part of the eight or nine hundred thousand tons of American-owned shipping now operating under foreign flags would change to the American, if given an opportunity so to do.—Virginia Pilot.

### Efland News.

Mrs. Bettie Compton, spent last week with Mrs. Bettie Crutchfield.

Mrs. Forrest, spent one day last week in Hillsboro.

Mr. Edgar Mayes, went to Chapel Hill, last week to visit relatives.

Mr. Bun Poe, of Spencer, called on Miss Bob Kirkpatrick, one day last week.

Mr. George Crutchfield, and daughter Miss Wellie Strowd, went to Durham Saturday Wellie went to see Dr. Rappart, to get some eyes like Bob's.

Mr. S. W. Efland, went to Winston Salem, Sunday night for medical treatment.

Mr. Roy Forrest, called on Miss Effie Smith, Saturday night.

Mr. John Qualls, is sick, we hope "Uncle John, will soon get well. "Screech Owl."

That Illinois man who is said to be winning thirty thousand dollars a day at Monte Carlo is doing just a little bit better than if he had stayed at home and become a member of the State legislature.

### Open Letter.

Mebane, N. C. Jan 30th, 1911.

Mr. O. F. Crowson, Editor, Burlington News, Burlington, N. C.

Dear Sir:-

I regret to take issue with any one through the News Papers, however as you have tried to make a political question of the matter of Salaries for our County officers; I want to take issue with you on a few of your statements. You say had the Republicans been successful during the last election that they would not have agitated this question. In regard to this would say that I personally collected data from the different Counties that had adopted the salary system, and I brought this matter before the last Republican County Convention and it was voted unanimously to advocate the salary system for our county officers, which was also embodied in our platform, and the Republican Candidates during the last campaign favored this system and pledged themselves, if elected, to put this system into effect, and you know the above statements are correct and you have no right to say they were not honest in these statements.

I also note that you suggest that, this is a matter for the next Democratic Convention to settle, and you intimate that no Republican has a right to even suggest anything that they may think is good for the county, and as to this statement, I want to say that it is true that I have advocated salaries for our county officers, not on political grounds but purely on business grounds and I thought that it was to the interest of our county, and I honestly believed would result in a saving of at least four to five thousand dollars annually, and I want to say that while I belong to the majority party at this time, that I am a citizen and tax payer of our county and I believe that when matters of such importance to the tax payers of the county is in discussion, that I have as much right to express my opinion as any other citizen of the county, and I believe that the majority party will not only accord me this privilege, but will welcome any suggestions that I or any one else has to present, if they think that it is to the interest of our county. I want to say to you that so far as I am concerned that politics has not entered into this question and I have so stated in the letters that you have published, that this was a matter for the citizens and tax payers to settle, and I only suggested that a Mass Meeting be called, not for Democrats or Republicans, but for the citizens and tax payers of Alamance County, to discuss this matter and then if the people, regardless of politics, favored this measure, to then petition our representative, Mr. Long, to introduce and pass this measure through the present session of the Legislature.

I note that you state that the present county officials would not be effected, even should this Legislature put our officers on salaries, you are correct as to this statement, however should we wait two years longer then it would be four years before we could put our county officers on salaries. I urge you and the other papers to drop politics for the time being and to put this measure on broad business lines and let's get together, regardless of politics and have the present Legislature to give us relief, and then after Dec. 1st, 1912, we can put our county officials on salaries and save our county five thousand dollars annually.

I suggest and urge the Press of the county to print a call in this week's issue for a Mass Meeting to be held at Graham on Monday, February the 6th to discuss this question.

Yours truly,

W. E. White.

### On Lake Halcyon's Shores

In a concrete grave on the shores of Lake Haycyon in Mount Auburn cemetery, there was laid a bronze coffin containing the body of Mrs. Mary Baker Glover Eddy, founder of the Christian Science denomination. On the coffin rested a bronze box enclosing a complete set of the works of Mrs. Eddy, together with all recent Christian Science publications, while the silver plate beneath gave her name and the dates of her birth and death. The ceremony was attended by the directors of the church and scores of its strongest supporters Judge Clifford P. Smith, first reader of the mother church, repeated the Ninety-first Psalm and the last two verses in Jude, which was read at the funeral Dec. 3. Then the grave was sealed. Later the spot will be marked by a mausoleum.

Gen. Henry M. Baker of Bow, N. H. Mrs. Eddy's cousin, and executor of her will, was the only member of the family in attendance, but it was announced that all claims to other burial places had been waived. So the church buried its leader.

Since the funeral service of Mrs. Eddy, Dec. 8, the bronze coffin has been in the receiving tomb of Mount Auburn, with a guard beside it day and night.

The bronze plate covering the features of Mrs. Eddy was pushed back, and one by one the little company gazed for the last time on her placid face.—Ex.

### A Pension Rule.

Washington Herald.

One of the rules of the Pension Bureau is that no remarried widow of a war veteran may receive a pension if she were not married to her first husband at the time of his army service. The government holds that the only remarried widows entitled to government aid are those who stayed behind while their first husbands went to the front for their country.

Some little time ago Senator Burton received an application from a woman who, it appeared, had not married until several years after the close of the war. The Senator had his secretary write a letter setting forth the statute in such cases, made and provided.

In a day or so he got an answer from the woman reaffirming her claims for a pension. "It is true," she said, "that we were not married until after the war, but I'll have you know that we were engaged before he went away to war, and if I'd had my way, we would have been married right then." And in proof of the fact that they were engaged during the war, she went ahead to relate the full circumstances of the proposal, where they were sitting, how they happened to delay getting married, and all about it.

### Uncle Daniel Tells Of Ghost.

Daniel Conners, an old colored man of seventy odd years of age who lives up the railroad about a mile West of Mebane talks reminiscently of the days long past, and gone. Old Uncle Daniel, as he is familiarly known is as polite as a French dancing master, and is one of the old time darkeys that is fast going.

We asked uncle Daniel if he believed in ghost, and haunts, he answered sure sir he did, he had seen them plenty of times, and knew for a certain there was ghost. He said the first time he had ever seen a ghost was when he was a young man just grown up. He said he had been over to Captain Johnson's place to see some friends, and was returning home late at night. He had got down near Haw Creek Crossing, the moon was way over in the West, in fact it was nearly in the tree tops, when I saw something floating in the air, low down to the road, just ahead of me, I felt kinder squeamish, but just pushed on, in a little while the ghost got up closer to me, and the air begin to feel chilly, and I could smell something like new dug up earth. This was too much for me, so I moved up a little faster, and as I did the ghost put on more speed, then I began to get real scared, it was not long before I was shooting down that road like a race horse. When I got to Haw Creek I struck the bridge about in spots, just as I landed on the other side there was some patrolers hollered to me to halt, I told them I was going after the doctor, they shot at me, but I went on, when I got home I was so scared and so tired I did not know what to do, I was sick and could not work for two days. No sir I never seen any ghost walking, they all seem to float, but they are getting scarcer and scarcer all the time, I seldom see a ghost now days.

Now as to haunts, it is different there is a great many more haunts now than there was before the war, but a haunt is different from a ghost, a ghost smells like a grave yard, but a haunt now days smells like corn licker, but they both move round easy like they were rubber shoes. I aint never skerd of haunts as I am of ghost, a ghost is awful thing to think about, when you see one it makes the cold sweat come out, Yes sir I will tell you some more about ghost some time, I must hurry long, I have a well to clean out.

## CONTEST TO CLOSE. IT IS NEARLY THE EED

We shall soon close piano contest. It is up to those who have been in the race to do something now. The piano will be here for inspection in a short time, and those who are interested in having a handsome piano in their home should get very busy. Your chances are splendid, and it is well worth your time to do your very best.

You may be close to winning, then to let the opportunity slip you by a little tardiness or lack of push will be a source of sincere regret for you. It is now that your friends should come forward, and show their hands. The pride of a community should induce the people to help out their contestant, and see their neighborhood wins it. It will be a credit to you as well as to the contestant. The Leader has promised an Elegant Piano, and it will be able to prove that to you soon. If you miss this excellent opportunity to supply your self with a handsome piano, it will be a source of regret to you. So we beg that you do what you can from now on.

### Candidates in Piano Contest.

The following is the standing of the candidates in the Leader contest for the piano and diamond rings. You should be pushing all you can. It will pay you.
