

Daughters Play The History By Elson.

A meeting of the executive committee of the Maryland Division, United Daughters of the Confederacy, and the board of managers of the Baltimore Chapter, United Daughters of the Confederacy, was held at the home of Mrs. D. Giraud Wright, 142 West Lanvale street, to take action on the use of Elson's History in Northern and Southern schools and colleges.

The following resolution, offered by Mrs. D. Giraud Wright, honorary president of the division and chapter, and seconded by Mrs. Thomas Baxter Gresham, was unanimously adopted:

"Whereas, It has been brought to the knowledge of the Maryland Division of the United Daughters of the Confederacy through a list published in the Salem (Va.) Times-Register, on March 9, 1911, that a book known as Elson's 'History of the United States' is in use, not only through the North, but in schools, colleges and universities of Southern States, and that the Maryland, said list purporting to emanate from the MacMillan Company, publishers of books; and whereas, this abominable publication contains gross calumnies against the South and her institutions and misrepresentations of the causes that led to the war between the States; and

Whereas, In this so-called history the sacred family relations four people are attacked and falsified in language impossible to quote here, and the very honor of our fathers and mothers grossly impugned; therefore, be it

Resolved, That the Maryland Division of the United Daughters of the Confederacy registers an indignant protest in the name of truth and justice against the use of Elson's so-called history in any of the schools, colleges or universities of our land, and calls on all Confederate veterans to aid the Daughters of the Confederacy in stamping out this vile publication and all similar ones, to the end that the youth of the country no longer be taught as facts untruths which are slanders on the fair name of the South, her institutions and her people."

Midnight In The Ozarks,

And yet sleepless Hiram Scranton, of Blay City, Ill., coughed and coughed. He was in the mountains on the advice of five doctors, who said he had consumption, but found no help in the climate, and started home. Hearing of Dr. King's New Discovery, he began to use it. "I believe it saved my life," he writes "for it made a new man of me, so that I can now do good work again." For all lung diseases, coughs, colds, a gripple, asthma, croup, whooping cough, hay fever, hemorrhages, hoarseness or quinsy, its the best known remedy. Price 50c and \$1.00. Trial bottle free. Guaranteed by Mebane Drug Co.

Life's Inn.

The Wide World stands a-welcoming beside the sunny way, For page and squire and knight and dame to halt and ride away; And crimson sweet the roses flamed that lay upon my breast, When all the world was but an inn, and I a welcome guest.

The knights were lion-hearted and their ladies bly fair; The silver armor glittered bright upon the roadway there. When each fair distant turning held the promise of a quest, And all the world was but an inn, and I a welcome guest.

No knock was there or Misery nor step of grimy Toil, But bold Adventure raised the lath, his palfrey heaped with spoil; While Romance flew to hold his rein and wait on his behest, When all the world was but an inn, and I a welcome guest.

And what care I that youth must fade, and love locks turn to gray? Forsooth, at every inn there lies some reckoning to pay! I've warmed my heart beside their fire, partaken of their best, When all the world was but an inn, and I a welcome guest.

So why should I complain and curse in spiteful accent shrill Because another draws his rein, my wonted place to fill? But ere Old Age the taper takes to light me to my rest, I'll draw his chair and drink his health, and make him welcome guest.

—Martha Haskell Clark, in Smart Set.

North Carolina land is assessed for taxation at an average of \$6.30 an acre. From what we know of the State the valuation is ridiculously low. Thus may be accounted for the fact that the annual revenues of the State have shown a deficiency as against necessary expenditures. Nor does so low an assessment furnish an attractive advertisement for agricultural settlers from other sections. We have not the figures at hand to show the conditions in Virginia. But if they are similar, there is need for both the lawmakers and the courts to sit up and take notice.

The California Legislature's move toward prohibiting ownership of land in that State by Asiatics seems rather harsh, but the fact is that foreigners have long been virtually prohibited from owning land in Japan.
