The picnic at Cook's Mill near Mebane was well attended. There was a large crowd of pretty girls, and ugly boys from Graham, and Haw River.

Mr. John Holmes spent Easter in Lexington. The boys seem to think Johnie is trying to make a deal up there, well good luck to him, he is a very clever young man.

The closing exercising of the Mebane Graded School will take place the fourth and fifth of May. A very interesting program will be prepared for that occasion.

Mr. D. C. Dudley and wife of Durham came up Thursday to visit friends and relatives. They stopped at Mr. T. R. Squires on Rfd. 2. Mr. Dudley is a compositor in the office of J. T. Christian.

Mr. J. W. Covington, had the misfortune to have one of his wagon horses legs badly cut Friday evening last. It seems that one of the main arteries just above the knee joint was nearly severed. The horse came near bleeding to death.

Arrangements have been made to secure the services of Prof. J. L. Ludlow to do the civil engineering work for the new paving of Mebane. It would be difficult to find Mr. Ludlow's equal for this class of work. He is a past master, and will do a satisfactory job.

Raleigh promises to be a warm municipality from the old times the election in May. The new timers are going to have the fight of their lives. They may not lose out, but there are a number who will be on the anxious seat until after the election.

In this weeks Leader will be found an advertisement of the C. B. Ellis Machine and Music Co. This concern is placing a number of organs and pianos in this section, and they give satisfaction. If you need an instrument drop Mr. Ellis a card. He will be glad to serve you.

The smart Alex in our last Legislative who wanted to do something, got a bill through the general assembly prohibiting the keeping of beer in lockers, in club rooms, but they made no provision against fellows keeping whiskey in lockers. This is alright for young men whom they wanted to make confirmed drunkards, and may be it suits one Davis at Wilson.

It is suggested by some scientist that as a monument to peace it would be a good idea to shoot a large cannon ball beyond the earths gravitation, and let it revolve in space around this globe as a symbol of peace. The idea is an excellent one but we do not believe it possible to invent a gun with carrying capacity sufficient to drive a ball beyond the attraction of the earth, and if it were possible it would be impossible to force up a ball sufficiently large to be seen after it has reached the stella spheres.

Mr. Will McAdoo, of Greensboro, blew into our town Thursday night in an automobile on his way from Durham, one tire was off, and the other one in bad shape when he got to Mebane. The boys seemed to think the trouble was due to his making such tremendous speed trying to reach here in time for the show that night.

Tennessee Legislative Farce Unchanged.

There is absolutely no change in the Tennessee Legislature situation so far as known. The fusionists who ran away to Decatur, Ala., were in and a few of the regulars remained over Sunday in Nashville. Both houses are scheduled to meet again Monday.

It Seems Inevitable.

The United States broke open a Pandora box when it annexed the Philippines, and it is impossible to foretell when it will see the last of the evils that will result from the selection, and fate seems to have decreed other troubles for it. The Mexican situation is fraught with grave danger, and recent indications seem to point to ultimate and immediate results. But let this government get complicated with Mexican, and she will have trouble sure.

District Attorney Holton's Son Continues to Improve.

The condition of Master John Holton, son of District Attorney A. E. Holton, of Winston-Salem, continues to improve and it is hoped before many days the lad will have entirely recovered from the blow he received from a rock thrown by a young negro, which was intended to strike a companion of young Holton.

Death of Mr. Vernon.

Mr. John H. Vernon, of Burlington, was called to his old home in Person county on account of the death of his father on Sunday. Mr. Vernon was one of the leading citizens of his county. Mr. John H. Vernon, who is one of the promising young attorneys of this county has the sympathy of a host of friends in his bereavement.—Alamance Gleaner.

Segregation Law Is Passed In Richmond.

A proposed ordinance providing for the domiciliary segregation of the negroes in Richmond, which had already been adopted by the Common Council was approved by the Board of Aldermen and has now only to be signed by the Mayor to become a law.

A Fine Record.

A fine record was made last month by Mr. Chas. D. Johnston's cow. He tells us that she gave 163 gals. of strained milk from which was made 59lbs. of butter. Besides about two gallons a day used by his family and butter for the family, he sold during the month of March, butter and buttermilk to the amount of \$22.11. But for the fact we know Mr. Johnston to be a truthful man, we would say it is a "fish story".—Alamance Gleaner.

Must Keep Away From Line.

President Taft is determined that battles between Mexican Federalists and insurgents shall not be fought on American soil. He is equally determined that the lives of American non-combatants shall not be endangered by the forces of President Diaz and those of General Madero. Future combats between the rebels and the forces of the Mexican government must not be fought out so close to the American line as to put in jeopardy the lives and property of Americans.

Some Little Racket.

There was a little racket kicked up by members of the Florence Comedy Company in Mebane, at their boarding house Friday. There was a prolonged argument when the matter became so strenuous that the Mayor and some of his deputies was called in to quiet matters. The trouble was over one of the ladies in the play. The husband reached the conclusion that she was just a bit too fervid and demonstrative in a love scene, this led to argument and the argument led to a blow on the head of one of the actors. The Mayor after hearing the matter concluded he needed about \$6 to help replenish the towns exchequer and so the actor was asked to fork it over, which he did.

His Shoes Wont Fit

Representative Claud Kitchen made a speech in the House of Representatives Saturday, it was speech on reciprocity, but he devoted enough space to the criticism of Senator Simmons to give the News and Disturber an opportunity to use box car type in the head lines of his article that related to it. Mr. Kitchen may have the proud itch, or his brother William may want Mr. Simmons shoes, but they wont fit. Mr. Simmons wears a No. 5, and Mr. Kitchen wears a No. 9. The Kitchen's are great politicians they inherited a fondness for public pap from their father.

A Good Section Master

The Southern Railway Company has had as section master working the road with a force of hands for some time past a young man by the name of John Pruitt, from Morrisville, N. C. John does not look to be more than a boy, but he is one among the best section masters that has worked the road near here for some time. He is a bundle of energy and activity, a fellow of good judgement who believes in doing his work thoroughly, and well. The road between Efland, and Haw River, is in better condition than it has been a long time. The trains run so smoothly that they do not seem to be making much speed, but they get there just the same.

Easter In Salem

The Easter services held by the Moravians at Salem Easter morning was attended by about eight thousand people, if the most careful estimate approached any way near correct. As usual these services were impressive and interesting at the cemetery, or Gods acre as it is termed. A great many people from a distance attended the services. The decoration were unusually attractive. It was estimated that as much as \$500, had been spent for flowers and evergreens. The 11 o'clock Easter morning service was well attended. Bishop Rondthaler preached the morning sermon, delivering one of unusually interest, and force.

Three Candidates For the Death Chair Now in

The next electrocution for capital punishment at the State prison is scheduled for May 5. Lewis West, the Wilson county murderer of Deputy Sheriff Mumford, is to be the victim. On May the 12th there will be the electrocution of Norman Lewis, the Spring Hope murderer, who killed the chief of police there. There are no more dates set until July 30, when the Vance county murderer, Charles Murphy, is scheduled to pay the death penalty. He has an appeal to the Supreme Court pending, that may defer execution. Furthermore, he is being represented to be insane and this may stay execution. He claims to know nothing of the killing. He was drinking and his victim refused to give him a drink in the public road. For this Murphy drew his revolver and shot him.

After-noon Club

The Thursday After-noon Club was charmingly entertained by the Misses Rowlers, at their home in East Mebane, Miss Della Fowler and Mrs. Hawley, photographed each member of the club in a very unique and amusing way, some of the pictures were so natural that they were at once recognized. This was followed by a guessing contest and Illustrated Library the following sixteen books were represented: "Lion and the Mouse," "Rose in Bloom," "Checkers," "Hearts and Masks," "Three Men in a Boat," "The Maid at Arms," "Little Men," "The Circle," "Little Women," "The Man on the Box," "Golden Heart," "Two Little Confederates," "The Lalac Sunbonnet" and "The Speckled Bird." After the contest Miss Mary Stewart White, read a very amusing description of The Family Preparing to Receive City Cousins by Bell Arp, while dainty refreshments were being served. The books were exchanged and the members adjourned to meet with Misses Holmes and Lineberry, at the home of Mrs. S. G. Morgan, on the 27th of April.

Those present were: Mrs. Malone, Mrs. White, Mrs. Hawley, Mrs. Straughn, Misses Alice, Della and Lillie Fowler, Miss Scott, Miss White, Miss Lashley, Miss Lineberry and Miss Harris. As the guests were leaving the hostess presented each a bouquet of Marie Louise Violets.

Pine Knot Items.

The farmers are busy hauling out their guano this wet weather, as they cannot plow. A farmer's style cannot be judged by what he wears so much, as by the appearance of his farm surroundings. Picnics seem to be the go, this Easter as there are going to be several near by. Mrs. Mat Vernon spent a few days last week with Mrs. Nick Wright. The whooping cough is all the rage, think that all that haven't had it, has it now. Say the sun shine is good for the blues, never seen anything better. A crowd of young folks went to Berrys Grove Sunday, they reported a nice time.

CONTEST TO CLOSE.

APRIL 29th, ONE MORE LEADER.

And Then The Premiums.

There will appear only one more issue of the Leader before our contest closes, that will be the issue of Thursday April 27th, on the 29th, of April the contest ends. We have done all we could to urge each contestant to put forth their best efforts from now on. Every day that passes leaves you one less to work in.

The rubber tired buggy we are offering, is something unusual in contest. Its an eighty dollar premium that comes in at the close, simply because we wish to be more than just to those who have worked in the contest, we were under no moral obligation to offer an other handsome premium right at the close of the contest. No one would have had any reason to complain of us for not doing so, for we did not offer it in the start, but if those who are working in the contest show the same interest and spirit in the contest that we tried to meet in being more than fair we shall have no reason to regret having done liberal, so treat us right, and it is possible that the next time we may surprise you by giving you a house and lot in Mebane.

In a little contest we had more than a year ago we promised a gold watch, when the contest ended without ever announcing it, we gave away in addition, two handsome finger rings.

The buggy comes in as a surprise, but it is to go to some one.

The handsome piano is on exhibit in the show windows of Holmes-Warren Co. All have a good chance now work for the grand prizes with all your might.
