**The New Church.**

The building committee of the new Presbyterian Church advises that they will push the work to a completion and will occupy the Church with appropriate services early in May. The Pews, finished in Mahogany are expected daily, having been shipped Feb. 25th from Chicago, and are the best made, also opera chairs for the Choir. The interior trim will be in Mahogany finish, the walls wainscoted in Burlap and finished in beautiful "Flat-tone" colors after special designs by some of the best decorators in the country.

The windows throughout the Church are of the best grade of opalescent glass, colors admirably selected and arranged by skilled artists.

The Church has been exceedingly well ouilt throughout and carefully and economically managed and what is easily a \$12-500.00 Church will be completed for a great deal less sum, and as Mr. Dave White says "will be the best and neatest and prettiest Church in North Carolina for the money invested and one that every body in Mebane may be proud of."

It is the earnest desire of Mr. Hawley, the pastor, as well as the Building Committee that every man, woman, and child in our town and congregation may have an interest, if it be but a dollar, or a quarter, or a nickle. It is the purpose of this Church to make Mebane a better town in which to live, Religiously, Morally Spiritually, Physically, and Mentally and for everyone to feel that it is his or her Church whether they be a Presbyterian, a Baptist, or a Methodist.

Friendship Not to Be Patched. Friendship is a vase which, when it is flawed by heat, or violence, or accident, may as well be broken at once. It can never be trusted after. The more graceful and ornamental it was, the more clearly do we discern the hopelessness of restoring it to its former state. Coarse stones, if they be fractured, may be cemented again; precious stones, never.—Landor.
