It is the simple minded who think it smart to be discourteous. It could not be any other class, they are wanting in brains, shallow swell heads, no good, cut them out.

Monday made us think about the Fourth of July business. We hope the matter will be borne in mind, and in due season the steps taken in preparation of doing the matter due justice.

Mebane is a place of wonderful beauty just at this time. The trees and growing things are clothed in the new green which always sends a feeling of great joy through the human heart. It only lasts a very short time, for as summer approaches the green grows dark and leavy in appearance. All out-doors is calling us to come and enjoy its loveliness and drink in the fresh and fragrant air so as to purify the body and invigorate the mind.

There is a great deal of water standing in Mebane to make people sick. Several ditches need opening and other places need draining. The owners of such property should have something done to it at once or Mebane may have malaria. There should not be any malaria here at all and such carelessness as allowing stagnant water around is unnecessary and provoking. Rubbish is unsightly but stagnant water is dangerous. Look around and see where the water is and get things fixed up properly.

Those from Mebane attending the County commencement at Graham Saturday were: Mrs. M. McFarland, Mrs. Jim Cheek, Mr. and Mrs. Walter Lynch, Miss Lillie Fowler, Mrs. Ernest Murphey, Mrs. C. A. Crawford, Miss Etta Compton, Miss Addie Louise Johnston, Katherine Smith Mr. Wiley James and Mr. Davis.
