

FISH BRAND TOBACCO MANURE

MANUFACTURED BY

THE VANCE GUANO CO.

HENDERSON, N. C.

Has Proven to be the Best Fertilizer for

Fine Tobacco

If your dealer does not handle it there are only two reasons why he doesn't:

1st. Because somebody else in his territory has the agency.

2nd Because it costs him more money than the brand he wants to sell you.

Even if your dealer handles a cheap grade of Fertilizer and gives you the benefit of his cheap price, you are still the loser, because it costs you just as much to sow sorry Guano as it does the best. The cultivation of a sorry crop is more expensive than a good one—not to speak of the loss at harvest season.

But since the FARMER has to pay the same for all grades of 8-3-3 Guano, why not see that you get the best brand? And we know

FISH BRAND IS THE BEST?

If the testimony of those who have used our fertilizer don't convince you, come to our factory, and we guarantee that the sight of our MATERIAL and the way we MANUFACTURE will.

Our doors are opened to the public. We have nothing to hide.

What Spider Indicated

When Mark Twain, in his early days, was editor of a Missouri paper a superstitious subscriber wrote to him saying that he had found a spider in his paper and asking him whether this was a sign of good luck or bad. The humorist wrote him this answer and printed it:

"Old Subscriber—Finding a spider in your paper was neither good luck for you. The spider was merely looking over our paper to see which merchant is not advertising so that he can go to that store and lead a life of undisturbed peace ever afterward."—Pittsburg Chronicle-Telegraph.

Whooping Cough

"About a year ago my three boys had whooping cough and I found Chamberlain's Cough Remedy the only one that would relieve their coughing and whooping spells. I continued this treatment and was surprised to find that it cured the disease in a very short time," writes Mrs. Archie Dalrymple, Crooksville, Ohio. For sale by Mebane Drug Co.

As nearly all the chicle used in the manufacture of chewing gum comes from Mexico, anything like a prolonged conflict is going to cause real privation in this country. The poor dear girls may have to fall back on the sweet gum rozzum of their grandmas. —Greensboro News

Time For a Change

The Herald has no particular choice for Congressman, but in our opinion the party's standard ought to be placed in other and abler hands for the coming conflict. We all know that owing to the patronage fights and the do-nothing, inefficient, boss-ridden record of the present incumbent, conditions throughout the District are anything but flattering. Besides this, it is generally known who Republican candidate will be and the nature of the charges he is going to make—and prove, too, he says—so why not be on the safe side and "trot out a new horse"? Why jeopardize the party's welfare just to please a few machine politicians throughout the District and a handful of political Judas Iscariots and boodle mongers in Greensboro? Please don't all answer at once, but really, is there any reason at all why the free and untrammelled Democrats of the Imperial Fifth District should do so? This paper certainly thinks not. There are dozens of men throughout the District who would make able Representatives, and one of them should be pressed into service before it is too late. —Madison Herald.
