The decrease in the revenues of the Southern Railway company this past year over the previous year is over five and three quarter million dollars.

It looks a little funny don't it for clerks who argue to their bosses that there is no use of advertising? are usually of that class that are found of swinging their legs from the counters, and would touch the till if they could safety do so.

The indications now point to one of the finest fruit years known. Weather condition has kept the buds back so that when it does warm up enough for the blossoms to come they will remain and make good fruit. A good fruit year is a great thing for the South, there is much money in it.

The impression seems to be growing stronger all the time that the European war will end by July. Of course Germany will have to be stricken beyond repair before she will give up in this fight, but it has got to come England has determined to settle her many scores with Germany.

The sinking, or rather the remaining under water of the F-4 submarine boat with her crew of 21 men in the waters of Honolulu last Friday, was a horrible affair. Efforts to raise the submarine was a failure up to Saturday night, in fact it seems now improbable that the boat will be gotten up at all. There is hardly a possibility that any of her crew has survived.

It is said that President Wilson will take the adjustment of the Mexican matter in his own hands. Should he have done so at the beginning of the Mexican trouble there is every reason to believe that the matter would have been managed more discreetly and far better, than blundering Bryan has been able to do with it. Bryan is good for something, for instance bull dosing the Democratic party, but as a diplomat he is a signal failure.

Germany is hinting in an undertone that she may be induced to make peace, but she says she wants her price. What Germany wants in a final settlement of this European war question will hardly be seriously considered. Germany has had her day of sinning, she must soon have her day of settling the cost and when she does there will be but a small portion of the German Empire to fret about. The Emperor will have blown his worthless brains out, or sought safety in some portion of the world well away from Germany.

The prosecution in the Carter-Abernethy case has just petered out in its efforts to besmirch Judge Carter's character on a charge of immorality. The way this portion of the charges was treated indicated if it did anything the apparent desperation of the whiskey element to down and damn Carter if there was any possible way to do so. See how his track was trailed by a lot of human sleuth hounds, with prying eyes desperately trying to fasten upon him some suspicion of shame.

We have been told that there are good reasons to believe that more than ten thousand dollars could be easily made up in Asheville to down Carter, and no doubt there are men in Wilmington who would chip in freely to swell this sum. Judge Carter did best as a judge to clear these places of the stench and odium, of the illicit whiskey traffic, of the shame and wrong done to innocent people in the violation of the prohibition law, and in a very large measure he accomplished his purpose. Judge Carter is entitled to the friendly interest and support of every temperance man in North Carolina. He did more at two sittings of court to drive out illicit whiskey than that fellow R. L. Davis would do in ten years.

Carter's trouble in our estimation came from his offending the whiskey element. He did more to make illicit whiskey selling unpleasant and unprofitable as business than any other Judge in North Carolina has ever done. Thus his sinning. Give us more judges like Judge Carter and there will be less excuse for the working of the jackass jaws of certain Solicitors.

It is said that a newspaper should be a reflex of the community in which it is published a kind of mirror so-to-speak of the progress, and progressiveness of the people, what they are doing and what they have done. Its advertising columns should indicate how wide awake are its merchants, and those who are interested in exploiting their goods and wares. What percentage is it that advertise, and how much interest do they take in supporting their home paper.

There are 17 stores in Mebane not including the cafes and banks. There are seven of this seventeen stores that are carrying advertisement in the Leader. Seven that are interested in their business, and supporting their home paper. These seven stores are not sufficient to enable a paper to live in Mebane. The Leader labors has earned more of this town, and is entitled to a better support. The present Editor is feeble and broken in health and should not be driven to other distant cities to beg for an existence for a Mebane paper. Mebane claims to be the biggest little town in the country, it should not permit its home paper to come as near suspension as it did a short while past. Civic pride should prevent it. The man who is editing and managing it, is making the best of his opportunities he can, every one who knows him will concede that. Look its columns over and see who it is that is doing business with the Leader.

God Save The People

"When wilt Thou save the people? O God of mercy, when Not kings and lords, but nations! Nor thrones and crowns, but men! Flow'rs of Thy heart, O God, are they; Let them not pass like weeds, away, Their heritage a sunless day. God save the people!

"Shall crime bring crime forever, Strength aiding still the strong? Is it Thy will, O Father, That man shall tell for wrong? Not Say Thy mountains; Not Thy skies; Man's clouded sun shall brightly rise And songs ascend instead of sighs God save the people!

"When wilt Thou save the people? O God of mercy, when? The people, Lord, the people; Not thrones and crowns, but men! God save the people; Thine they are, Thy children, as Thine angels fair, From vice, oppression and despair God save the people."

He that easily believes rumors has the principle within him to augment rumors. It is strange to see the ravenous appetite with which some devourers of character and happiness fix upon the sides of innocent and unfortunate. Jane Porter.

Woman.
The most simple, most frivolous and thoughtless woman hides at the bottom of her soul a spark of heroism, which neither she herself nor anybody else suspects, which she never shows if her life runs its normal course, but which springs into evidence and manifests itself by actions of devotion and self-sacrifice if fate strikes her or those whom she loves. Then she does not wince, she does not complain nor give way to useless despair, but rushes into the breach. The woman who hesitates to put her feet into cold, placid water, throws herself into the perils of the roaring, surging maelstrom.—Lombroso.

Increased Oil Flow.
Using an electric heater to increase the flow in oil wells is a method that is being tried with considerable promise of success in the oil fields of California. The heater used is a long brass cylinder containing a large number of coils. This cylinder, with wires of the right length attached, is lowered to the bottom of the well and the wires are connected with a generator. The increased flow that has taken place in the experiments already made is explained on the theory that the heat expands the gas in the oil-bearing stratum and causes a greater upward pressure in the well. The heater consumes about nine kw. of current an hour.

A tradesman in a certain town put a box outside his shop one day, labeled "For the Blind." Most of his customers dropped in pennies, and complimented him on his charity. A few weeks afterward the box disappeared. "Halloo! What's happened to your box for the blind?" he was asked. "Oh, I got enough money," he replied. "And," pointing upward to the new canvas blind that sheltered his shop window, "there's the blind. Not bad, is it?"—London Answers.

Appropriate Name.

An old British admiral built some villa residences on a high point of the coast, somewhat difficult of access. One day he said to his servant: "Now, William, what shall I call them?" "Well, you know," replied Bill, "if I were you I should call them 'Gibraltar Buildings.'" "Why?" asked the admiral. "Because," replied the other, "they say Gibraltar will never be taken, and I'm best if these houses up here will ever be taken."

Not Too Long.
Conversation among a group of visiting housewives had turned upon the boiling of eggs, and the little daughter of the house explained that she knew how to boil eggs, and always boiled them "just eight minutes." "Eight minutes, dear?" cried one of her listeners, in amazement. "Are you quite sure you boil them so long? I should think that would make the eggs very hard." "Oh, no, indeed, Mrs. Blank," was the child's confident answer; "really, they're awfully loose!"

CALOMEL IS MERCURY! IT SICKENS!

ACTS ON LIVER LIKE DYNAMITE

"Dodson's Liver Tone" Starts Your Liver Better Than Calomel and Doesn't Salivate or Make You Sick.

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work! Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just take a spoonful of harmless Dodson's Liver Tone on my guarantee.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful at night and if it doesn't straighten you right up and make you feel fine and vigorous by morning I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick. I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.
