Worth Imitating

There is one lady in Mebane in addition to keeping her own subscription to the Leader paid in advance is paying for and sending the paper to five or six of her friends. There is a vast contrast between her treatment of the Leader, and some who have permitted their subscription to get two and three years behind, and then pay no attention to the bills sent them reminding them of their delinquency. The amount due the Leader should be sent at once. The Editor is just as much entitled to his money, as any one else that you owe, and an honest man will so consider it.

Not a Man

"Not a man in the house" is a kind of comedy-drama that will be given at the Woodlawn school house, next Saturday night. The young people at this school never disappoints you, and we are sure they will please you this time, if you will give them the pleasure of your presence. Be sure and go.

Oh the Beautiful Snow

This is what the young folks would say of the snow that fell early Saturday morning at Mebane. We think there was an average of seven inches here. It was an unusual thing to have such a heavy snow as late as April 3, in fact we do not remember to have ever seen such a heavy snow so late. This is an unusual late spring, in fact unless it warms up some pretty soon it will be very discouraging to farmers.

NATURALLY

You prefer the NATURAL shortening to any substitute.

Substitutes for lard are no more satisfactory than substitutes for meat.

Armour's "Simon Pure" Leaf Lard

is Nature's choicest shortening—refined to the top-notch of Quality.

Be sure to ask for the little booklet of Pastry Winkle recipes.

The following firms handles the Armour lard. Call and see them.
