WITH STORES IN

DURHAM & GREENSBORO

We always leads, never follow, in fact we make it a point in our purchases to never buy anything that will not stand the test, and do you not know there are many bolts of goods sold elsewhere that is only imitation of the real. For instance you are not advised that very much of the cheap stuff sold by our would be competitors has been chemically treated with lead, or zinc solutions that sometime gives the shody the appearance of the real. Did you ever buy a silk pattern, brilliant on first sight with weight, and pliability, which would show breaks and holes after a little wear. This is some of the stuff, don't keep on letting them fool you. We have built our trade upon merit. We keep what is real classy, and sell only the best. Our stores are as near as the nearest mail box, a letter will bring what you may wish. Everything nice that a lady wears. Order at once of

To the Citizens of Mebane and Vicinity

For fully thirty five years the L. and M. Semi-Mixed Real Paints have been extensively used throughout the United States and also in South America. They have therefore been subjected to the tests of every sort of climate conditions - most successfully thereby proving their extreme durability and superior value.

See our advertisement on other page telling property owners how to make their own paint, and thereby save sixty cents a gallon on every gallon used. LONGHAM AND MARTINEZ, Paint Makers, New York

Notice of Town Election.

Notice is hereby given that there will be a town election on May 4th, 1915, for the purpose of electing a Mayor and Town Commissioners. There will be no new registration required, except for those who have not heretofore registered for town election. The registration books will be open at the store of L. T. Johnston, according to the general law in North Carolina relating to town elections.

Signed W. S. Crawford, Mayor.

He's Been Burnt, All Right.

Judge Carter has won the fight in its most important aspect. The charges of immorality against him will not even "go to the jury," Chairman Doughton having announced that there was nothing in them. These were the only charges affecting seriously his character, the other charges being matters of policy affecting his disposition or temperament. The fact has been brought out that Judge Carter has been too harsh and dictatorial on the bench, and no doubt the fire through which he is going will serve to soften him and to make him strive to avoid in the future all harsh treatment of others while conducting his courts. - Concord Tribune.

Herman Rosenthal was murdered July 16, 1912. Charles Becker was convicted Oct. 24, 1912. Upon second trial he was convicted May 22, 1914. The conduct of his case has been characterized by dignity, decorum and, of course, legal acumen. But that a second appeal should only now be set for argument in Albany before the court of last resort is another instance of intolerable delays in the judicial system of the State.

THE THRICE-A-WEEK EDITION OF THE NEW YORK WORLD

Practically a Daily at the price of a Weekly. No other Newspaper in the world gives so much at so low a price.

The year 1914 has been the most extraordinary in the history of modern times. It has witnessed the outbreak of the great European war, a struggle so titanic that it makes all others look small.

You live in momentous times, and you should not miss any of the tremendous events that are occurring. No other newspaper will inform you with the promptness and cheapness of the Thrice-a-Week edition of the New York World. Moreover, a year's subscription to it will take you far into our next Presidential campaign.

THE THRICE-A-WEEK WORLD'S regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and the Mebane Leader together one year for \$1.50. The regular subscription price of the two papers is \$2.00.

Average Tobacco Consumption. In the per capita consumption of tobacco Holland leads the world, with Belgium second and the United States third.

Sugar. Almost all the sugar in the world comes from two sources - the sugar cane and the sugar beet. There is also maple sugar, sugar made from the sap of date palms and from dried fruits. But the sugar we use in huge quantities, the loaf sugar, the granulated and the powdered, comes from the cane or the beet. Fifty years ago sugar was more or less of a luxury. Today it is a necessity.
