**Wake Up.**  
Our town should wake up to the fact that some one else is occupying the seat that really belongs to us. This intruder represents out of town houses that take away business that should go to OUR OWN merchants. When will our town wake up? As long as we remain asleep the intruder will keep his place. Only when we decide on the policy of co-operation are we fully awake. We have seen the havoc and ruin of neglecting HOME interests. Now, as never before, is the time for US to spend our money at HOME.—Winston Journal.
