

"Hoe For Carolina."

Raleigh, May 18.—"Hoe for Carolina!" This is the motto hung conspicuously in the office of President J. D. Andrews of Catawba College at Newton. Dr. Andrews, writing to the North Carolina Food Conservation Commission, states that he is one of those who have been preaching and practicing diversified farming and increased food production for these many years.

Secretary John Paul Lucas of the Food Commission was much pleased with Dr. Andrews' letter, except for one clause that rather riled him. "Your theory has been my practice for all these years," wrote the doctor.

"I have no theories," declared Lucas. "I am practicing what I preach. I work eight horses on my farm and, as I was already practicing diversified farming, I had only 50 acres of cotton last year. I have put about 25 extra acres of land into cultivation and have cut the cotton acreage 20 per cent from the small acreage of last year. In addition to a considerable acreage of wheat, oats, rye, and corn, I am planting 40 acres of soy beans for food and seed, enough sorghum to make 1000 gallons of syrup, several acres each of sweet and Irish potatoes and forage on every acre of stubble land that does not go into soy beans or corn."

"I resent being called a theorist."

Revolution Must Happen

In Germany, Says Ledebour.

Berlin, via London, May 15.—The socialist leader, George Ledebour, declared in the reichstag today that it was impossible for Germany to win a war of subjugation, and expressed the conviction that a revolution must happen in Germany as it had happened in Russia.

"We shall propose a constitutional committee," he said, "to take preparatory steps in the direction of introducing a republic in Germany."

WAR REGISTRATION BOARD MEETS AND FORMS FIRST PLANS.

Government Wants Exemptions Claimed To Be Set Forth Frankly, But Briefly.

Greensboro News, 20th.

Yesterday the instructions from the war department came to Greensboro under which registration of men of the conscription ages will be conducted. The Guilford County board of registration for this purpose is composed of Clerk of the Court Mason W. Gant, Sheriff D. B. Stafford and County Physician, Dr. W. M. Jones. This board held its initial meeting yesterday and prepared to carry out their duties with despatch. The first action to be taken is the appointment of registrars and these will be announced Tuesday morning, following another meeting of the board of registration.

Under the registration plans, the men of the county will have to report at the regular election polling places and answer the questions of the government on some day yet to be formally announced, but which will probably be June 5. In the meantime, the officers will thoroughly familiarize themselves of what is expected of them and of the citizens. To the registration board has come from the war department samples of the cards upon which the questions are asked and must be answered and along with them full explanation of what is intended to be given in response to the various questions.

The government not only asks the men to enumerate the persons, or relatives, rather, dependent upon them for support, but calls upon all to signify whether they claim exemption under the law and if so why. The government does not contemplate taking in the first draft men who are the sole support of mother, sister, child under 12 or wife, but it wants the men who are qualified by that support for exemption to signify the fact definitely.

The government in its explanation advises that the young man should not let "military ardor interfere with the wish of the nation to reduce wars misery to a minimum. On the other hand, unless the person you have in mind is solely dependent on you, do not hide behind petticoats or children. Here are the questions which will be asked and the explanation of each:

"Questions will be asked for you to answer in the order in which they appear on this paper. These questions are set out below with detailed information to help you answer them. Do not write on or mark, or otherwise mutilate these instructions. Do not remove them. They should be carefully read so that you will have your answers ready when you go before the registrar.

"All answers will be written on the registration card in ink by the registrar, who should be careful to spell all names correctly and to write legibly. "1. Name in full. Age in years,— "This means all your names spelled out in full. "State your age today in years only. Disregard additional months or days. Be prepared to say 19, or 25, not 19 years, 3 months, or the like. "2. Home address. "This means the place where you have your permanent home, not the place where you work. Be prepared to give the address in this way: 232 Main street, Chicago, Cook County, Illinois; that is, give number and name of street first, then town, then county and state. "3. Date of birth. "Write your birth (month, day and year) on a piece of paper before going to the registrar, and give the paper to him the first thing. Example: August 5, 1894. "If you do not remember the year, start to answer as you would if someone asked you your birthday, as August 5. Then say on my birthday this year I will be or was— years old. The registrar will then fill in the year of birth. Many people do not carry in mind the year they were born. This may be obtained by the registrar by subtracting the age in years on this year's birthday from 1917.

"4. Are you (1) a natural-born citizen; (2) a naturalized citizen; (3) an alien; (4) or have you declared your intention to become a citizen (specify which)? "1. If you were born in the United States, including Alaska, and Hawaii, you are a natural-born citizen, no matter what may have been the citizenship or nationality of your parents. If you were born in Porto Rico, you are a citizen of the United States, States, or regular army (navy) of United States. "2. Do you claim exemption from draft? Specify grounds. "Because you claim exemption from draft, it by no means follows that you are exempt. For the information of the war department you should make a claim now if you intend to prosecute it. Some persons will be exempted on account of their occupations or offices, some on account of the fact that they have relatives dependent upon them for support. Your answer touching these things will be important in supporting the claim you now intend to make in your answer to the present questions. Be sure, therefore, that the grounds you now state are in conformity with your answers to questions seven and eight. In stating grounds you claim as exempting you, use one of the following terms: If you claim to be an executive, legislative, or judicial officer of the state or nation, name your office and say whether it is an office of the state or nation. If you claim to be a member of a religious sect whose creed forbids its members to participate in war in any form, simply name the sect. If you are employed in the transmission of the United States mails or as an artificer or workman in an armory, arsenal, or navy yard of the United States, or if you are a mariner employed in the sea service of any citizen or merchant within the United States, so state. If you are a felon or otherwise morally deficient and desire to claim exemption on that ground, state your ground briefly. If you claim physical disability, state that briefly. If you claim exemption on any other ground, state your ground briefly."

Proper Food for Weak Stomachs.

The proper food for one man may be all wrong for another. Every one should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep their bowels regulated. When they become constipated or when they feel dull and stupid after eating, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect.

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crabs into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

CLIP THIS AND PIN ON WIFE'S DRESSER

Cincinnati man tells how to shrivel up corns or calluses so they lift off with fingers.

Ouch ! ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called frezone when applied to a tender, aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.

He says frezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of frezone will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have frezone tell him to order a small bottle for you.

Life Was a Misery TAKE CARDUI The Woman's Tonic "I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. "It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble." If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you. All Druggists
