L. C. RELTON

Have been too comfortable and too indulgent; many perhaps, too selfish and the stern hand of fate has acourged us to an elevation where we can see the everlasting things that matter for a nation—the great peaks we had forgotten, of honor, duty, patriotism, and, clad in glittering white, the towering pinnacle of sacrifice, pointing like a rugged finger to heaven."

No wonder such eloquent words arouses the populace as Demosthenes did the Greeks. Like Lincoln, he is risen from the ranks of the poor to become the savior of the Anglo-Saxon people.

At a great dinner in London, celetates the initial control of the Anglo-Saxon people. have been too comfortable and too in-

brating the joining of the United States with the Allies ,Lloyd-George saluted the representatives of our country as comrades in arms, and said, "The United States of America has never engaged in a war except for liberty, and this is the greatest struggle for liberty they have ever embarked upon. Prussia was not a state, but an army; it has waged three wars of conquest with the design to enslave th world. The Hindenbury line is one drawn on the territories of other people. That line has been thrown across Europe for fifty years. Now it is drawn along the shores of America, as well as over all the seas. The world is told not to cross it. The place for that line is on the Rhine and we mean to

roll it up there." "It was a bad day for the military autocracy of Prussia when it challenged the great Republic of the West. Europe has always lived under the menace of the sword, but today Democracy strikes for universal peace. Tomorrow, war may be abolished forever. Our men the other day attacked with the dawn. EVER SALIVATED BY . **CALOMEL? HORRIBLE!**

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quick-silver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and do-an't gripe.

WONDERFUL STUFF! LIFT OUT YOUR CORNS

Apply a few drops then lift corns or calluses off with fingers no pain.

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness.

This drug is called freezone and is a compound of ether discovered by a Cincinnati man.

Ask at any drug store for a small

cinnati man.

Ask at any drug store for a small bottle of freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers.

This drug freezone doesn't eat out the corns or calluses but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freesone have him order it for you.
