### PLAIN NATURAL IRON BEST FOR RUN DOWN PEOPLE.

One Brother, Just Out of Hospital Got Back strength by Taking Natural Iron. Other one Praises it Highly. Built up his Appetite brought back Strength.

"I was run down, weakened condition and didn't have the slightest kind of appetite. I was losing strength and weight. I never could eat any breakfast and added to my stomach troubles and rundown condition was my trouble with piles. I really didn't know what to do. But a brother of mine who came out of the hospital about two months ago urged me to take Acid Iron Mineral.

"He didn't seem able to regain his lost weight after leaving the hospital and didn't until he started taking Acid Iron Mineral. And so, on his recommendation I started taking it, believing it might strengthen and build me up too.

"Now I'm praising this splendid preparation myself because I found myself picking up almost from the first dose. After I had taken my first bottle I began eating breakfast regularly and now I can eat as much or more for breakfast than any other meal. It has done me more good than anything I have ever taken and I gladly recommend it to anyone," declared R. B. Few, living in Greer, S. C., R. F. D., Route No 1.

Let a man or woman's blood get thin and full of uric acid and other poisons and their system is open for all kinds of troubles. Just get them going down hill real fast and nothing seems to help them, but a few weeks treatment at home with just natural iron, highly concentrated like it is Acid Iron Mineral will fix them up in great shape. It isn't a patent medicine and doesn't contain a drop of alcohol. It is filtered, concentrated, tested and bottled, just as it comes from the mineral deposits and a teaspoonful in a glass of water after meals makes an unusual, stronger, cheaper tonic than anything one can take.

To prove how strong it is, pour a few drops on a cut and note how quickly it stops the bleeding. Old sores, pimples, and any troubles with the skin are quickly healed by this iron. It makes the best kind of medicine for around the house. Whole families take it. Put the cork from the bottle to your tongue. Remember, it won't harm the teeth, stomach or digestion. It helps them. People with sore bleeding gums get relief right away. Dentists use it to stop bleeding and as an antiseptic when extracting teeth. You'll like to take iron just as nature intended it. Get a large or small bottle of your drug store today. A large bottle will be sent prepaid anywhere on receipt of \$1. by the owners of the deposit, the Ferrodine Chemical Corp., Roanoke, Va.

## Women For Flying Corps.

London, England—An encouraging response has been received to the War Office appeal for 10,000 women before the end of October, for the Woman's Army Auxiliary Corps. In addition to these, large numbers are also needed for work under the Royal Flying Corps in the aircraft repairing depots both at home and in France. The Royal Flying Corps wants immediately 144 fitters (general machine and turners), 52 instrument repairers, 20 acetylene welders, 37 electricians, 12 draftswomen, 55 painters, 2 tracers, 145 store-keepers (-Class I) (these women are required for technical stores and should have a knowledge of engine parts and tools) and 503 sail-makers, for making and repairing aeroplane wings (good needle-women can also use sewing machines are wanted). Tinsmiths, copper-smiths, and tender drivers are also wanted. All applications should be made to the Employment Exchanges, where full information will be supplied.

## WOOD'S Seed Wheat.

The Seed Wheat which we offer are from the best and most productive crops grown in this State. In addition to our care in securing high quality wheat, we carefully select all the wheats which we receive, so as to eliminate impurities and the smaller grains; thus furnishing our customers with a pure, well-developed seed, which should make much larger yields than wheats ordinarily sold for seeding purposes.

Write for "WOOD'S CROP SPECIAL" giving full information about SEED WHEAT, OATS, RYE, BARLEY and other Seasonable Seeds.

## EXPANDED PROGRAM OF WAR

### Hope of Early Peace Dissipated and Government is ready to Concede Conflict May go for Two and Possibly Three Years

Washington Oct. 31.—America's answer to Germany's invasion of Italy will be a recommendation to Congress by the Washington government that the army be expanded to 5,000,000 men the lowering of the minimum draft age to 19 years and raising the maximum age possibly 35 years. Every ounce of power which can be exerted by the men of the United States, supported by all the material resources of the country, will be utilized if necessary to defeat Germany.

It is known that a war program of greater extent than any heretofore planned, phases of which were discussed by a recent meeting of the cabinet with President Wilson, is being framed. Some of the features include:

Early examination of the second increment of the authorized army, so as to get them all in training camps by early spring.

#### Another Loan Soon

Flotation of the third liberty loan at least two months earlier than had been expected.

Restriction through legislation of all non-essential industries, so as to concentrate the labor of the nation upon the production of ships and war supplies, new war rates.

Authorization of the expansion of the army to a maximum of 5,000,000 men and lowering the minimum draft age to 19 and raising the maximum age to 35.

The reverses suffered by the Italian army, following closely upon the military collapse of Russia, have awakened the administration to the realization that a much more aggressive policy must be pursued by the American government. The advisers of President Wilson, who met at the cabinet table yesterday, ill concealed their discouragement over the misfortunes sustained by the entente cause in the last week, but they left no doubts of their renewed determination to redouble the efforts of America.

#### No Hope of Early Peace

Hope of an early peace has been dissipated. Those government officials who believed that the leaven of discontent was working in Germany and the Prussian autocracy could not much longer weather the rising storm of internal dissension now concede that their hopes have been greatly diminished by the successful German drive into Italy.

There is no fear that Italy will be crippled to the extent that Russia has been by the foe at home and abroad, but it is feared that it will take Italy long to recover from the blow dealt by the armies of the central powers.

Prussian autocracy, it is realized, will be able to appease the suffering people of Germany even in the midst of the privation of the approaching winter. The German people will be told that German arms practically have put Russia and Italy out of the war and will be urged to endure their privations a little longer until Germany can crush her other enemies. There is little doubt that this argument will serve to pacify dissatisfied elements of the German people and rally them to the support of the war at least for another year.

#### Another Year of War.

With another year of war assured the Washington government is now ready to concede that the end of the conflict is not in sight and that a struggle lasting two and possibly three years longer is conceivable. The weakness of Russia and Italy has lengthened the war to an extent that none here can estimate, officials agree, and has made necessary a greater expenditure of man-power and economic resources by this country and her allies.

The immediate result of the Italian reverses has been to spur on the administration to even greater undertakings than ever before. It was learned today that the administration has found a way to furnish some important aid to Italy at once, in addition to the ships to be diverted to the transportation of Italian munitions and food. The character of this aid was not disclosed, but apparently it is such as to elicit expressions of satisfaction

## WOMEN GIVE OUT.

Housework is hard enough when healthy. Every Mount Airy woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this Mount Airy woman's experience:

Mrs. C. F. James, 257 S. Main St., Mount Airy, Says: "My back often felt as though someone had driven a knife into it and after stooping, sometimes I couldn't straighten up. My kidneys were weak and caused me a great deal of misery. My nerves were in a very bad way and I couldn't stand the least excitement. I was so run down in health that I could hardly do my housework and often I had to stay in bed for several days at a time. A couple of boxes of Doan's Kidney pills removed the pain in my back and made my kidneys act more regularly."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. James had. Foster-Milburn Co., Props., Buffalo, N. Y.

It is known that President Wilson and Secretary of war Baker favor lowering the minimum to 19 years, a step which would produce about 2,000,000 additional registrants, but they have not indicated whether they favor raising the maximum age limit above 30.

It is not contemplated to raise and train this vast army at once. There will be approximately six additional increments of 500,000 men each authorized, which would be called as needed.
