The Poster Advertising Association, representing nearly all the bill posting plants in Canada, has decided that no member shall in the future use wheat flour for the manufacture of bill poster's paste. Cassava flour and a low grade of corn starch will be used as substitutes.

Neither the Purify Preserve Company nor the R. J. Meguiar Company of Greenville, O., will be allowed to operate this year. They own a plant which is equipped only for the manufacture of tomato ketchup, which has been brought under license. The Food Administration announced today that, at the suggestion of the Federal Trade Commission, license applications from either firm will be refused. Unfair business practices last season led to this action.

SALEM SHOEMAKER ENDORSES "A-I-M"

At Seventy five is never troubled with Rheumatism. Works Daily at His Shop in Salem. Gives Secret of How He Banned Rheumatism.

J. D. Sears, for years a shoemaker in Salem, Va., says in his opinion Acid Iron Mineral is a medicine of great value for treating rheumatism. Mr. Sears is now past seventy-five years of age yet he works each day at his shop, feeling much younger than his years he says.

"I suffered for a considerable time with rheumatism," said Mr. Sears in telling about his case. A salesman told me about Acid Iron Mineral and I took two bottles using it just as directed on the bottle and though that was several years ago I haven't been bothered with rheumatism since. It knocked the rheumatism right out of my system and built me up so well I haven't been attacked since those days away back yonder."

Real Proof of Merit.

Old people with weakened blood and faltering kidneys seldom are permanently helped by weak vegetable preparations and a preparation containing alcohol is as apt to harm as do good for alcohol has a bad effect upon the kidneys which weakened by old age need strength.

This is why old people especially get such quick results with this Acid Iron Mineral. It is a mineral instead of a vegetable preparation and so powerful the reader probably has never used anything like it. It is made from ore dug from a mine down in Mississippi containing medicinal iron, compounded there and shipped to the laboratories at Roanoke, Va. Instead of being harmful iron tincture it is highly concentrated, tested, non-alcoholic and just a teaspoonful in a glass of water makes a powerful dose. Three times a day does the work. Just test it if you have rheumatism, blood or kidney trouble.

Massachusetts and Michigan chapters of the Daughters of the Revolution are establishing 'mending rooms' in cantonments. These departments are opened for hospitals, where hundreds of garments are mended each week.

A Billious Attack.

When you have a billious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter.

A NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Newark, N. J. For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter. Miss FLO KELLY, 476 So. 14th St., Newark, N. J.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition and as a result her nervousness disappeared.

The campaign to raise a second \$100,000,000 has been announced by the American Red Cross for the week beginning May 6. To date nearly \$90,000,000 has been appropriated for war relief work.

ALL TIRED OUT.

Hundreds More in Mount Airy in the Same Plight.

Tired all the time; Back aches; head aches. Weary and worn out night and day; Your kidneys are probably weakened.

You should help them at their work. Let one who knows tell you how.

Mrs. J. C. Harris, 314 S. Main street Mount Airy, says: "I couldn't stoop over or straighten up without having sharp pains in my kidneys. At times, my back ached so badly I could hardly get about to do my housework. I felt tired and languid and the least exertion seemed to play me out. After I had taken a few doses of Doan's Kidney Pills, procured at the West Drug Co., my back felt much better. I only had to take one box when my back was as strong as ever and I haven't had any trouble since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Harris had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Notice to Timber Men

We have orders for 20,000 No. 1. cross ties from White Oak, Post, and Chestnut oak, standard specifications of 7"X8"X8 feet and 6 inches long, when sawed and 7"X7" hewed, same length as sawed.

We also have order for 5,000 No. 2 cross ties, to be any size under the above sizes, down to 6"X7" and length to be the same as for No. ones, also to be from above kinds of oak timber.

Almost all timber haulers already know the specification and we mention this for those who will be getting out timber this year who have not made ties before.

Also all this timber must be sound, all knots smoothed off with the tie and all bark peeled off when either sawed or hewed.

A great many haulers lose their grade by measuring with their axe handles and we would ask that you cut a pole exactly eight and one half feet long and make all ties according to this length, and notch it for 7 inches to get face and thickness.

At this time we also wish to thank the hundreds of people who sold their timber to us last year and beg to assure them of the same fair and courteous treatment for the coming season.

The price, effective February 1st is 60 cents each for No. 1 ties and 50 cents for second class.

For Red Oak, Spanish Oak, and all other kinds of oak (except the above mentioned kinds,) also Hickory and Ash we will pay 50 cents for No. 1's, and 40 cents for No. 2's, same specifications as above.
