

# Are You an American Farmer?

**LISTEN!** The farmers of Surry County sold last season almost two million dollars worth of tobacco. Are you putting the money in an old stocking leg or are you lending it to your government now fighting for her life?

The new Liberty Loan now offered is first of all a good investment and is a call upon your manhood to stand for liberty and justice, to protect your home. You get good interest on your money and the strongest security on earth.

What will your land or property be worth should we lose? Don't be too confident that we will win.

## It Will Require Every American Farmer As Well as Every American Banker To Finance This War

And unless you do your part you are not a true American. If we win you will have the pleasure of knowing your dollars helped and the satisfaction of duty done. If you withhold your dollars and don't do your part in every way possible you are a slacker and not worthy of the name of an American.

A government Bond will be a badge of honor for any man and in the years to come you will be proud to say, "I did what I could." For your own sake put every dollar you can in Liberty Bonds and make every ounce of food it is possible to produce.

Now is the hour—don't hesitate a day! Stand up and be a man!

Our government does not ask you to give, only to loan it your money.

Now Listen! Everything you can raise this year on the farm is going to bring big prices. You can afford to be liberal with your money for Uncle Sam. Buy your Liberty Bond today!
