

Ford
THE UNIVERSAL CAR

Owners of Ford cars are advised to be cautious of "counterfeit" or parts not made by the Ford Motor Company. If your car needs adjustment, or repairing, take it to the authorized Ford dealer in your locality, where you will find a reliable service station, with the complete mechanical equipment and the necessary tools to give the highest quality Ford service obtainable—for the standard Ford prices.

All the Ford parts used by Ford dealers are manufactured and supplied by the Ford Motor Co. If your car requires the replacement of any part or parts, is in need of repairs—don't experiment; don't waste time and money trying to "do it yourself." It is one thing to understand and operate a car; it is another thing to make reliable repairs to a car. When anything is wrong with your Ford make a "bee line" or telephone the authorized Ford dealer. We are ready to give you prompt attention. So take your Ford car where satisfaction and economy are sure.

WAR SAVING STAMPS.

Surry County's Part of the Two Billion Dollar War Savings Fund.

North Carolina,	\$48,538,214.00
Surry County	653,510.00
Bryan Township,	41,844.00
Dobson Township,	70,796.00
Eldora Township,	33,000.00
Franklin Township,	46,618.00
Long Hill Township,	25,190.00
Marsh Township,	11,198.00
Pilot Township,	26,620.00
Mt. Airy Township,	184,690.00
Rockford Township,	34,166.00
Shoals Township,	31,372.00
Silom Township,	23,342.00
Stewarts Creek Township,	23,782.00
Westfield Township,	46,684.00
	54,208.00

The above figures are based on \$20. per capita for every man woman and child in the various townships.

Some of our people are unable financially to take their quota, some perhaps dominated by the lacker spirit, well able to buy their quota and more, may perhaps refuse to buy any War Savings Stamps at all. No one person can own in his or her own name more than \$1,000 worth of War Savings Stamps maturity value. But the head of the family can buy to the limit for himself, for his wife and children, even minor children if he so desires.

We have about 30 limit subscribers to the War Savings fund in Surry.

Canvassers for War Savings in the special drive during War Savings week June 23 to 28th, will emphasize the importance of liberal subscriptions and if the Townships are to reach their quota it will be necessary to have a number of limit subscriptions in each Township.

The quota for each Township is maturity value and not cost value.

The subscription of the entire citizenship in Surry will be solicited and the matter will be vigorously presented during the special drive.

No one will be intentionally overlooked. If the people of our County will rally to the support of this work, and practice such economy as we have not done heretofore, take our savings and some of our surplus, and all of the idle money now in the tin box in the various homes in our county, and invest in War Savings we will "go over the top."

State Must Succeed in The War Savings Drive

Winston-Salem, June 7.—There is no alternative for North Carolina in the matter of putting over her War Savings Campaign by June 28, according to Mr. C. J. Thorson of Washington and Mr. Harry Palmer of Nebraska, representatives of the National War Savings Committee who recently visited North Carolina State Headquarters here for the purpose of aiding and advising in relation to the War Savings Drive of June 23-28.

After a close study of North Carolina conditions and affairs at State Headquarters, only one thing can happen as a result of the drive, they say, and that is that North Carolina will not only go "over the top" on that day, but will go over overwhelmingly.

The visitors who are sent out by the National War Savings Committee at Washington express themselves as being highly pleased with the prosperity of the South, particularly that of North Carolina and with the evident signs that the South will have no trouble in raising her full quota of pledges by June 28, and likewise, her sales by December 31.

Mr. Palmer is the man who has put Nebraska on the map as the first State to go "over the top" in War Savings. This it did as early as March 23 by over \$4,000,000 in pledges. Mr. Palmer explains not only Nebraska was able to do this but how she has been able to report the sale of a million dollars of War Savings Stamps every week since that time. Today she has sold several thousand dollars of Stamps over her quota. And he says, the people are not satisfied to stop buying Stamps. The indications are now that she will double her quota.

It is the plan by which Nebraska has worked to such effective results that North Carolina and all other states of the Union has adopted in their War Savings drive this month. The plan has met the approval not only of the President of the United States, but also of the Governor of North Carolina. Both of these executive officers have issued proclamations calling on all people to observe

War Savings Week by pledging to buy as many War Savings Stamps as he will be able to pay for the remainder of the year.

Mr. Thorson says that he has found no State with a better organized and more keenly alive to the needs of the drive than North Carolina. He emphasizes the fact that the Government has issued its orders and no state has any other alternative but to comply.

Administrator Page After Profiteers.

Raleigh, June 8.—Millers and dealers who have been taking advantage of the scarcity of flour and the "combination sale" order of the Food Administration are likely to have a "run-in" with State Food Administrator Henry A. Page, according to a statement issued to the trade in the official Bulletin of the Food Administration which was issued today. According to this statement the conservation of wheat has been held back and discouraged to a considerable degree by profiteering in corn meal and other cereal substitutes and the Food Administration is determined to call a halt on such business.

State Food Administrator Henry A. Page, after an investigation of corn prices in North Carolina and with knowledge of the cost of the corn imported into the State, and with due regard to the legitimate margins that may be charged by millers and retailers, announced definitely that hereafter any price for corn meal to the consumer above five cents a pound will invite investigation, and dealers found to be charging an unreasonable margin will be disciplined. The only justification for a price higher than five cents a pound will be high freight rates or unusual cost of handling due to some extraordinary circumstances.

This procedure is in line with the new policy of the Food Administration to begin investigations at the consumers' and retailers' end instead of with the manufacturers and jobbers. If there is any profiteering on any product anywhere along the line of distribution it will be indicated in the

price to the consumer and with a number of competent inspectors in the field it will be easier and decidedly more effective to begin investigations of apparent profiteering with the retailer.

In some markets in North Carolina corn meal is selling for approximately as much as wheat flour. The Food Administration holds that there should be at least a difference of 20 per cent between the two products.

Kaiser's 'Gold' Cup Was Made of Pewter.

New York, June 10.—German proof of the saying that all is not gold that glitters was forthcoming here today with the disclosure that the "magnificent" cup which Emperor William awarded to the American winner of his ocean yacht race in 1905 was not gold and was not worth \$5,000 as was announced at that time. It was made of pewter with a thin veneer of gold and was worth scarcely \$40.

The deception recoiled against the emperor during the recent Red Cross drive, it was revealed today, as it was auctioned and reaucted until it added \$125,000 to the nation's mercy fund.

President Wilson was in the audience when "the gold" trophy bearing the emperor's likeness engraved on the side was offered for auction a few weeks ago. He probably was desirous of determining the real value of the cup as well as witnessing the auctioneer's efforts.

Wilson Marshall's yacht Atlantic won the race for which the cup was given as a prize.

Greatest Commercial Fleet in all History.

South Bend, Ind. June 10.—America in 1920 will have a merchant marine of 25,000,000 deadweight tons, Chairman Hurley of the shipping board declared here tonight in an address giving the most complete statement of the nation's shipbuilding program which has not yet been made public. He was speaking to the graduates of Notre Dame university.

This commerce fleet, Mr. Hurley said, is largest ever assembled in the history of the world and involving the expenditure of more than five billions of dollars will link the United States to South and Central America by weekly steamer service which will enable the Latin-American countries to utilize their unlimited natural resources in the freest competition with other nations. It also will bridge the Pacific for the transportation of the product of Japan, Russia, China, Australia and the Orient, and will continue to promote America's trade with Europe.

ANNOUNCEMENT

At the solicitation of many of my friends, both democrats and republicans, I have decided to become an independent candidate for the Senate from this District comprising Stokes and Surry Counties.

Many voters in this district believe that the present nominee has had the honor long enough. If I am so fortunate as to receive your vote in the coming election, it will please me to have enacted such laws as are necessary for our counties regardless of politics.

Yours truly,
C. C. HUTCHEN.

THIS WEAK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. WORTHLINE, 2842 North Taylor St., Philadelphia Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthline.
