A Record Will be Kept.

Winston-Salem, June 15.—Attention is being called through a bulletin issued from State headquarters for War Savings to the fact that a record will be kept of every person's support to the War Savings campaign during the week of June 23-28. During the week beginning June 23, every taxpayer will be called on to subscribe his utmost—for himself and the dependent members of his family—to the War Savings loan. A record will be made and kept of his subscription or his reason for not subscribing. The government wants to know if there are those who are not willing to support the government in times like these by subscribing to the most attractive loan that any government has ever offered its people. In other words, the time has come when the people must either take the loan voluntarily or submit to more drastic measures of financing the war.

The reasons assigned for keeping a record of everybody's support during the War Savings drive are many. In the first place, people have as much right to know who are the deserters at home as to know who are the deserters in the army. Deserters in the War Savings Campaign are no more due the protection of secrecy than deserters at the post. Furthermore, the government proposes to deal with those who desert its cause at home as it would deal with those who deserted in active service.

The two particular features of which a record will be made and kept as a result of the drive of June 23-28 will be the amount of the pledge made by every taxpayer, or his excuse for not pledging, or if his pledge is not in keeping with his ability; and further, for his failure to attend the school house meeting on Friday, June 28, to which he has been summoned under the proclamation of the President of the United States.

After Young Lawyers.

Major John D. Langston has recommended to the provost marshal general that young lawyers and traveling salesman be placed in the category of non-productive workers who will come under the work or fight amendment to the selective service regulations.

There is no more useless man in the State than the young lawyer, Major Langston says, from his experience as a lawyer, and he points to the decrease in litigation and the infrequency of court terms in the State in proof of his contention that the younger lawyers who are within draft age and who have been granted deferred classification for various grounds, should be required to engage in productive work or be placed in Class 1.

His opinion of traveling salesman is based on the reduced output from factories and manufacturing establishments on account of decreased labor supply which, he believes, makes a reduction in the traveling sales force, even where women cannot be employed, the easier.

The provost marshal general's definition of persons non-productively employed includes: persons engaged in the serving of food and drink, or either, in public places, including hotels and social clubs; passenger elevator operators and attendants, doormen, footmen, carriage openers and other attendants in clubs, hotels, stores, apartment houses, office, buildings, and bath houses; persons including ushers and other attendants, engaged and occupied in and in connection with games, sports and amusements, excepting actual performers in legitimate concerts, operas or theatrical performances; persons employed in domestic service; sales clerks and other clerks employed in stores and other mercantile establishments.

Excuse for temporary idleness or for being engaged in non-productive occupation, the Provost Marshal General limits to the following cases:

- (a) Sickness.
- (b) Reasonable vacation.
- (c) Lack of reasonable opportunity for employment in any occupation outside of those described in the foregoing section 121-K, or those hereafter specified by regulation or ruling as provided in this section.
- (d) Temporary absences (not regular vacations) from regular employment, not to exceed one week, unless such temporary absences are habitual and frequent, shall not be considered as idleness.
- (e) Where there are compelling domestic circumstances that would not permit change of employment by the registrant without disproportionate hardship to his dependents; or where a change from a non-productive to a productive employment or occupation would necessitate the removal of the registrant from his place of residence, and such removal would, in the judgment of the board, cause unusual hardship to the registrant or his family; or when such change of employment would necessitate the night employment of women under circumstances deemed by the boards unsuitable for such employment of women, boards are authorized to consider any or all of such circumstances as reasonable excuse for non-productive employment.

Three Soldiers Killed When Bridge Gives Way
Marietta, Ga., June 16.—Three soldiers were killed outright four fatally injured and 13 others badly hurt when an army truck in which the soldiers were riding fell through a bridge into the Etowah river, in Cherokee county, 18 miles northeast of here late this afternoon. The dead all of whom were attached at Camp Gordon, Atlanta, are:
Ernest Rheinsmith, Sam F. Smith, and A. L. Masgúise.
The soldiers accompanied by federal agents, were on their way to a point in the northern part of the county to round up draft evaders. They had conducted a raid this morning in which several alleged slackers were captured when the truck got squarely on the bridge, which was of wooden construction, the bridge's supports gave way, the truck falling about 40 feet pinning its victims beneath it. The river was not more than four feet deep at the bridge, it was stated.

German Spies Threaten Empey

That German spies are active in this country was proved recently in the case of Sergeant Arthur Guy Empey, author of "Over the Top" and hero of the big Vitagraph picture of the same title which is founded on the book. Twice in one day the sergeant, who had taken time off from the motion picture studio to deliver several patriotic lectures in Pennsylvania cities, was mysteriously threatened. During his address at Scranton he received a whispered warning to cease his activities and the same night on a sleeper, he again heard the sibilant threat. "We'll get you yet."

Empey, who has been lecturing in behalf of Americanism, the Liberty loan, the Red Cross, and tobacco funds for soldiers says he has received many threats by mail and even bribery proposals sent by enemies of the United States. To all threats and proffers the fighting American replies:—"Five million Huns haven't been able to make the boys 'over there' quit and a few over here are not going to make me quit."

Empey, who is said to be a natural born actor, lives over again in "Over the Top," the vivid and exciting days that he spent in the front line trenches of France as rifleman, bomber and machine gunner. During the making of trench scenes at Camp Wheeler, Ga., he gave the soldiers in training there a real insight into trench fighting and, being one of them was able to picture for the men actual conditions as they exist in the trenches.

Sixteen Steel Ships

In First Half of June.

Washington, June 17.—Deliveries of steel ships to the shipping board in the first two weeks of June numbered 16 with a total deadweight tonnage of 89,162.

Five of the 16 were vessels built on contract for the shipping board and were one-third of the total contract steel vessels built to date. Eleven requisitioned vessels had a tonnage of 55,662 and the five contract vessels 33,500.

Atlanta coast shipyards turned out three of the steel ships, totaling 17,100 tons; Great Lakes yards eight of 26,362 tons and Pacific coast yards five of 45,700 tons.

Officials of the shipping board disclosed today that the 16 fastest built steel ships of the war program have been constructed in an average time of 99-10 days, or slightly more than three months, compared with 12 months before the war.

407 Ships Sunk Were Salvaged

London, June 17.—From January, 1915, to the end of May, 1918, 407 ships sunk by the Germans in British waters have been salvaged, according to details of the admiralty salvage department, made public today.

Up to December, 1917, 206 ships were recovered. In the present year, to the end of May 147 have been salvaged, the increase being due to improved methods and not to the greater activity of U-boats.

Among the difficulties encountered has been the emission of poisonous gas from the rotting cargoes of sunken ships which sometimes have caused the loss of lives. One salvage ship was torpedoed while working on a wreck while sometimes the work of weeks was required to salvage ships.

In one instance a vessel was raised fifteen fathoms by the use of compressed air.

NOTICE OF APPLICATION FOR PARDON!

The undersigned will apply to His Excellency, Hon. T. W. Bickett, the Governor of North Carolina, for a pardon for Chas. Jarrell, convicted April term 1918 of Surry Superior Court and sentenced to imprisonment and labor on the Rockingham county roads for 12 months, for carrying concealed weapon.

The application will be made on July 10th 1918. If you object file your objection.
June 20, 1918.

E. C. Bivens and J. H. Folger,
For Jarrell.

Fore thought.

People are learning that a little forethought often saves them a big expense. Here is an instance: E. W. Archer, Caldwell, Ohio, writes: "I do not believe that our family has been without Chamberlain's Colic, Cholera and Diarrhoea Remedy since we commenced keeping house years ago. When we go on an extended visit we take it with us." Obtainable everywhere.

Wanted.

To contract logging and sawing the timber on the new power plant of the town of Mount Airy. Work to begin July 15. For particulars see John Banner, Chairman; or I. W. Barber, Superintendent. 2t.

For Weak Women

In use for over 40 years! Thousands of voluntary letters from women, telling of the good Cardui has done them. This is the best proof of the value of Cardui. It proves that Cardui is a good medicine for women.

There are no harmful or habit-forming drugs in Cardui. It is composed only of mild, medicinal ingredients, with no bad after-effects.

TAKE

CARDUI
The Woman's Tonic

You can rely on Cardui. Surely it will do for you what it has done for so many thousands of other women! It should help.

"I was taken sick, seemed to be . . ." writes Mrs. Mary E. Vesie, of Madison Heights, Va. "I got down so weak, could hardly walk . . . just staggered around. . . I read of Cardui, and after taking one bottle, or before taking quite all, I felt much better. I took 3 or 4 bottles at that time, and was able to do my work. I take it in the spring when run-down. I had no appetite, and I commenced eating. It is the best tonic I ever saw." Try Cardui.

BLACKBERRIES WANTED!

I will be in the market again for Blackberries this summer and will pay \$1.50 per bushel of 60 pounds or 3c per pound for them. Cash will be paid. Do not get sticks, leaves or water in them. I am buying them strictly for preserves and jam, therefore, they must not have any trash in them.

My place to receive and boil them will be in the big leaf tobacco factory west of Planters Warehouse opposite S. A. Hennis & Co. Pick the berries one day and deliver them the next, they will not do if they are sour. Will begin buying Wednesday, July 10, 1918. I will furnish barrels to haul the berries in.

This June 10th, 1918.

7-19-6t.

J. R. PATTERSON.
