**Mr. F. H. Fries, State Director,  
War Savings Committee,  
Winston-Salem, N. C.**

I most earnestly urge upon you that your organization make every possible effort to the end that pledges for the purchase of War Savings Stamps be fulfilled before the close of the year. The government's monetary requirements were never greater nor more pressing than they are to-day. Expenditures for November were greater than in any similar period. These expenditures growing out of the war must be met by borrowing from the people and their magnificent response heretofore to the government's requirements makes me confident that they will not fail to continue their support to the end that all payments resulting from war necessities will be promptly met. Much remains to be done, our brave troops must be maintained and paid until their work is fully accomplished and they are returned to their homes. This is not a time for us to relax our efforts and the Treasury Department is making plans for larger and even more important work during the coming year. Please make every effort to bring this statement before the people in your district and to urge upon them the continued holding of their War Savings Certificates, the fulfillment of their pledges and additional purchases as their means permit.
