**Parent-Teacher Association
Discusses Amusement
For Young People**

The first business session of the Parent-Teacher association for the new year was held in the high school auditorium Monday evening, with the president Mrs. B. E. Herman in the chair.

Reports of committees were heard and a grade mother appointed for each grade. Each grade mother, the president explained, will be expected to cooperate with the teacher of her grade in securing the attendance of her pupils the interest of the parents of the grade and their membership and attendance in the Parent-Teacher association as well as to assist in planning entertainments or anything that will advance the interests of the grade.

Miss Burns, principal of the North Main street school announced that there would be a Halloween entertainment Oct. 27th, the proceeds of which would be used to purchase a portable victrola for the North Main school to be used by Miss Folger, teacher of public school music, in training the children.

The association authorized Miss Folger to purchase two victrolas at once for the schools so that there need be no delay in her work, pledging the association to make up any deficit that might remain after the entertainment.

Miss Foy presented a plea for furniture for the teachers' rest room at the Rockford street building. They have two rockers, two straight chairs and are asking for a couch, rugs and mirror. These need not be new, discarded things in good condition would be acceptable.

The meeting was thrown open for discussion of amusements and entertainment for young people. Warren Davis was the first speaker from the

high school and gave the picture show, automobile riding, and loafing in drug stores and on street corners as the principal amusements open to our young people. He suggested that the homes be thrown open for parties and card games, but pointed out the fact that no homes were large enough for community gatherings and that had a tendency to create groups or clans. He asked for a public library or reading room open to young people who work, as well as those in school, a dance hall, and improved play grounds, trapeze and other equipment for physical development.

Misses Ethel Brim and Mary Leslie Powell plead for a community center and among their suggestions were an indoor basket ball court with dressing room, a gymnasium, a swimming pool with water heated in winter, and a skating rink. Without exception the young people expressed themselves as favoring card playing and dancing.

Superintendent Hurst pointed out that the town offered nothing elevating, nothing pleasing or entertaining and nothing instructive for her young people to occupy their time out of school and put it up to the people present as to whose duty it was to remedy these conditions, considerable discussion followed. All agreed that amusement should be furnished, while some considered card playing and dancing harmful amusements.

A committee was appointed to confer with the school authorities to seek their permission to throw open the high school building as a community centre under supervision of appointees from the association and left it with the authorities whether or not dancing and card playing should be permitted.

**To The Voters of Mount Airy
Township**

I hereby announce my candidacy for the office of Recorder for the ensuing term. I respectfully ask the support of my friends.

This is a judicial office and in no way connected with the issues involved in state and national politics. Why put it on a basis to make it a football for partisan politicians? That lowers the prestige and dignity of the court, in my opinion. I have served you in this capacity for the last two years; that I have made mistakes, I am ready to admit. Would not another do the same. I think the people who are familiar with the work of this Court, know its beneficial effects, particularly in a financial way. There is an influence being used against this Court for selfish motives. Has been, ever since it was established. I may have more to say about this later.

An effort is being made by some one to prejudice the voters against me, personally, undertaking to lead the public to think that I am not enforcing the collection of fines and costs taxed in this Court. To any unbiased person who really feels an interest in this from unbiased motives, and has no axe to grind, who will go to the Clerk's office, Mr. Deyerle, the Clerk of this Court, will willingly give any information, as to each individual case now on the docket, where the payment of fines and cost have not been collected. I ask that those who are inclined to criticize this Court, do that, and inform yourself before passing judgment.

I have handled all these cases according to my best judgment as to what ought to be done under the circumstances. The enforcement of the criminal and penal laws is a very difficult matter for those who have it on them as a practical question. It is very easy to criticize the actions of men who are in authority, and that without proper information as to the facts.

I invite the closest investigation of my administration of this office.

T. B. McCargo, Sr.

Resolutions Of Condolence

Whereas, God in His wisdom has seen fit to call from us our esteemed friend and co-worker Commissioner-at-large Mr. John L. Banner, and

Whereas, We are grateful for the privilege of having labored with one so faithful, efficient and unselfish as was Mr. Banner as he represented the people of our city, and

Whereas, We sorrow as we contemplate our loss in friendship, fellowship, and service because of his having been taken from us, we therefore desire to place on the permanent records of The Town of Mount Airy, this testimonial for Mr. Banner and direct that this resolution be published in the Mount Airy News and a copy of same be sent to the bereaved family to whom we extend our sincere sympathy.

And yet, so weak and ineffectual is all human consolation in such an hour, but we doubt not your strong faith in Him who "doeth all things well" who will sustain and comfort you His own condolences which are "neither few nor small."

The recollections of him who has so lately departed must be full of painful regret, but we should all look to the brighter aspect, in the hope that he has gone to a happier sphere, and that what is lost to his family and to us is to him "unspeakable gain."

A. V. West, Mayor.

F. M. Poore, Sec. to Board.

**Atlantic Coast Line To Spend
\$13,000,000**

Rocky Mount, Oct. 13.—The Atlantic Coast Line Railroad company is to spend over \$13,000,000 for new equipment and improvement for its property, according to announcement made this morning by local officials of the company.

The new rolling stock to be purchased it is stated in the announcement, includes 45 locomotives, 50 passenger cars, 3,800 freight-train cars, and 30,000 tons of 100-pound rails. The improvements to be undertaken by the company include the laying of 45 miles of double track and the installation of automatic signals.

Other than making the announcement of the expenditure, officials made no comment upon the new equipment and contemplated improvements.

**NO SERVICE AT CENTRAL
SUNDAY MORNING**

**Rev. D. V. Price To Preach
Sunday Night. Church Raised
\$17,219 During Year**

Sunday school and league services held as usual next Sunday.

There will be no preaching service Sunday morning owing to the absence of the pastor Dr. Boyer at the annual conference in Monroe.

Dr. Boyer goes to conference with a full financial report, the church has raised for all purposes during the year \$17,219. This is the best financial report in the history of the church.

Ten children were baptized at the service last Sunday afternoon and three new members admitted into the church.

Rev. D. Vance Price will preach at the evening service next Sunday.—Press Reporter.

We Ask:
Are You Hard to Please
in Ready-to-Wear?
