Samuel Gompers Recovering From Influenza

New York, March 10.—Anxiety over the condition of Samuel Gompers, veteran labor leader, who suffered an attack of influenza and bronchial pneumonia, was removed tonight by physicians at Lenox Hill hospital, who reported the elderly patient much improved and said he might be considered out of danger.

Special Aid For Dobson High School

The County Board of Education is trying to build up a model consolidated school at Dobson with a standard high school department. Mr. J. H. Allred with his able corps of assistants—ten teachers in all—is having fine success in meeting the requirements for accredited relations. He has made arrangements to have laboratory work in relation to his science courses, secured a new state library, which has been generously supplemented by the people of the community, and has provided for the records of the school to be systematically kept. One condition seemed hard to meet: the county funds and local tax funds were not sufficient to run the school the required eight months. Noting that the legislature two years ago made a special appropriation of money to help schools of this kind to get on their feet, Sup't Hendren made application to the State Board for special aid for this school. In response to this application, he recently received the following letter:

"Raleigh, N. C., March 8, 1923.
 My Dear Sir:
 I take pleasure in informing you that the State Board of Education has approved special appropriation to the Dobson High School to the amount of \$1200.
 This amount will be sent to you just as soon as arrangements can be made State Treasurer.
 With every good wish, I am,
 Cordially yours,
 J. Henry Highsmith,
 Supervisor of High Schools."

Large Sum Being Paid To Virginia Growers

Raleigh, March 17.—More than a million and a quarter dollars was paid out to Virginia members of the Tobacco Growers' Cooperative association of the dark-fired area this week on or about March 15, according to the announcement of F. D. Williams, manager of the dark leaf department. According to Mr. Williams' announcement, checks were made out for all dark tobacco delivered up to February 17, by which date the association had received about 20,000,000 pounds of the dark weed. The second payment, like the first will amount to approximately 40 per cent, of the appraised values of the tobacco, and the sum of the first two payments will run well beyond what the farmer has generally averaged for his crops in ordinary years with a further payment assured at a later date. Co-op members in South Carolina who have already received 105 per cent of the appraised values of their tobacco and are assured of a fourth payment, are checking up their gains and are well satisfied with their first year of co-operative marketing.

Anti-Road Bond Forces In Virginia House Claim Win

Richmond, Va., March 9.—The anti-bond forces in the general assembly tonight claimed a victory over the bond advocates, following the action late today of the house roads committee in reporting unfavorably the three bills providing for the submission of a \$50,000,000 bond issue proposal to the electorate, an emergency loan of \$6,000,000 on short term notes and a special tax of one cent per gallon on gasoline, which was coupled with a favorable report on the bill calling for an expression of the voters of the state on the question of whether highway construction should be financed on a "pay-as-you-go" plan or through the issuance of bonds.
 The anti-bond men won another point on the floor of the house when they succeeded in pushing the measure authorizing the governor to borrow funds for road construction in anticipation of the one mill tax to its engrossment and third reading, while the senate finance committee refused to hold back a similar measure in the upper house for consideration along with other highway.

DANGER IN DELAY

Kidney Diseases Are Too Dangerous For Mt Airy People To Neglect
 The great danger of kidney troubles is that they often get a firm hold before the sufferer recognizes them. Health will be gradually undermined. Backache, headache, nervousness, lameness, soreness, lumago, urinary troubles, dropsy, gravel and Bright's disease may follow as the kidneys get worse. Don't neglect your kidneys. Help the kidneys with Doan's Kidney Pills, which are so strongly recommended right here in Mt. Airy.
 Mrs. J. F. Davis, 112 Lebanon St., says: "I was down with my back and the pains were so bad, I surely was in misery. I couldn't move one way or the other and would cry from pain. There was only one remedy that gave me any relief and that was Doan's Kidney Pills. A few Doan's always bring me quick results."

EVERY TRACE OF FLU DISAPPEARS

Dreadful After Effects Entirely Overcome, States Atlanta Citizen Gains 18 Pounds.

"I have reaped such great benefits from taking Tanlac that I can tell the world it is a truly wonderful medicine," recently declared A. W. Wheelless, 125 Peachtree St., Atlanta, Ga., special representative of the Wright Co. dealer in hotel equipment.
 "I suffered with nervous indigestion a year or more, lost nearly twenty pounds and became badly weakened. Then in this rundown state, I was stricken with 'flu' and it left me in a very critical condition. I had no appetite, could not digest properly the little I did eat, and was too nervous to sleep.
 "Hearing of Tanlac through some friends I concluded to test it for myself. It ended my indigestion, built me up eighteen pounds, and ever since it set me right I have enjoyed excellent health. I gladly recommend the treatment, not only for what it has done for me, but also for the good it has done a number of my friends and relatives."
 Tanlac is for sale by all good druggists. Take no substitute. Over 35 million bottles sold.

About 7000 people read The Mount Airy News and have been reading it for many years. You have it sent to your home the next time you come to town.

NOTICE
