

**Pocahontas' Supposed Grave Yields No Remains**

Gravesend, England, May 30.—The grave in St. George church yard here in which tradition says the Indian princess Pocahontas was buried, was opened today on instruction from the home office, with the object of discovering if any remains were actually there, but it is stated that none was found.

The search will be continued. It is stated that if any remains are found later they might be submitted to expert examination and some time must elapse before it can be definitely stated whether the bones of the Indian princess have actually been located. A number of other remains must be brought to light, it is said. Pocahontas, celebrated in history because of her intervention with her father, Chief Powhatan, for the life of Capt. John Smith, died at Gravesend in 1617 after her marriage to John Rolfe, one of the settlers at Jamestown. A movement has been on foot for some years to recover her body and return it to Virginia.

**Coin Named Man to Kill Anse Hatfield**

Charleston, W. Va., May 30.—A coin was tossed to determine who would kill Anse Hatfield, Matewan hotel proprietor and prominent figure in the Matewan disorders in 1920, according to testimony Tuesday in the federal court injunction hearing against the United Mine Workers.

The story of the Hatfield death gamble which came shortly before the plaintiff coal operators concluded the introduction of their testimony, was told by Ike Brewster in describing the Matewan "street battle" Baldwin-Felts detectives were killed after they had evicted striking miners from company houses.

After Hatfield had testified before a grand jury investigating the Matewan shooting a number of men met to discuss reprisal measures. Brewster declared, and finally determined who would kill Hatfield by tossing a coin.

**FULLY RESTORED HER AFTER FLU**

**Mrs. Carpenter Pours Out Gratitude for Splendid Health Tanlac Gave Her 4 Years Ago.**

"Four years ago Tanlac restored me to perfect health and I have felt splendid ever since," declared Mrs. R. B. Carpenter, R. F. D. No. 2, Gastonia, N. C.

"A severe attack of the flu left me terribly run-down, my stomach and digestion all out of order, and it seemed I just couldn't get my strength back. Nearly every kind of solid food upset my stomach, and at times I couldn't retain a bite. I used to think I was hungry but the minute I sat down at the table all appetite left me. I have always done my own housework, but during this spell I was hardly able to do even the lightest task.

"Friends told me the Tanlac treatment was what I needed, and I have been grateful a thousand times, for I began improving as soon as I started it. I am free from stomach trouble, feel strong and happy, and can do my housework with ease. I gladly recommend Tanlac."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37-million bottles sold.

Tanlac-Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.

**DR. J. M. REECE DIES IN HIS HOME AT ELKIN**

**Death Came Very Unexpectedly, Physician Being Found Dead in His Bed**

Elkin, June 1.—Not for many years have the people of Elkin sustained such a grievous and sudden shock as this morning when the news of the death of Dr. J. M. Reece became known. So sudden and entirely unexpected, it comes as a blow to his family and to the entire town. He had not been in robust health for a number of years and for a period of some months, a few years ago, he had to refrain from the practice of his profession but later resumed it.

Last night he attended the weekly luncheon of the Kiwanis club of which he was a member, and after returning to his home had remarked that he did not feel well. His wife talked to him about 2 o'clock in the morning and it is supposed that he expired soon afterward. He had instructed a servant to call him at 7 as he had an early morning professional visit to make, and when the boy had called several times with-

out response, Mrs. Reece arose and went to his bed to find life extinct. Dr. Reece had been one of the town's foremost physicians and was one of the most beloved and highly esteemed citizens of the community. He was a member of the Methodist church. He was 64 years of age, and is survived by his wife, one daughter, Mrs. Jesse Glenn, of Winston-Salem, one son, Joe Reece, also a brother, W. L. Reece, of Dobson, and several sisters.

The funeral will be conducted on Sunday morning at 11 o'clock, attended by honors from the fraternities of which he was a member.

**Recommends Chamberlain's Tablets**

"Chamberlain's Tablets have been used by my husband and myself off and on for the past five years. When my husband goes away from home he always takes a bottle of them along with him. Whenever I have that heavy feeling after eating, or feel dull and played out, I take one or two of Chamberlain's Tablets and they fix me up fine," writes Mrs. Newton, Vreeland, Minos, N. Y. Take these tablets when troubled with constipation or indigestion and they will do you good.

The Home of the Soul  
In olden times, it was believed that the seat of the soul was the stomach, most likely for the reason that a man is never so completely used up as when his stomach is out of order. For the cure of ordinary stomach troubles, there is nothing quite so prompt and satisfactory as Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. Give them a trial. They only cost a quarter.

**YOU can have a Beautiful Complexion—Neck and Arms**

Chamberlain's Tablets help you get a beautiful complexion. Remove freckles, pimples, spots, and all skin troubles. They clear the system, give you a clear, white, healthy skin. Use them for the skin.

Don't rub off the all colors of freckles, pimples, spots, and all skin troubles. They clear the system, give you a clear, white, healthy skin. Use them for the skin.

Total health, any time, any place. 25¢ per bottle. Chamberlain, Inc., 226 N. 2nd St., N. Y.

Gasoline, to give you complete satisfaction, must be made to specifications as carefully as the motor in which it is used.

**In its all-round completeness lies the strength of "Standard" Gasoline**

**Made in Carolina**

JUST as there is a great difference in houses, automobiles and roads because of the way in which they are built so there is a marked difference in gasoline. Building good gasoline is chiefly a matter of skill, long experience and up-to-date equipment. "Standard" the Balanced gasoline, is complete because it is built to rigid specifications. It has all the qualities that you require in a motor fuel.

This gasoline hasn't been perfected in a week or a month or a year. Constant effort over a long period of years has made it possible: Starting with a strong foundation of abundant power, this company has built into its gasoline those other qualities which you usually take for granted but which are very often lacking—quick pick-up, instant starting, long mileage, full clean burning, uniform quality.

Get all the satisfaction you're entitled to from your annual gasoline investment—by using "Standard" regularly. At the red S. O. pump—everywhere.
