In the Recorder's Court

For several weeks the Recorder's court has had very little work to do so tight have the police been on the job. Only one case of much interest was before the court Monday and that was a gambling affair. Last Sunday night Officers Jones and Morris caught five men gambling in the woods over near the quarry. The fellows had thrown a sack on the ground and were playing by the light furnished by an automobile and were in the midst of a very exciting game when the officers walked up on them from behind the car which was supplying them with light. When caught there was \$66.25 in money on the ground and the fellows were still raising their bids.

Those caught in the net were Elvin Roberts, Geo. Sutphin, Michael Timmons, R. C. Campbell, and Claude Edwards, and all entered a plea of guilty. Roberts paid a fine of \$100, Sutphin \$25, Timmons \$15, and the others \$10 each. The raid was a nice one from the officers' stand point for under the law they get one-half of the \$66.25, the money up at the time of the capture, and the other half goes to charity, to be designated by the court.

Dick McKinney was before the court a second time for speeding and this time the court fixed it so there will be no more trouble with Dick on the subject of speeding. He is not to drive a pleasure car for the next 12 months. He is permitted, however, to drive a truck while at work, but no more pleasure trips for him during the next 12 months.

Will McMillian is in jail waiting for trial on a charge of selling liquor. About a week ago the officers found nearly three gallons buried in the ground near the Springs and McMillian is charged with placing it there for later delivery. McMillian has been running a pop stand at the dancing pavilion at the Springs during the summer but the officers suspicion that his sales have not always been confined to soft drinks alone.

Salem to Have New House of Worship

For several months plans have been in the hands of architects for the erection of a new house of worship at Salem, three miles north of Mount Airy. The plans are now complete and have been submitted to contractors for bids and it is expected that work will begin on the new building within the next few weeks.

The erection of the new church is made possible by the liberality of Mrs. Kate Smith Johnston, of Winston-Salem, daughter of Z. T. Smith, of this city. Mrs. Johnston has taken an interest in the work at Salem on account of this church being the place of worship of her mother. Mrs. Johnston proposes to build the church and the membership will furnish it, which will include the pews, heating plant and lighting system.

The church is estimated to cost about \$25,000, and the furnishings to be supplied by the membership about \$5,000.

Mount Airy Boy May Fly Around World

Lieut. Vance Haynes, son of Sheriff Haynes, of this city, has returned to his post in Washington, D. C., after spending several days in this county. It is a source of pride to the people of Mount Airy and Surry county to hear of the rapid rise of Lieut. Haynes in the air service of his nation. Only a few months ago he was honored by being chosen one of six to pilot an airplane from Texas to some of Uncle Sam's island possessions in the West Indies.

Recently the Secretary of War approved a flight around the world by a squadron of machines and Lieut. Haynes has made application to enter the flight. This latest effort is supposed to begin at New York City, going by way of Newfoundland, Greenland, Iceland, England, and France to the Mediterranean; from there it will be over Mesopotamia, India, Indo-China and Japan. The flight across the Pacific will be by way of the Kuril Island to Alaska, thence down the coast to the United States. The route is being so planned as to afford the shortest possible routes over water. The longest "hop" will be across the Atlantic from Newfoundland to Greenland, a distance of about 800 miles, without a stop. Lieut. Haynes says that in making these long "hops" the navy will patrol the route to rescue any aviator who might have to give up the flight from any cause.

There will be no effort to break any record time of circling the globe as this trip is estimated to take three to four months, but the army officers of the United States want to be the first in the world to send a fleet of airplanes around this sphere. Should Lieut. Haynes be selected as one of the pilots his part in this latest move of the government will make history and add more honors to those he has already gained.

Sunday School Convention, On August 13 and 14.

Those in charge of the arrangements for the Surry County Sunday School Convention, which will be held at the Baptist church, Park Mountain, N. C., on Monday night and Tuesday, Aug. 13 and 14, 1923, are confident that Sunday School workers from all sections of the county will be in attendance at the various sessions of the meeting.

Programs for the convention have been sent throughout the county, and each Sunday School invited to send a large delegation of teachers, officers, and other interested members to the convention.

While the convention is planned primarily for Sunday School teachers and officers, all who are interested in Sunday School work are invited to attend, and a special invitation is given to the members of men's and women's organized Bible classes.

The officers are requesting the cooperation of all pastors, superintendents and other Sunday school leaders in the effort to make the convention a success.

The two out-of-county speakers on the convention program will be D. W. Sims, general superintendent of North Carolina Sunday school association, and Miss Flora Davis, assistant superintendent. Both Mr. Sims and Miss Davis are well trained and experienced Sunday school workers. With these two outside speakers, and the splendid local talent, the county officers feel that an interesting program is assured.

Beautiful Party For Youthful Guest
