Dr. Slodd Thinks More of Motherhood Than of Poetry

Wake Forest, Oct. 28.—Dr. Benjamin Slodd one of the best loved members of the Wake Forest faculty, evidently believes that motherhood is a higher calling than versification. Such is the conclusion that one would draw from a letter which he recently wrote. An unmarried woman sent the venerable scholar a 30,000 line poem entitled "Men, Nature and God," with the request that he read and criticize the poem. Dr. Slodd is reported to have replied in substance, "When you are married and have raised six children giving them the proper attention, I the request that he read and criticize your poem."

A Remarkable Record

Chamberlain's Cough Remedy has a remarkable record. It has been in use for almost half a century and has constantly grown in favor and popularity as its good qualities become better known. It is the standard and main reliance for the disease in thousands of homes. The facts that it can always be depended upon and is safe and pleasant to take are greatly in its favor when it is wanted for children.

Ford Sales

Detroit, Mich., Oct. 25.—How rapidly the trend of sentiment is swinging toward the use of lighter motor car equipment, in order to more satisfactorily meet present day traffic conditions, is emphasized in the tremendous increase in sales of the Ford Motor Company for the first three-quarters of the present year.

An analysis of these sales show that the sentiment is not alone among passenger car buyers but extends to commercial car purchasers, who are finding that the small motor haulage unit effects more efficient, speedy and economical delivery service.

Sales of Ford cars and trucks in the United States for the first nine months of the year totaled 1,354,020, it is just announced. This is an increase of 466,433 over the same months of 1922.

In September alone, 141,467 Ford cars and trucks were delivered at retail, a gain of 35,029 over September last year while truck sales for the month were 15,947 or 4,599 more than in the same month a year ago.

How Better Than Pills?

The question has been asked. In what way are Chamberlain's Tablets superior to the ordinary cathartic and liver pills? Our answer is, they are easier and more pleasant to take and their effect is so gentle that one hardly realizes that it is produced by a medicine. Then, they not only move the bowels but improve the appetite and strengthen the digestion.

LADY GOT SO WEAK COULD SCARCELY STAND

After Suffering From Many Female Troubles This Lady Heard of Cardui and Took It, She Says, "Until I Was Well."

"SOME TIME AGO," says Mrs. Beena McFarland, of R. F. D. 2, Beale, N. C., "I suffered a great deal with weakness common to women. I had bearing-down pains, my sides and back hurt, and my limbs drew. I would get so weak in my knees I could scarcely stand. "I had been trying other remedies... but did not get any better. "Some one told me of Cardui, and what it was recommended for. I also took a Ladies Birthday Almanac and read of a case something like mine. I told my husband to get it and I would try it. "I saw a great improvement after the first bottle (of Cardui), so I kept it up until I was well. Now I am the picture of health. "Thousands of other women have written, to tell of the beneficial results obtained by taking Cardui, and to recommend it to others. "Cardui has done the best of extensive use, for more than forty years, in the treatment of troubles common to women. Try it."
