Notice of Sale of Land By virtue of a power contained in a deed of trust executed on the 11 day of August, 1915, by Joseph Dobson and wife Mollie Dobson, registered in the office of Register of Deeds of Surry county in book No. 57 at page 18, default having been made in the payment of the note therein secured by said deed of trust, I will sell at public auction to the highest bidder for cash on

Saturday the 8th day of Mar. 1924, at one o'clock, P. M. at the court house door in Dobson, N. C., the following described lands: Beginning at a post oak, W. B. Holyfield's corner and runs N. W. with said Holyfield's line 231 ft. to a rock pile, thence north-east 222 feet to a rock pile on the edge of a new road, thence south-east 90 feet with said road to a rock pile, in G. M. Burrus's line, thence south-west with said line to the beginning, containing 1-2 acre acre more or less.

This the 4th day of February 1924. J. F. Bland, Trustee.

TRUSTEE'S SALE By virtue of a deed of trust executed by Nora H. Jones Norman and J. H. Norman on the 1st day of April 1921, and recorded in Book 75, page 85 of the record of deeds of trust of Surry County, I will sell to the highest bidder, for cash, in front of the First National Bank of Mount Airy, Saturday, the 15 day of March 1924, at one o'clock, P. M. the following described real estate, to-wit: A tract of land lying in Surry county adjoining the lands of Mrs. L. B. Alberty, Betty Wilmoth, W. B. Bates and others, containing 56 acres, more or less. Sale made to satisfy a debt of \$1500.00 with interest and cost to be added.

This 11th day of February, 1924. J. H. Norman, Trustee.

NOTICE Having qualified as administrator C. T. A. on the estate of Ellis F. Jarrell this is to notify that all persons having claims against said estate present them to the undersigned immediately, or within one year of the date of this notice or same will be placed in bar of their recovery. All persons indebted to the estate are asked to make prompt settlement. Feb. 12, 1924. S. F. Jarrell, Adm. E. C. Bivens, Atty.

ONE AT A TIME BOY KILLS PARENTS AND TWO SISTERS

Grand Criminal Against Enterminates Relatives For Gain

Atlanta, Ga., March 1.—Eugene Mc Dowell, the most inhuman murderer ever accused by a Southern court?

Which is Frank McDowell, nineteen years old, who burned his two sisters to death here Feb. 19, 1923, and a year later to a day killed his father and his mother, Mr. and Mrs. John M. McDowell in St. Petersburg, Fla., murdering them as they lay asleep in their bed.

Prosecuting officers declare the boy is a fiend, but perfectly sane, and want him sent to the electric chair. They believe he killed his two sisters and his parents simply to obtain money with which he planned to travel over the world, first visiting New York and Paris.

Refused to Work From statements made by neighbors of the McDowells when the family lived in Decatur, Ga., a suburb of Atlanta, the prosecution believes it has got facts enough to furnish a motive for the killing of his two sisters.

Money is also the motive they advance in explaining why the boy murdered his father and his mother. Chief of Police George M. Conlick of St. Petersburg and Detective John Trotter of the same city, believe that Frank McDowell hoped to get \$17,000 through the death of his parents. With his sisters out of the way, he was their only heir. This money would have included insurances on his father's life, long term notes due on proceeds from a newspaper which the elder McDowell had owned in Decatur but had sold following the death of his two daughters, and money from the sale of the McDowell home in Decatur.

In substantiating their theory, the officers point out that the only job Frank McDowell ever had was as an insurance agent, and that the only policies he ever sold were two on his father's life. Each of these policies was sold in the last year, since the death of the two McDowell sisters, and each had a clause which provided that the amount of the indemnity would be doubled in case of the elder McDowell came to a violent death.

Further bearing out their theory that the nineteen-year-old boy killed his parents for money and not because he was insane, the officers have obtained a statement from W. J. Kelly of St. Petersburg, an intimate ac-

quaintance of McDowell's, in which Kelly says that the youth's ambition was to travel over the world and that his constant complaint was that he needed money.

Laughed for Broadway He said that many times Frank McDowell had tried to persuade him to leave Florida and trust their luck somehow to reach New York and then Paris. The boy, he declared, was constantly picturing the perfect life that could be led in the glitter of Broadway's white lights.

Officers of De Kalk County, Georgia, of which Decatur is the county seat, also believe that McDowell is sane and, in case he is not convicted of murder in Florida, they have asked that he be returned to Georgia for trial.

On the other hand, relatives, friends and alienists believe the boy is suffering from a form of insanity known as egomania, which makes him think only of himself and renders him utterly regardless of every one else. In this connection the startling statement has been made by a well-known Atlanta alienist that egomania is not an uncommon disease and that every city has its quota of Frank McDowells walking the streets, capable of terrible crimes such as this nineteen-year old boy has confessed.

Babe Ruth is Richest Ball Player of History New York, Mar. 4.—Babe Ruth, at 30, has achieved not only a measure of fame at least equal to that of any other private individual, but also has attained a degree of financial compensation for his talents far in excess of any other ball player that ever lived. Ruth is assured of a berth with the New York Yankees this coming season and for two more seasons at \$52,000 a year. That's 1000 a week—

and if one is statistically minded, his income by the day, hour or minute might prove illuminating.

It is said that in the year following Ruth's phenomenal achievement of 59 home-runs in one season he earned more than \$100,000 in addition to his salary, on side income, through the enterprises of those who made commercial capital of his name and fame.

Christy Mathewson in his own day greatest of the great ball players, is said never to have received more than \$12,500 a year.

Cy Young, of the old Cleveland club, in the National League, was never paid more than \$4,500 a year, it is declared.

Ruth passed his thirtieth birthday this month. He seems to be a fairly successful young man at 30!

By virtue of the power contained in a certain deed of trust executed on the 29th day of December, 1923 by R. L. Reeves and Pearl Reeves to the undersigned trustee to secure a certain note, default having been made

in the payment of same I will offer for sale in front of the Bank of Mount Airy on the

15th day of Mar. 1924 at 2 o'clock, P. M. the following described tract of land. The undivided interest of Pearl Bennett in the John T. Reeves home place now owned by the said R. L. Reeves and Pearl Reeves and for a specific description see deed to them. Sale made to satisfy note and interest due thereon. E. C. Bivens, Trustee.

Good Citizens Frank James Calvin Welch, of Mount Airy, E. F. D. No. 1 died at a hospital in Winston-Salem Thursday morning at 12:10 o'clock. He was fifty years old.

Mr. Welch went to Winston-Salem Tuesday with a load of tobacco and was taken ill that night. He lived near this city for 9 years, and was a well-to-do farmer.

The deceased is survived by his wife, who was Miss Etta Hill; two daughters, Elsie May and Mary Ethel four sons, Charles of Detroit; Emory of Fort Monroe, Va.; and George and Manley of Mount Airy.

The body was sent here for burial.

NOTICE By virtue of the power contained in a certain deed of trust executed on the 29th day of December, 1923 by R. L. Reeves and Pearl Reeves to the undersigned trustee to secure a certain note, default having been made

ALL WOMEN WHO WORK

Should Know how this Worker was Made Strong and Well by Lydia E. Pinkham's Vegetable Compound

Zahl, N. Dakota. "I was nervous and weak and was not regular. I also had pains frequently. I was sickly for seven years and finally had a nervous breakdown following an operation. I am a dressmaker and milliner, and a lady I work for told me of Lydia E. Pinkham's Vegetable Compound. I am taking it and it has made me well and able to do my work again. I have even helped take care of a sick neighbor recently, so you can see how fit I am. I highly praise your medicine and you may use my letter as you see fit. I hope it will help some other woman."—Mrs. Ols Norman, Box 28, Zahl, North Dakota.

Over 121,000 women have so far replied to our question. "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?" 99 per cent. of these replies answer "Yes." This means that 99 out of every 100 women taking this medicine for ailments for which it is recommended are benefited by it. For sale by all druggists.

Don't Pay \$1,000 or More for a car, without knowing what the leader offers in the fine-car field

WE made a canvass of many who bought rivals of Studebakers. We said, "Tell us why you liked your car the better." The majority said, "We did not even look at the Studebaker." Most of them bought new models of the car they owned before.

Yet Studebaker is a leader in the fine-car field today. Studebaker builds more quality cars than any other plant in the world. Studebaker is the sensation of modern Motordom. Its amazing growth signifies a new situation in this field.

Last year, 145,167 fine-car buyers paid \$201,000,000 for Studebaker cars. Nearly three times as many as in 1920.

Is it fair to yourself—or fair to us—not to learn the reasons for this trend?

Facts to consider Studebaker assets are \$90,000,000—all staked on satisfying, better than others, buyers of high-grade cars.

Over 23,000 men have their future at stake on giving you maximum values.

\$50,000,000 in modern plants and equipment, of which \$32,000,000 has been added during the past five years.

\$10,000,000 in body plants to give you superlative beauty. To give that final touch for which Studebakers have been famous for decades.

125 experts who devote their whole time to studying betterments. Who make 500,000 tests per year to maintain our supremacy.

Consider Studebaker history. For 72 years this concern has stood for high principles and policies.

For two generations, against all the world, it held first place in horse-drawn vehicles.

Table with 2 columns: Model and Price. LIGHT-SIX: 5-Door 112" W.B. 40 H.P. Touring \$1945.00, Roadster (3-Door) \$1925.00, Coupe-Roadster (2-Door) \$1195.00, Coupe (5-Door) \$1395.00, Sedan \$1485.00.

Now for years its name and fame have been committed to like attainments in fine motor cars.

If you only knew There is no room here for details and comparisons. You will find them all in Studebaker showrooms. But let us cite some significant facts.

That lack of vibration, so conspicuous in Studebakers, costs us \$600,000 yearly in extra machining of crank shafts.

That matchless strength in vital

worked out to exactness for supreme service in its place.

We employ 1,200 inspectors to make 30,000 inspections of the material and workmanship in each Studebaker car—before it leaves the factory.

Consider how Studebaker has always led in the building of high-grade cars. We were first to use cord tires as standard equipment. We were the first quantity manufacturers to build bodies of the highest grade.

If you want beauty, fine upholstery, rich finish and equipment, consider that Studebaker has had more experience in fine coach building than any other motor car maker.

Our place no accident The pedestal place which Studebaker holds in the fine-car field is not the result of accident. It comes from principles as old as this business—the ceaseless and determined ambition to excel.

Learn the result of these efforts. Compare detail by detail, part by part, with any car you wish. When you foot the advantages, you will find that they number scores.

These are facts you should know. They are inducing 150,000 per year to choose Studebaker cars.

Some sell at \$1,045. Some meet with every requirement in size and power and luxury. But the chassis are all alike, save in size. The same steels, the same standards throughout. Every important Studebaker part represents the best we know.

People have learned these facts—hundreds of thousands of them. The demand for Studebakers has almost trebled in three years. It has become overwhelming, even for our facilities.

Investigate the reasons. You will find them by the scores. Then, if you choose a rival car, we shall have nothing more to say.

Note the bumpers, the steel trunk, the extra cord tires, the motorometer, the courtesy light on some models. Figure what they would cost as extras.

The infinite care We use 35 formulas for steel, each
