LABOR DECIDES ON LaFOLLETTE

Legislative Committee of American Federation is Unanimous in Choice.

Atlantic City, Aug. 2.—The American Federation of Labor tonight formally endorsed Robert M. La Follette as presidential candidate over Calvin Coolidge and John W. Davis...

The endorsement came in the unanimous adoption by the legislative committee of the report of the federation's non-partisan political committee which favored La Follette and the platform upon which he is making his race.

The report of the executive council was not made public, Samuel Gompers, veteran president of the federation, explaining that time was too short to complete the final draft tonight but that the council's recommendation to three million members of the organization would be made public tomorrow afternoon.

In granting this support to La Follette and Senator Burton K. Wheeler, his running mate, the executive council made it plain that it was not identifying itself or the federation with the new progressive party, but that merely, in its opinion, La Follette's candidacy offered more opportunity to labor than any of the other presidential tickets.

REVIVE TALK OF FLIGHT TO POLE

Believe Next Session of Congress Will Grant Permission for Trial.

Washington, Aug. 2.—With army aviators thrilling the world with their practically accomplished flight around the world, the United States Navy tonight revived the long projected dash over the North Pole in a dirigible balloon.

Officials declared their belief that the next session of Congress would authorize the journey and that sometime during the coming summer one of the navy's big rigid type airships would soar over the frozen North to give man his first sight of the Pole from the air.

The Navy will have available two rigid airships, capable of making seventy miles an hour or more and fully able to make the North Pole flight—the Shenandoah, in which the trip was originally planned, and the ZR-3 a Leviathan of the air, nearing completion for the government in the Zeppelin plant at Friedrichshafen, Germany.

Officials may decide to abandon the Shenandoah for the Polar dash, and use the ZR-3. The new balloon, which will sail for the United States probably sometime in the autumn, is equipped for long voyages with all the luxuries of her sister of the sea, the Leviathan. The ZR-3 could carry a larger party of scientists and observers than could the Shenandoah, according to Navy authorities.

Plans for the reception of the ZR-3 are taking shape. Test flights indicate an early departure for the United States.

Whose Judgment May Be Trusted to Manage Your Property?

Before you make this important choice you owe it to yourself, and to those whom you wish to benefit, to compare the admittedly superior advantages offered by a good bank possessing the qualifications of any individual you might select to act as your executor and trustee. Many people have an impression that the expert administration of an estate by a big organization like the Bank of Mount Airy costs more than the services of an individual trustee. Let us begin, therefore with the fact that these fees are established by law; that they are the same whether an institution of trust acts as your executor or an individual, and that they are exceedingly moderate in North Carolina, being based on the amount of principal and income received and paid out. Moreover the total final charges against an estate are usually less when a bank serves as executor and trustee.

THE BANK OF MOUNT AIRY

Acts as Administrator, Executor, Guardian and Trustee.

Pain In Back & Sides

"FOR A LONG TIME," says Mrs. Dora Payne, of Huntington, Tenn., "I felt nervous, tired and worn-out. I did not feel like doing my work, visiting or anything."

"I suffered much pain in my back and sides. My limbs hurt, my knees would tremble without apparent cause and I would have to sit down."

"I was very nervous. I would have a tired, dull headache."

"I had read so much about Cardui I asked my husband

to get it for me. The very first bottle seemed to help me. After the second... I was better than I had been in months. I certainly can praise Cardui."

"I have taken three bottles. Now I hardly walk when the sun shines, to garden, I am feeling fine."

Similar results to those described above have been reported by thousands of other women. Cardui's 40 years of success should encourage you to give it a thorough trial for the relief of any common female ailments. For sale everywhere.

K. K. Ka. Give \$2,000 Cash to Cyclone Mack

Berkley, W. Va., July 29.—Fifty robed Klansmen marched into the tent where Cyclone Mack, (Ray. B. F. Ma-

London) is holding services here last night and presented him with a check for \$2,000, the largest donation ever made to an individual at a religious gathering in the state.

The Sunday evening service marked the beginning of the last week of the five-week services here. Crowds ranging from 5,000 to 12,000 have attended the meetings every night.
