**Whose Judgment May Be Trusted to Manage Your Property?**

Before you make this important choice you owe it to yourself, and to those whom you wish to benefit, to compare the admittedly superior advantages offered by a good bank possessing the qualifications of any individual you might select to act as your executor and trustee. Many people have an impression that the expert administration of an estate by a big organization like the Bank of Mount Airy costs more than the fact of an individual trustee. Let us begin, therefore with the fact that these fees are established by law; that they are the same whether an institution of trust acts as your executor or an individual, and that they are exceedingly moderate in North Carolina, being based on the amount of principal and income received and paid out. Moreover the total final charges against an estate are usually less when a bank serves as executor and trustee.

**THE BANK OF MOUNT AIRY**  
 Acts as Administrator, Executor, Guardian and Trustee.

**"Perfect Satisfaction depends upon Proper Application"**

PRODUCT well chosen... time to suit... quality that can be depended on to develop all the beauty that a home can get from the use of Paint, Varnish or Enamel.

That time is saved that correct application of Paint, Varnish or Enamel is equally as important as the quality and suitability of the product.

Thousands of Devocemenories... where daily avoid themselves of Devoc's guidance in the most scientific and effective application of Paint and Varnish Products.

 W. G. SYDNOR, Sec. & Treas.

**Dull, Sluggish Feeling**

**"BLACK-DRAUGHT"** is our household stand-by," says Mrs. Thomas H. Kell, who lives near Ellijay, Ga. "We have been using it years and years. My mother's family used it and we do here and my four sisters do, too. "I could not run my house without Black-Draught. I give it to the children whenever they need a purgative, and both Mr. Kell and myself take it. As a medicine for sluggish liver and headache, and the fits that come with constipation, Black-Draught is fine. "Lots of times I have felt dull and sluggish, my head would ache and I had to make a great effort to do my work. A little dose of Black-Draught would correct this feeling. We always keep it on the medicine shelf. Be sure that you get Theodor's, the old, reliable Black-Draught powdered herb liver medicine. At all dealers."

**DR. PEACOCK ARRESTED IN CALIFORNIA**

Case of Criminally Insane Man One of Most Extraordinary in Annals of North Carolina.

**WILL FIGHT EXTRADITION**

Raleigh, Sept. 21.—Dr. J. W. Peacock, of Thomasville, N. C., who escaped from the criminally insane ward of state's prison here on August 30, 1922, and for whom a nation-wide search was instituted, was captured at El Cajon, Calif., yesterday, state prison officials announced tonight. Prison officials received word of the capture today from Warden S. J. Busbee, of the prison, who effected the man's re-arrest. Warden Busbee had been sent to California on a "tip" that Dr. Peacock was in that state.

The trial of Dr. Peacock for the killing of Chief of Police J. E. Taylor, of Thomasville, his subsequent committal to the insane department of state's prison, his escape and the nation-wide search which it precipitated, formed one of the most noted criminal cases in the annals of North Carolina.

Chief Taylor was shot down by the physician in the street of Thomasville early in April, 1921. Peacock was jailed, and at his trial in June of that year was found to be insane by the jury and was committed to the insane department of state prison. On August 30, 1922, Peacock escaped from the prison by sawing the bars of his cell and tying his blankets into a rope down which he descended. Prison officials immediately instituted a search, and last year Peacock was seen by a North Carolinian in Florida, who reported the matter.

The doctor had appeared before Florida officials, had himself examined and declared sane and resumed the practice of his profession. Governor Morrison at once requested his extradition by the executive of Florida and a hearing took place in Tallahassee. It was announced that Peacock would be returned to North Carolina, but before the papers could be issued he disappeared. He had not been under arrest while the hearing was in progress.

A few weeks ago he was traced to Los Angeles, California, but there he disappeared. Last week prison officials were notified that a man believed to be Peacock was at El Cajon, California.

Governor Morrison, at the request of superintendent Pou, of the prison, issued extradition papers naming Warden Busbee as the agent of North Carolina. Warden Busbee left at once for the western state and experienced no difficulty according to dispatches received here, in locating Peacock and effecting his arrest. Warden Busbee notified Superintendent Pou that Peacock will fight extradition, but, in anticipation of this, the warden was given authority to employ counsel in the matter.

**Always Feel Good After Eating**

Chamberlain's Tablets are just what you need when you feel dull and stupid after eating. They stimulate the action of the stomach, liver and bowels, and the whole body responds to the renewed activity of these important organs. Only 25c.

**"If Your Pain Is There, What You Need Is a Good Tonic For the Kidneys"**

The kidneys are the scavengers and they work day and night in separating and the poisons from the blood. Their signals of distress are easily recognized and include such symptoms as lumbago, backache, depressions, drowsiness, irritability, headaches, dizziness, rheumatic twinges, dropsy.

People are realizing more and more every day that the kidneys, just as do the bowels, need to be flushed occasionally. The kidneys are an eliminative organ and are constantly working, separating the poisons from the blood. Under this continual and perpetual action they are apt to congest, and then trouble starts. Uric acid backs up into the system, causing rheumatism, neuralgia, dropsy and many other serious disturbances. It means that you are a victim of uric acid poisoning. Then ask your druggist for Anuric (anti uric acid) and you will very soon become one of hundreds who have been helped by this powerful enemy to uric acid.

Dr. Pierce manufactures Anuric (kidney-backache) tablets and you can obtain a trial pkg. by enclosing 10c and addressing Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

Line of Groceries, Cold Drinks, Tires, Tubes and Automobile Accessories

**All is not oil that oozes**

SO many people think that any oil will lubricate any bearing. As a matter of fact the choice of the best oil for any given piece of machinery is a difficult technical problem. Speed, pressure, temperature, clearances and the kind of metal are some of the things that have to be taken into account in selecting the correct lubricant. Fortunately there is a wide range of oils to choose from. Some oils are so penetrating that they will work their way through the tightest joints. Others are so heavy as to seriously retard the motion of moving parts. Between these extremes there is a correct lubricant for every part of every car. "Standard" Polarine Motor Oils and Greases, for instance, come in a complete range of consistencies suitable for every part of your car. The secret of a perfect-running engine is to use the correct "Standard" lubricant for each part and to renew it as frequently as needed. Next time you are at a "Standard" dealer's garage or service station study the "Standard" Polarine Chart of Recommendations. It tells exactly which consistency to use in each place, Summer and Winter. Take time to be exact—it pays.

See the **STANDARD OIL COMPANY**, (New Jersey) Exhibit at the Carolinas' Exposition, Charlotte, N. C., September 22 to October 4

**"STANDARD" Polarine**  
 Oils you can Trust!

These instructions are correct for your motor. Consult your dealer's Polarine chart—always name the oil recommended.
