World's Oldest Beads

Chicago, Jan. 9.—What is said to be the oldest necklace in the world, 75,000 years, adornment of a cave woman of Southern France, today is in the possession of Frank G. Logan, vice president of the Art Institute of Chicago. "As far as is known, these beads are the oldest objects fashioned by man ever unearthed," said W. J. Sherwood of the art institute.

The beads are fashioned of ivory and deer antler and polished stone. Some bear tiny crude carvings. They were obtained from an archaeologist in France and were found in a cave at La Blanchard in the department of Dordogne. From the Strata in which they were found, it is believed they were products of the fourth glacial period in Europe.

Only \$245 Yet Due on Club Lot—Women's Club and Kiwanis Club to Beautify Mount Airy

The Women's Club met in the Blue Ridge hotel Friday afternoon with a good attendance and splendid reports from those in charge of the club finances.

Mrs. C. C. Hale, chairman of finance committee, reported a total of \$223.25 raised since her appointment in May, via the Baby show 176.25, Cafeteria opening \$50.00, cook books \$75.00 and magazine subscriptions \$22.00. Of this amount \$301.25 has been turned over to the War Memorial treasurer.

Mrs. D. E. Hoffman, treasurer for the War Memorial fund, reported amount paid on the club lot during the year 1924, \$717.92. Since the first of the year \$24.50 has been paid on Building and Loan stock and \$200 on the loan leaving only \$245.00 to be paid when the value of stock will cancel all that remains of the original debt of \$3,500.00 with interest.

The club members feel very much gratified with the progress that has been made in paying for the lot and expect to try to secure either a permanent or temporary home as soon as the debt on the lot is wiped out.

Mr. E. M. Linville, president of the Kiwanis club, was present and, after complimenting the ladies on their reports, spoke briefly on the importance of committee work and then presented the matter of choosing a shrub or plant that should be grown in such profusion that the town would be known to travelers by that particular shrub or flower. He asked for a committee from the Woman's club to work with a committee from the Kiwanis club to choose such a flower or shrub.

Mr. Linville further asked for committees to cooperate with committees from his club to plan for beautifying the road side approach to Mt. Airy from the bridge to lower end of South Main street and to arrange for the permanent planting and care of the triangle on North Main.

This program of beautifying the community fitted in perfectly with the aims of the club women of district No. 2 of the Federation of Women's clubs which has chosen shrub and tree planting as the aim of the district for the year.

"O. B." Improves His Plumbing Establishment

O. B. Webb, Mount Airy plumber, has just completed making extensive changes and additions to the equipment of his plumbing establishment. He has installed a complete outfit of steel shelving for his large stock of fittings and electrical supplies. In the front window of his store is installed for display purposes the most up-to-date fixtures, both water and light, to be had. The bath tub, lavatory, kitchen sink and other water fixtures are connected direct to the supply lines as they would appear in the home, which makes the display more real.

"O. B." is justly proud of his place of business for men who know tell him that he has one of the nicest equipped plumbing establishments in the state. Since coming to our city several years ago as a partner with T. M. Everett he has built up a large business until he now employs from 12 to 14 workmen. Miss Margaret Leitch is Mr. Webb's assistant in the office and serves in the capacity of bookkeeper and stenographer, as well as saleslady in the absence of Mr. Webb.

Twin City Kiwanians Want System Finished

Winston-Salem, Jan. 8.—The Winston-Salem Kiwanis Club, an organization composed of more than one hundred men representing every business and industry in the city went on record unanimously today in favor of the issuance by the present Legislature of sufficient bonds to complete the highway system in North Carolina as originally planned.

Will Surry Do Likewise?

Danbury Reporter, Jan. 7th.—The grounds at the Stokes county home will be graded and sown to grass some time during the coming spring. Orders were made jointly by the Board of County Commissioners and the Stokes Highway Commission for the improvement at Monday's meeting of the two Boards.

It has often been remarked upon by citizens that the grounds around the county home were not in keeping with the nice building there, and it will be learned with pleasure that this much-needed improvement is to be made at an early date.

Card of Thanks

We are deeply grateful to all those who sustained us during the trying hours of the illness of our daughter Mrs. McCraw and since her death by their sympathy either spoken or expressed by kind deeds. The floral offering from the pupil nurses of the hospital was very much appreciated. Rev. and Mrs. J. W. Simmons.

10-3-3 FOR COTTON
Under present conditions, the authorities advise more Acid Phosphate than was formerly used. Therefore, we recommend at least 10% Acid Phosphate.

The ammonia is placed to give both speedy and continuous growth. Also made in 10-4-3 by adding 1% more Soda. This is an excellent fertilizer. There is a surplus in every bag of Josay's Fertilizers.

For sale by leading merchants almost everywhere. If there is no dealer near you, write us.
