WESTFIELD YOUTH TAKES OWN LIFE

Despondent Over Love Affair —Made Deliberate Preparations in Advance

Westfield, June 9.—Quite a pathetic suicide occurred near here last Saturday when Jack Rutledge, a young man about 21 years of age, took his own life. It seems that he was in love with one of his neighbor's daughters and called on her Saturday morning and was ordered off by the girl's father who objected to his attention on account of the age of his daughter. Young Rutledge at once went to his home, obtained a gun and then made his way to the woods near by. There by himself he carved on a tree the girl's initials, drove a nail into the tree above the carving, hung his hat on the nail so it covered the initials—when he had completed all this he fired the fatal shot which ended his life. The funeral was held Sunday afternoon at Brim Grove church in Stokes county. One of the largest crowds ever seen at that church attended. All parties to the sad affair are highly respected and a shadow of gloom has been cast over the neighborhood.

Judge A. M. Stack of Monroe together with his daughter, Miss Callie, and Miss Anne Taylor of Danbury and some other friends from Lincoln and Waynesville spent a short while Sunday with R. T. Joyce on their way to Piedmont Springs. The Judge expressed surprise at the developments at Westfield. He was for many years a citizen of Danbury.

MOUNT AIRY BOY KILLED BY PRISON GUARDS

John Goins Was Serving 5-Year Term for Store Breaking—Attempt at Escape Costs Him His Life

By the aid of a popular subscription raised in this city this week the remains of John Goins, 18 years old, were shipped here Tuesday from a prison camp near Roanoke Rapids where he was serving a five-year term on the roads for store breaking. Goins was convicted in Yadkin court last spring for store breaking, he and his partner, Joe Martin, being arrested north of city with a lot of the loot in their possession. In making a break for liberty from the convict force both Goins and Martin were killed by shots from the weapons in the hands of the guards. The following dispatch from Roanoke Rapids give a detailed account of the affair.

Roanoke Rapids, June 6.—The coroner's jury after an investigation acquitted Guard G. S. Vaughn of all blame in connection with the killing of two prisoners who tried to escape from State Prison Farm, Camp No. 1, John Goins and Joe Martin, Capt. H. T. Peoples, superintendent of the camp, stated that guards were not wanted at the camp who would not shoot under circumstances as were presented in this case.

The squad composed of about 35 men was approaching the camp when they reached a bridge crossing a ditch which was lined with underbrush and bamboo briars. Two of the prisoners, at this point, broke from the squad and dashed for liberty. A few paces hid them from the guards armed with shot guns.

Leading the men were Guards G. S. Vaughn, armed with rifle, and T. H. Wise, armed with pistol. In the rear of the squad were J. S. Jernigan and S. L. Parker, armed with shot guns. As the men dashed from the squad the guards with shot guns fired in the direction of the men but missed their targets. The attention of Guard G. S. Vaughn was attracted by the shooting and he soon got sight of one of the prisoners and shot him down, afflicting a terrible wound through the right kidney and liver. This man, who is reputed to be John Goins from Mount Airy, N. C. was only twenty years old and was serving a five year sentence for store breaking. He lived only twenty-five

minutes, dying before he could be carried to camp.

After Goins was shot Vaughn sighted the second man and fired at the same time that Guard Wise, who was chasing the prisoner, fired his revolver. Both shots took effect, inflicting what would ordinarily have been slight wounds. However, the bullet from the rifle of Vaughn after grazing the back pierced the biceps muscle of the left arm, severing the principal blood vessels. The wounded man was taken to the camp hospital where medical attention was given, but all efforts were unable to save him since the loss of blood had been heavy. The prisoner died about two o'clock in the morning. This man had several aliases but was registered at the camp under the name of Joe Martin and was reported to be serving a thirty year term.

Aviators in California have agreed not to try "stunts" when carrying passengers. Can the reader imagine a locomotive engineer indulging in "stunts" to amuse his human cargo back in the coaches? From the first the "stunt" flyers have injured flying.

It is reported that the relics sealed in the tomb of King Tut were found just as they were left, nobody having been in there with them but King Tut. This sounds plausible.

One thing that makes women so baffling is that they are seen one day with bobbed hair and the next with hair and hair of it.
