WHAT ABOUT THE DAYTON TRIAL?

Way back up in the very foothills of the Blue Ridge a man puts in part of his time serving the neighbors by conducting a little country store.

Whether you want to admit it or not the folks are interested. Not many of them understand what it is all about, and not many are going to change their opinion in any way as the result of the discussions that are to be staged during the next few days, and possibly for weeks to come.

Let it not be forgotten that after people grow up and develop their minds and form a set of opinions that they usually get from those about them, they rarely change these opinions.

If we could answer the question as to what the Dayton trial is all about, we would gladly do it. We doubt if it can be done. Here is the best we can do in the way of making an answer.

For something like fifty years there has been going on a quiet investigation of the laws of nature and the ways of life and how it develops and how it acts under normal as well as abnormal conditions.

In every part of the country there are men who are called scientists who are working patiently, making investigations and experiments in their efforts to find a way to conquer such diseases as T. B. and cancer.

These men who are doing this scientific work are practically all agreed on the fact that the ways of life are the ways of growth and development. This growth and development has been named Evolution.

There are many who claim to see great evil in the trend of the investigations that are being made. Those who oppose the scientists would hush them up by making it a violation of state law to utter such teaching.

If the Scientists lose in the trial it is probable that all the southern states and many of the western states will enact similar laws. It is estimated that as many as twenty states in the Union will pass similar laws if the Tennessee law is permitted to stand.

The Scientists contend that their investigations are for the good of humanity and that there is nothing detrimental to mankind in any way as the result of what they teach, but that there has developed untold good to mankind from the investigations they have made, and all these investigations are worked out along the lines of the truth of evolution.

Those who oppose the Scientists think they see in the whole trend of the movement an effort to overthrow religion as it is now established, and for this reason they think they are fighting a real peril that the country faces.

Justice of the Peace A. L. Sparger has moved his office from the Bennett building to the rooms formerly occupied by J. Luther Wood in the Goldsmith block.

"GOOD-WILL" TOURS

A large number of our citizens are today, Thursday, making a "booster" or good-will tour through Stokes county. They left bright and early and had lunch served at Danbury on the court house lawn.

The trip is only one of several that is planned for during the coming weeks and will be under the auspices of the Kiwanis Club, although the cooperation and attendance of other "sincere people of the city is earnestly solicited on these tours.

These little outings by our business people will serve to bring about a better relationship and working spirit between the people of the sections that are visited and it becomes the duty of every Mount Airy citizen to join in this movement heartily.

TO MAKE THE ROADS SAFE

We know a man who puts in all his time traveling as many now do, covering many counties on his rounds in this part of the state. This man is a close observer and a truthful, sensible citizen. In talking with him about conditions of the day he remarked that any man will do well to keep off the roads on Saturday evening and Sunday.

DISTINGUISHED DIVINE HERE

Bishop Jensen, of Germany, spent Monday here in company with friends from Winston-Salem. The Bishop is a delegate to the world convention of Moravian churches which meets at Bethlehem, Penn., this year. While in this country he is taking the opportunity to see something of the conditions here.

Team Runs Away and Kills Driver

John Flippin, aged 38 years, prominent farmer of the Francisco section of Stokes county, died in Martin Memorial Hospital Tuesday afternoon from injuries he received Monday when his team of mules ran away with him and trampled him under their feet, fracturing his skull and mangling his body.

For THIRST and FATIGUE drink GREEN RIVER—that snappy lime drink.

Carroll County Pushing New Road Work

Several of our citizens attended the speaking and good roads rally at Hillsville last Friday. Senator Mapp, gubernatorial candidate for the Democratic nomination, spoke to several hundred interested citizens of Carroll County and pledged himself to a road program that would complete a system of state highways that would be of benefit to the present generation.

Work is progressing fast on the regrading of the road from Hillsville to Woodlawn and when this is finished the towns of Galax and Hillsville will be connected with a first class rock road. The prison officials were in Hillsville last week and located a convict camp at Semones old store on the Fancy Gap.

The citizens of Carroll County are deeply interested in good roads and every mention of the subject by Senator Mapp in his address brought forth rounds of applause which was indicative of the sentiment of the people of our neighboring county.

Among those who attended the speaking from this city were: J. B. Sparger, J. W. Lovell, W. M. Johnson, John Bamber, A. V. West, L. I. Martin, R. E. Inman, S. P. Graves, C. G. Hale, F. Les Hatcher, and others.

Curbing the Reckless Driver

Judge Lewellyn in the Recorder's Court continues to make war on the reckless automobile driver, and there are now residing in this city and township close to 100 persons who are denied the privilege of driving their cars because they have shown to the court that their conduct is not safe for them to be entrusted to handle an automobile.

In his court Monday he revoked the license of Gurney Trogden, for being drunk and driving a car at the same time. The officers had four cases against this young man who is employed in building the road to Pilot Mountain. During his escapade he got tangled up with the traffic going to the new swimming pool and in the melee unfortunately ran into Judge Lewellyn.

Merritt Lawson was arrested by the police while driving his car in a drunken condition on Franklin street and paid a fine of \$50 and the cost and is not to drive a car for the next two years.

Clady Johnson was sent to the roads for six months for being drunk and disorderly and resisting the officers. He is now confined in the jail at Dobson awaiting assignment to the Durham county roads.

Fred Armfield Elected Welfare Officer

The members of the county board of education and the county commissioners met in joint session Monday and elected Fred Armfield of Lowgap by a unanimous vote as welfare officer for the county for the ensuing year.

This office has been held by C. G. Robertson of White Plains and has caused considerable political maneuvers during the past two years on the part of the politicians who have contended that to the victor belongs the spoils. Last year an effort was made to displace Mr. Robertson but it met with failure and he was continued in office by a Democratic county government.

Jeff Hawks Again Back at Home

After serving a term of about four months on the Durham County roads for retailing Jeff Hawks is again back in the city having arrived here last week. Old man Jeff is nearing his allotted time on this sphere and the camp guards found that he could do very little labor.

Hail Storm Visits Lower Surry

The central and southern sections of this county were visited by a severe wind and hail storm Monday afternoon leaving in its wake untold damage to the tobacco and corn crops. The storm started at Fairview and circled down to Rockford and visiting the Copeland section and extended over an area of about four miles long and a mile wide.

Delinquent License Purchasers to Be Prosecuted

Beginning this morning, Thursday, Chief Lawrence of this city announces that he will enforce the law in regard to automobile tags. The state extended the time to July 15th in which to secure the state license and the city fathers followed the same course.

City license can be secured from the tax collector's office in the city hall and the state license can be secured from the garage of Norfleet-Bargis on Moore street, this city. The state tags cost from \$12.50 up, while the city tags cost \$2.00 each, and the cost of being indicted before the Recorder for not having these tags is \$8.55, and then being required to secure the new license.

EVERYBODY'S DOING IT—drinking Green River. Get yours.

"JUST TELL 'EM TO SEE ME," SAYS RALEIGH MAN

"I Could Talk About This Karnak All Day After Way It Put Me Back On My Feet," Says Howell.

"I tell you, I got in such bad shape I had to give up my business about nine months ago, and I am thankful to say I am back on the job again this morning—Karnak and Karnak Pills did it." This is the enthusiastic way in which Henry C. Howell, 713 Peace St., in the wholesale and retail poultry business in Raleigh, N. C., for the past 20 years, began the account of his remarkable recovery by means of this sensational medicine the other day.

job any longer. I want to tell you I suffered. Everything I ate bloated me up with gas and caused such terrible pain and shortness of breath I could hardly bear it.

"I also had a severe case of constipation which kept me in misery all the time and from which I could get no relief. As I said, I just got to the point where I couldn't keep going, that's how bad I felt."

"Well, sir, I got hold of this Karnak and the Karnak Pills about ten days ago, and look at me now, back at my business and like a new man. 'I just sit down at the table and eat anything I want now without it hurting me one bit afterward. No more bloating, indigestion or gas pains, and the constipation is gone, too. Now if that isn't some medicine, I'd like to know what is. Just have anybody look me up if they want to know more about Karnak—I could talk about it all day.' Karnak is sold in Mount Airy exclusively by W. S. Wolfe Drug Co. and by the leading druggist in every town.

Telephone Company Making Improvements

The Horton Telephone Co., which owns the local telephone system, is making some modern improvements in the system that are necessary to care for the requirements of the city. The improvements consist of the expenditure of about \$6,000 for the erection of additional cable lines. A new cable with a capacity of 200 telephones will be run from the office to the hotel, and from the hotel to Elm street a cable of 100 phone capacity will be placed.

Friends Church

Evening Service, 8:00 P. M.
Prayer Meeting Wednesday, 8:00 P. M.

Local Merchant Fails

Sheriff Haynes Saturday closed the doors of Phillip Periman, local merchant under an execution placed in his hands by the creditors of Periman. It is said the stock of goods has been greatly reduced and the creditors will realize very little from its sale after allowing Mr. Periman his homestead exemption of \$500.00.

RESOLUTIONS OF RESPECT

Whereas, Jesse M. Venable has been a true and faithful member of Dobson Lodge No. 402, A. F. & A. M. for the past 25 years, loyal in all respects to his lodge and to his brother masons as well as a citizen of the highest type; and whereas it has pleased the Grand Architect of the Universe to remove from time to eternity our brother Jesse M. Venable; therefore be it resolved: First, that we, the members of said lodge deeply deplore his removal from our midst; Second: That we extend to his aged mother and other relatives our deepest sympathy in their bereavement;

Third: That a copy of these resolutions be recorded in the minutes of the lodge, a copy sent to his mother, and copies be sent for publication to the Mount Airy News and Elkin Tribune.

Respectfully submitted.
A. D. Folger,
R. A. Freeman,
R. C. Lewellin and
N. H. Martin, Committee.

GOOD YEAR Means Good Wear

Known Tire Quality at a Rock Bottom Price

That's what you get when you buy a Goodyear.

For long wear, strength, good looks and all 'round high quality at a low price you not only can't beat a Goodyear—you cannot equal it.

Figure out the best tire value you can buy—then drop in or phone us for the price of a Goodyear in your size.

That's fair enough, isn't it?
