## AN OPERATION RECOMMENDED

Avoided by Taking Lydia E. Pinkham's Vegetable Compound

Los Angeles, Cal.—"I cannot give too much praise to Lydia E. Pinkham's Vegetable Compound for what it has done for me. My mother gave it to me when I was a girl 14 years old, and since then I have taken it when I feel run down or tired. I took it for three months before my two babies were born for I suffered with my back and had spells as if my heart was affected, and it helped me a lot. The doctors told me at one time that I would have to have an operation. I thought I would try 'Pinkham's,' as I call it, first. In two months I was all right and had no operation. I firmly believe 'Pinkham's' cured me. Every one who saw me after that remarked that I looked so well. I only have to take medicine occasionally, not but I always keep a couple of bottles by me. I recommend it to women who speak to me about their health. I have also used your Sanative Wash and like it very much." — Mrs. E. GOULD, 4600 East Side Boulevard, Los Angeles, Cal.  
Many letters have been received from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after operations have been advised.

### Prominent Methodist Woman Dead in Greensboro

Mrs. Annie Pullen Crawford died at the home of her daughter, in Greensboro, Saturday aged 73 years. Mrs. Crawford was the widow of Rev. L. W. Crawford. She was a graduate of Louisville College and also studied at Vassar. For 15 years she was corresponding secretary of the Women's Missionary Society, M. E. Church South, for Western North Carolina. While well known for years among Methodist women in this state and even in Southern Methodism she only achieved national and international fame about 3 years ago when she attended summer school at Columbia University, New York, and was besieged by a newspaper reporter who marveled at a woman of her age going to school and sought a story which was published in a New York paper and copied in many countries in Europe as well as all the large cities in America.

Mrs. Crawford said she had nothing to keep her from going to school, she had reared her family and her time was her own and she did not see any reason for a woman of 70 to lose interest in self improvement, but it was unusual enough to create much publicity.

### HAVE YOU A BAD BACK?

Then the Advice of This Mt. Airy Resident Will Interest You.

Does your back ache night and day; Hinder work; destroy your rest? Are you tortured with stabbing pains  
When you stoop, lift or bend? Then likely your kidneys are weak. More troubles may soon appear. Headaches, dizziness, nervousness; Or uric acid and its ills. Help your weakened kidneys with a stimulant diuretic. Use Doan's Pills.  
Read this Mount Airy testimony: W. O. Fowler, prop. of grocery, Franklin St., says: "I suffered with a backache and was so bad at times that if I stooped I could hardly straighten again. My kidneys were disordered and the secretions which passed freely were scanty and highly colored. After using three boxes of Doan's Pills, which I got at the Wolfe Drug Co. all the symptoms of kidney trouble left me."

### Daughters of Negro's Victim Saw Him Die

Eddyville, Ky., July 9.—In the presence of two daughters of his victim, Harry Armand, negro, was electrocuted in the state penitentiary here today for the murder of A. K. Witten, Louisville insurance man.  
Mrs. Leah Witten Cash and Miss Ethlyn Witten, daughters of the victim, and Misses Ruby Thomas and Sadie Richardson, were admitted to the death chamber as newspaper representatives. It was the first time women had witnessed an execution in the state.

### Our Neglected Opportunity

Western North Carolina, particularly the Asheville section, for twenty-five years has recognized her mountain scenery and climate as a valuable asset and has made a strong bid for summer tourists. As a consequence Buncomb and Henderson counties have become the South's summer playgrounds. Any sort of land in these counties is sold, not by the acre, but by the front foot. Everywhere one sees elegant tourists' hotels, mansions of the rich, summer cottages and tourists camps. The money left in this section during a season amounts to a stupendous total.  
Surry mountain scenery is just as beautiful and the scene of the Blue Ridge around Fisher's Peak and atop the mountain on the Lowgap highway is just as cool and invigorating as is that of the Land of the Sky around Asheville. But the tourist public must have its attention called to the fact. Appreciation of our scenery and climate must first of all begin at home. Our own people must develop the vacation habit. They must be the first to build summer camps and our business men must provide hotel accommodations for them. Tourists from afar will not become interested in our scenery and climate until we first show a proper appreciation of it ourselves.

So why not tune up the Old Boat and drive her on high to the top of the Lowgap grade, incidentally taking along the wife and kiddies? Sell your own scenery and climate to yourself first. Later why not take along a tent and spend a week-end on top of the world?

With this in mind and looking to the time when the Surry mountain country will be peopled with summer tourists, the Lowgap Service Station was built. It was designed not for today but its promoters and managers were looking ten years ahead. Every service and convenience demanded by tourists has been anticipated. The village of Lowgap has put its house in order and invites the tourist to linger. Standard gas is sold cheaper than anywhere else in the county. A cafe provides hot lunches. A modern garage properly equipped takes care of your car. Porter Low is in charge. No need to ask who Porter is. If you don't know Porter, you have missed something. When he can't make your car go, you better tow it out to the dump and forget it. Yes, and the Cyclone theatre has become a popular Saturday night rendezvous for the younger set out of Mount Airy and Galax.

Come on up to the mountains and for a day forget the drought and the tobacco worms and poor business. The mountain air will put pep into popper, the bloom of youth on mommer's cheeks and that frisky feeling into the kiddies. Try it. (adv.)

## Why Burden Your Wife?

Perhaps your wife has shared many of your business decisions, as many wives do, and because she is your chief beneficiary, you are thinking of making her your executor and trustee. Unless she is a woman of exceptional business training, accustomed to making safe investments, she will find this a perilous task. Moreover, a mere outline of the consecutive steps that must be taken in settling an estate, after the legal authority to act has been granted, would show that as your executor she must attend promptly to many details of management at a time when it may be difficult for her to think of business matters. Why burden your wife with these details, even if, in your opinion, she is competent to attend to them?

## BILIOUS SPELLS

Kentucky Man Finds Relief from Dizzy Attacks.

"I suffered with severe bilious attacks that came on two or three times each month," says Mr. J. P. Nevins, of Lawrenceburg, Ky.

"I would have dizziness and couldn't work. I would take pills until I was worn-out with them. I didn't seem to get relief. After taking the pills my bowels would act a couple or three times, then I would be very constipated."

"A neighbor told me of Black-Draught and I began its use. I never have found so much relief as it gave me. I would not be without it for anything."

"It seemed to cleanse my whole system and made me feel like new. I would take a few doses—get rid of the bile and have my usual clear head, feel full of pep and could do twice the work."

Made from pure, medicinal roots and herbs, Black-Draught is nature's own remedy for such symptoms as the above, when due to a torpid liver.
