Secretary Wilson, of the United States Agricultural Department has presented his report to the President reviewing the operations of the Department of Agriculture for the just year. The most important recommendation is one that agents of the Department should be stationed at each of our more important American embassies for the collection of information of interest to

American farmers The Secretary recommends an in-crease in the appropriations in aid of the Weather Bircan and the publication offices. He thinks the Department should be enabled to place the result of important operations at agricultural colleges before the entire country, "so that the farmers of each State may get the result of the good work done in

KILLED PLAYING FOOTBALL.

Georgia University Will Withdraw Its Team From the Field.

A special from Atlanta, Ga., says Von Gammon, one of the players on the University of Georgia football team, died from the effects of injuries received in a scrimmage between that team and the team from the University of Virginia, played in this city last week.

Gammon was nuconscious after a scrimmage at the beginning of the sec-ond half, and never regarned histoness after that time. He was not admirable athered time of the star players of

athlete and one of the star players of the team. His looky was taken to Rome, Ga., his former home, where the interment took place. His death has stirred prejudice against the game, and members of the State legislature, which is now in ses-sion, are opposed to any further game by the members of the university. A number of legislators expressed them solves as bitterly opposed to the game, and it is theright that a bill will be passed in a 5, x days, adding it a mis-demeanor to engage in a game of foot ball in this State. The faculty of the nuiversity has do-rised that the team shall play no more number this year and will producit it in the future.
