Along Gulf Coast.**

Montgomery, Ala., July 6.—The loss of at least seventeen lives and property damage amounting to many hundreds of thousands of dollars resulted from the tropical storm which swept the east gulf coast Wednesday and turned inland Thursday, according to reports from practically every town in the devastated district.

All the deaths thus far reported occurred near Beloit, Ala., Thursday. All were negroes. Reports along the coast in the vicinity of Mobile have not been heard from and it is feared there may be some loss of life at those places.

There was no loss of life in either Mobile or Pensacola, the largest cities in the storm's path, according to messengers from those places.

Property damage in Mobile was reported to be heavy. The business section of the city was flooded and many buildings were demolished or unroofed. Damage in Pensacola was said to have been confined largely to the waterfront and shipping.

Laurel, Miss., reported that the property loss there will aggregate \$200,000.

Jackson and Meridian reported considerable damage to crops and farm buildings.

**The North Carolina Troops Will be
Kept Together on Border.**

Washington, July 5.—Governor Craig, of North Carolina, had one of the most successful days he has ever had in the national capital. Early this morning the governor and Senator Simmons connected at the White House and Governor Craig explained to President Wilson how important it was that the North Carolina troops be kept together and last, but not least, that approval should be given of the governor's appointment of L. W. Young, as brigadier general.

The President agreed with the governor on both points. He told him that the North Carolina boys would be kept together during their little joy ride into Mexico, or at least as far as the border, and also gave enthusiastic approval of his selection of General Young.

**Webb Bill Attached to Agricultural
Bill.**

Washington, July 5.—Senator Simmons today had the Webb bill to permit prospecting and mining of minerals in certain lands of the Federal Forestry Reserve in the Appalachian regions attached to the agricultural appropriation bill as an amendment. The Webb bill will encourage the mining of mica, kaolin and other minerals of Western North Carolina.

The Gallinger amendment to add \$3,000,000 to the agricultural bill to continue the purchase of land under the Weeks law in the Appalachian Mountains was adopted by the Senate. Many North Carolinians are interested in it. Senators Overman and Simmons supported it.

**Willing to Settle Border Troubles
Direct.**

Washington, July 6.—The de facto government of Mexico was informally notified tonight through Elisco Arredondo, Ambassador Designate, that the United States welcomed General Carranza's proposal to adjust all pending differences between the two governments by direct diplomatic negotiation.

Mr. Arredondo was informed of the American government's attitude in a conversation today with Secretary Lansing after the latter had conferred with President Wilson. Later a formal note will be sent.

**Editor Cobb, of Morganton News-
Herald, Passes Away.**

Morganton, July 6.—T. G. Cobb, editor of the Morganton News-Herald, who died at his home here last night, after an extended illness, at the age of 49, had been in the newspaper business here for 26 years, entering at only 13 years of age. He became an editor at 20. During all this long career as editor he made but few enemies, keeping out of all factional issues, giving every side a fair deal, and his paper has been a big factor to Democratic success in the county. As a citizen, his worth has been appreciated by having been elected a number of times as mayor of Morganton, and he has been assistant and chief clerk of the house of representatives for 13 years. As a fraternity man, no one had held more honored positions with the various lodges than Mr. Cobb. About a year ago he gave up active work, since which time his daughter, Miss Beatrice Cobb, has been editor and manager of the News-Herald. He is survived by his wife, and six children, Beatrice, Mrs. T. A. Griffin, Donnie, Annie, Lucile and Robbie.

Should Sloan's Liniment Go Along?

Of course it should! For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine shape for the morrow. You should also use it for a sudden attack of toothache, stiff neck, backache, stings, bites and the many accidents that are incidental to a vacation. "We would as soon leave our baggage as go on a vacation or camp out without Sloan's Liniment." Writes one vacationist: "We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets.

Nearly four million women will vote in the coming presidential election in November. The States in which women can vote and the number of women over 21 years of age in each State according to the census of 1910, are as follows: Illinois, 1,567,491; California, 671,386; Kansas, 438,934; Colorado, 213,425; Washington, 277,727; Oregon, 168,323; Arizona, 43,891; Montana, 81,741; Idaho, 69,818; Utah, 85,729; Wyoming, 28,840; Nevada, 18,140; total, 3,665,445. The cause of woman's suffrage "do move" indeed.

Why Endure Summer Colds?

It isn't necessary to have a stuffed head, running nose. To cough your head off as it were. All you need do is to use Dr. Bell's Pine-Tar-Honey. The soothing and healing balsams open the clogged air passages and in a short time you get relief and start on the road to recovery. Your nose stops running, you cough less and you know you are getting better. Get a bottle, use as directed. Keep what is left as a cough and cold insurance.

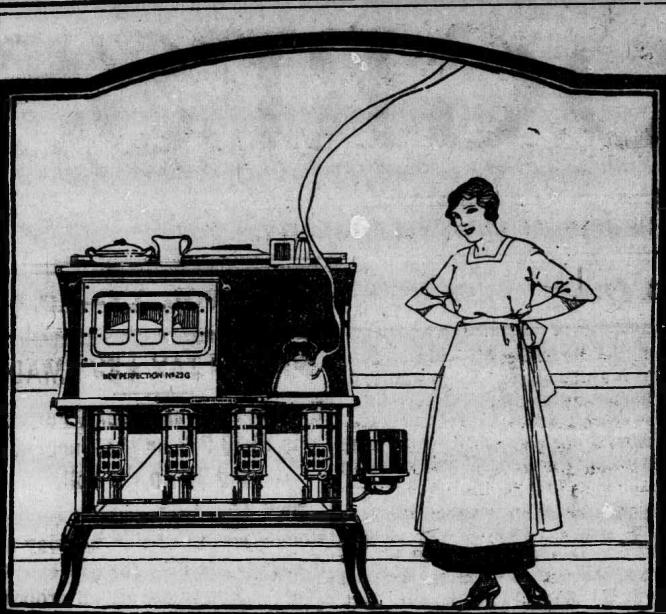

Rev. A. H. Burroughs, 83 years old, and widely known throughout the South, died July 5th at his home in Bristol, Va.-Tenn., after a short illness. Rev. Mr. Burroughs gained fame many years ago when he established a "Mecca" on the Tennessee side of the city, where he married run-away couples, the law of that State not requiring the consent of parents for candidates not of age. It is said that he has married 5,142 couples from over five States.
