

In 5 MILLION HOMES TONIGHT

A host of babies will enjoy sound sleep tonight. And their parents will have unbroken rest. Castoria is the cause of this contentment in a multitude of homes.

Good old Castoria! Children cry for it. Mothers swear by it. Not a household where there is an infant should ever be without it. A few drops of Castoria quiet Baby in a perfectly innocent manner. It is natural slumber that follows. Castoria is a purely vegetable product. No opiates. No narcotics. Of any kind.

Now you know why trained nurses give Castoria as often as an infant is ailing, or even restless. And why doctors tell mothers it is the first and only home remedy when Baby has constipation, colic, diarrhea, or other upset. It is made for babies, and safe to give babies, and other things are not.

Fletcher's Castoria is "old-fashioned" if you count its fifty years, but it's an old-fashioned mother, nowadays, who worries along without it. Twenty-five million bottles bought last year! Think of the number of mothers who rely on Castoria! All these mothers can't be wrong! To keep a bottle in the house is a precaution you owe your little one.

A Sour Stomach

In the same time it takes a dose of soda to bring a little temporary relief of gas and sour stomach, Phillips Milk of Magnesia has acidity completely checked, and the digestive organs all tranquilized. Once you have tried this form of relief you will cease to worry about your diet and experience a new freedom in eating.

This pleasant preparation is just as good for children, too. Use it whenever coated tongue or fetid breath signals need of a sweetener. Physicians will tell you that every spoonful of Phillips Milk of Magnesia neutralizes many times its volume in acid. Get the genuine, the name Phillips is important. Imitations do not act the same!

PHILLIPS Milk of Magnesia

UPSET

With Stomach Spells

"I have taken Black-Draught ever since I was a child, and can recommend it as a splendid medicine for family use," says Mrs. Cora Maberry, of Sageseyah, Okla. "My mother used it, in bringing up her family, and after I had a home of my own, I continued to use it, as I thought it was good to give the children."

"My children did not mind taking Black-Draught, and so when they got upset with stomach spells, or were constipated, I gave them Black-Draught tea."

"They are all grown now and have homes of their own, but I still keep Black-Draught in the house and use it myself when I wake up in the morning feeling dull and 'headachey,' and have a bad taste in my mouth."

In use over 87 years. Price 25c.

Doing business without advertising is like winking at a girl in the dark. No one knows it except you.

Community Building

Consider Harmony in Selection of Colors

Selection of the colors for the exterior of a house requires careful study of surroundings. Houses which stand out prominently respond best to the most simple treatment. Neutral grays or drabs, with lighter gray or ivory white for trim, give satisfactory results. Ornamental work of all kinds should be kept in harmony with the body color. When a house hides among the trees and shrubs, light colors come into their own. Bright colors on an exposed house give a bare look.

When houses are grouped closely together the colors of those nearby must be considered. If the house next door is yellow, yours shouldn't be bright green. Don't try to make yours different. It's up to you to do your share to make both houses appear to best advantage. If you painted yours a creamy gray body color with ivory white trim and green roof, you would be doing well by yourself and your neighbor. Two wrongs in color selection never make a right.

A house between two others painted in strong colors should adopt a neutral hue. Try to make your color blend into or bridge over the other two colors. There are many ways in which color questions can be solved, but it is best to look carefully before you choose. An atrociously colored house is more than an individual mistake—it is a crime against the good taste of a neighborhood.—Cleveland Plain Dealer.

Wisdom in Spending When Building House

The reasonable economies in home building should start at the very beginning. First, commission a competent architect to plan your house. To use a common expression, lay the cards on the table, tell him exactly what you want to pay and what you want in your house. Let him tell you about the materials he plans to use and then have him "diagnose" the case. The average architect really takes as much pride in producing a good house as he does in the money received, and you can rest assured that he would rather lose some money in commission and turn out a good structure than the other way about, declares a writer in the Philadelphia Ledger.

He really has the interest of your house at heart, and when he makes suggestions it is not because he wants you to do something you don't want to do; it is only because he thinks it is for your best interests.

You can't make a silk purse out of a sow's ear, as the saying goes, and you can't get a well-constructed house out of poor materials. Spend wisely and well, and you will find that when the house is completed it will measure up to every expectation and then some.

Home Always Big Asset.

The satisfaction of life and contentment with government in any civilized country are measured largely by the extent of home ownership. Anything that endangers the welfare of the home endangers the welfare of the government; contrarily, anything that aids in the development of the home, makes for stability of government.

Frequently the only asset of much value in a man's estate, which he leaves to his family, is a home, and this is often sufficient to carry the family through. A home is the best security against poverty in old age. The desire to own a place of your own is the most common desire of man.

Profitable City Planning.

What sane, farsighted and economic development can do for a community is no better exemplified than in that residential area of the Border cities, South Windsor.

There one will see the acme of correct city planning carried out to the ultimate benefit of all. Aside from the wide, paved boulevards and streets which abound in the South Windsor district, the size of individual lots is at once inviting and attractive to the prospective home owner. Nowhere in the district is a lot with less than 40 feet, many hundreds of the building plots exceeding this width by generous margins.—Detroit News.

True of Most Communities.

If we have a good administration of affairs by public officials we never take the trouble to tell them. If we have an unusually large number of public-spirited men who are working for the betterment of our local conditions, we seldom ever give them even faint praise.—Canby (Ore.) Herald.

Brass Piping.

The difference between the cost of brass pipe and galvanized iron or steel pipes is so little as to be almost negligible. In the long run the former will probably cost less.

Proper Color Harmony.

Wire fences of either the woven or chain link type may now be given a permanent color in any desired shade of green or brown to harmonize with the home entourage.

Now on Display in our Showroom!

Today you can see the most sensational automobile ever introduced—The Outstanding Chevrolet of Chevrolet History, a Six in the price range of the four!

Today, this amazing new automobile is on display in our showrooms and we cordially invite you to come in for a personal inspection!

When you lift the hood and see the new six-cylinder valve-in-head engine you will realize that a new era has dawned for the buyers of low-priced automobiles. Representing four years development and testing, this new power plant is a marvel of advanced design. At every speed it operates with that delightful smoothness which everyone demands today in a modern automobile. It develops approximately 32% more power than any previous Chevrolet engine. It displays sensationally greater speed and faster acceleration. And yet, despite this brilliantly improved performance, it maintains Chevrolet's worldwide reputation for economical transportation by delivering better than an average of twenty miles to the gallon of gasoline!

Great Array of New Features

Matching this spectacular advance in performance is the greatest array of new features Chevrolet has ever announced.

The big, new four-wheel brakes are exceedingly quiet in operation. The new two-beam headlamps with foot control dimming device were never before available in Chevrolet's price class. And so on throughout the entire chassis, you will find feature after feature previously demanded in the finest of automobiles and now offered on the Outstanding Chevrolet in keeping with Chevrolet's policy of constant progress.

Distinctive New Beauty

But, however impressed you may be by the mechanical superiority of the Outstanding Chevrolet, your admiration will reach even greater heights when you study the car's distinctive beauty—

—the marvelous new Fisher bodies represent a masterful example of artistic coachwork. Never have beauty, comfort, convenience and staunch construction been more skillfully combined in the bodies of any automobile! So we urge you to come in today and inspect this outstanding new car.

North Carolina, In Superior Court McDowell County. Before the Clerk.

NOTICE OF SUMMONS AND COMPLAINT.

No. 850.

County of McDowell, North Carolina, a Corporation, Plaintiff,

W. H. Pritchard & J. Y. Gilliam, Defendants.

To W. H. Pritchard, Defendant, or his or her heirs if he or she be dead, and any and all other persons having or claiming any interest in the lands hereinafter described: You and each of you are hereby notified that an action entitled as above has been instituted in the Superior Court of McDowell County, North Carolina, for the purpose of foreclosing a tax certificate for the sale of lands hereinafter described, for delinquent taxes for the year of 1926 in the sum of \$2.95, and held on the 6th day of June, 1927. The lands which were sold at such sale and for which foreclosure is sought, were listed in the name of W. H. Pritchard, as thirty acres in Crooked Creek Township and are described as follows:

All those lands in Crooked Creek Township, known as the Mary Sealey homeplace and all those lands described in a deed from Mary Sealey to Pritchard, recorded in Book 67, page 235 and also described in a deed from W. H. Pritchard to J. Y. Gilliam, dated July 20th, 1926, and recorded in Book 72 page 81, McDowell County Deed Records.

You are further notified that you are required to be and appear before the undersigned Clerk of Superior Court of McDowell County, North Carolina, at his office in Marion, N. C., within fifty (50) days from date hereof and answer or demur to the complaint and set up any rights you

or either of you have or claims in said land, in pain of being forever barred and foreclosed of all such rights.

Herein fail not and of this notice take due heed!

Witness my hand, this the 19th day of December, 1928.

J. L. LAUGHRIDGE, Clerk of Superior Court.

North Carolina, In Superior Court McDowell County. Before the Clerk.
