AN EDUCATION

What is an education? What does it mean to be educated? Various people have different ideas as to what qualities are developed in an educated person.

A University of Chicago professor recently propounded twelve questions to one of his classes, adding his personal opinion that anyone answering them in the affirmative constituted an educated person. He sets a high and different standard. His questions are worthy of attention:

- 1—Has education given you sympathy with all good causes and made you eager to espouse them
- 2—Has it made you public spirited?
- 3—Has it made you brother to the weak?
- 4—Have you learned how to make friends and how to keep them? Do you know what it is to be a friend yourself?
- 5—Can you look an honest man or pure woman straight in the eye?
- 6—Do you see anything to love in a little child?
- 7—Will a lonely dog follow you in the street?
- 8—Can you be high-minded and happy in the meaner drudgeries of life?
- 9—Are you good for anything to yourself? Can you be happy alone?
- 10—Can you look out upon the world and see anything but dollars and cents?
- 11—Can you look into a mud puddle by the wayside and see the clear sky? Can you see anything in the puddle but mud?

THE MILK SURVEY FOR MCDOWELL COUNTY

Some time ago cards were sent throughout the county to determine to what extent the farmers of the county were interested in providing enough milk to justify the establishing of a cheese factory, or some kind of a "milk product factory in Marion". A goodly number of these cards were filled out and returned, but it has been learned that many farmers did not receive the card. County Agent Smarr is getting out a circular letter relative to finishing this survey, and will enclose a card to be filled out by those who are interested and who have not received a card.

Several manufacturers of dairy products are looking over the South for a desirable location, some being interested in the manufacturing of cheese, others in condenseries, and some in ice cream and other products. Of course they are looking for places where they can get milk, and such places must have cows and plenty of pastures and other feeds. We can get the kind of a dairy product manufacturing company located in Marion, if the people will cooperate, get the pastures and other dairy feeds, and increase the number and quality of cattle, affording a real ready market. We must have the product before we can get the market. The market will come when we have the product which the market wants.

PRAISES MARION

M. S. Hodges, one of the managers of the Durham Life Insurance Company for the western part of North Carolina, is spending the week with B. F. Horton, local representative. Mr. Hodges states they have approximately 700 policy holders in Marion, the majority being laboring people. He observes that, comparatively speaking, the collecting of premiums and the writing of new business is easy from the fact that there seems to be less unemployment here than other places in his district. He also states that he is amazed at the number of steam whistles that are to be heard here each morning, indicating the number of enterprises Marion has. He says: "With the wonderful climate, good water, beautiful mountain scenery, a well organized Chamber of Commerce, and everybody pulling together Marion is destined to grow from a small town to a real city."

Lespedeza bids fair to become the leading legume crop of Caldwell county if plantings continue as they did this past winter.

It may be that brass makes the best bearings, but the bearing of some men indicates too much brass.

SCHOOL FOR MINISTERS OPENS IN RALEIGH JUNE 3

Raleigh, May 14.—The fifth session of the School for Ministers, operated under the auspices of the Baptist State Convention, will be held at Meredith College, Raleigh, beginning Monday, June 3rd, and continuing till Thursday noon, June 13th.

More than 300 ministers and their wives attended the session last year. A great many more are expected this year, because the program has been specially adapted to all who desire to do any form of Christian work. Dr. W. R. Cullom, Wake Forest, is the dean of the school, and Rev. Walter M. Gilmore, Raleigh, the business manager. Board in the Meredith College dining room will be \$1.25 a day. Each guest furnishes his own bed linen, toilet articles, etc.

The faculty this year includes the following teachers from the three theological seminaries of Southern Baptists, and from Wake Forest and Meredith Colleges, and other outstanding preachers and laymen: Dr. J. M. Price, Southwestern Theological Seminary, Fort Worth, Texas; Dr. W. O. Carver, Southern Baptist Theological Seminary, Louisville, Ky.; Dr. W. W. Hamilton, Baptist Bible Institute, New Orleans; Dr. L. E. M. Freeman, Meredith College, Raleigh; Dr. Frank Pendleton Gaines, Wake Forest College; Dr. Hubert McNeill Poteat, Wake Forest College; Dr. Edwin M. Poteat, pastor Second Baptist Church, Atlanta, Ga.; Dr. George J. Burnett, Associate Secretary of the Baptist Brotherhood of the South, Memphis, Tenn.; Miss Katie Murray, returned Missionary from China.

JUDGE FINLEY GETS BOWMAN OFF ROADS

Raleigh, May 9.—Joe Bowman, of McDowell county, today got his new freedom through the epistolary efforts of Judge Thomas B. Finley, who sentenced him to 12 months in the county prison, meant to knock off six and forgot it when Bowman dropped out of sight.

Bowman had no lawyer and the judge meant to appear for the fellow. The weeks crowded on and the cases piled up. Mercy began to be spread about the court, but Bowman had no barrister. The fellow went on the roads and has served well six months. Judge Finley got the recommendation of Judge Nat Townsend and Bowman got his liberty.

FIVE MILLION INVESTED IN MOUNTAIN SUMMER CAMPS

Asheville, May 11. — More than \$5,000,000 has been invested in western North Carolina's 112 summer camps, a survey, completed by the chamber of commerce in compiling a camp booklet, has disclosed.

The camps are located in virtually all of the western North Carolina counties and virtually all of them have lakes as well as mountain scenery to offer. They annually are host to more than 5,000 boys and girls from throughout the United States and Canada.

A TRIBUTE TO MOTHER

Once an Angel came down to earth desiring to take with him back to Heaven something unchanged and unchangeable. He came early one morning, before the dew had gone away, to a beautiful flower garden; and there gathered to his bosom some beautiful, sparkling dew and started back on his Heavenly journey. Before he had gone far, he discovered the glittering dew had vanished.

Once more he came back to the garden, and there gathered some beautiful roses and flew away toward Heaven. Ere long, he learned the lovely flowers were fading and dying; so he came back to earth, and there gathered to his heart a mother's love. When he reached the Celestial City, there he found his priceless treasure unchanged and unchangeable.
