NEWS IN BRIEF.

Rev. Mr. Tobey will conduct the services and preach next Sunday.

Lost—a finger ring with one stone. Five dollars reward will be paid to finder on returning it to Mr. Tufts.

Landlord Trickey of the Pine Grove house is well satisfied with the season of 1898, as he already has his house full of guests.

The Inn is very proud of its new flag that was raised Washington's Birthday to the singing of the "Star Spangled Banner."

The regular evening amusements at the Holly Inn were enlivened with readings by Mrs. Tabraham and Miss Powers, on Wednesday evening.

The usual concert Sunday evening by the orchestra was augmented by vocal solos by Miss Bail, Miss Hall, Miss Upham and Mr. Hamlin.

The Raleigh Post of the 24th inst. devotes one and one-half columns of its space to a description of the Washington's Birthday celebration in Pinehurst.

The Pinehurst Nurseries have just received from the printer some attractive catalogues and price lists of their stock, which they are sending out to prospective customers.

The fund for the fire sufferers continues to increase. Two dollars were added one day this week by an enterprising auctioneer from the Inn who disposed of Indian relics at good prices.

The Boston Herald of Feb. 17th reprinted the article on "The Persimmon," which was written by our popular gardener, Otto Katzenstein, and published in the OUTLOOK of Jan. 21st.

Rev. Mr. Bond preached a very practical sermon last Sunday from the text Gen. 16:13 "Thou God, seest me." The Village Hall combines comfort and elegance and its acoustic properties are excellent. Our guests appreciate it.

The newest thing in town is the uniformed trolley car men. We are getting more metropolitan every day and the only thing left to do is for superintendent of streets Letien to put the street laborers in white duck suits.

Golf is growing very popular and every pleasant day groups may be seen intently watching the career of the tiny balls that go spinning about so willfully. Much enthusiasm is being shown and the number of devotees grows daily.

The committee of ladies appointed to provide clothes for the sufferers by the late forest fires have been busy during

the week cutting and sewing on the garments needed. The Village Hall where they have met in the afternoons has been a hive of industry.

Any possible criticism upon the large number of seats reserved at the dramatic entertainment is silenced by the fact that the receipts therefrom enabled the relief committee to do large things. The entertainment committee decided to give the whole of the net receipts to the relief fund and the result was a contribution of seventy dollars.
