## THANKSGIVING.

### The Day Passed Very Quietly in Our Village.

### The Usual Amount of Feasting is Followed by an Entertainment in the Evening.

Thanksgiving day was very quietly observed in the village yesterday. The Department Store and post office closed at noon and the usual Thanksgiving feast was enjoyed at the several hosteleries and numerous cottages. The pleasures of the day were brought to a close by a very enjoyable entertainment in the Village Hall in the evening.

The Casino, which was the first house to open for business in the village this season, has steadily increased in popularity under the efficient management of Mr. F. H. McAlpine and his estimable wife, and now has its complement of guests. Yesterday the managers determined to serve a genuine New England Thanksgiving dinner—one that would remind our Northern exiles of their homes so far away—and their efforts were crowned with great success. Over ninety people partook of good things provided, and that all were efficiently and quickly served is evidenced by the fact that all meat orders were filled within thirty-four minutes after the doors were opened for dinner. The menu included most of the New England dainties and all were well cooked, and but for the bright warm sunshine, balmy breezes and beautiful green landscape the guests might well have fancied themselves partaking of Thanksgiving cheer in their own Northern homes. All the guests were well satisfied, and the managers once more demonstrated their ability to conduct the

Casino in a manner pleasing to its patrons. Following is the
