THE PATIENT is resting as comfortably as could be expected under the circumstances, might appropriately be added—*ED*.

A SUMMARY gathered from eighteen states trying the experiment, shows that it costs less to maintain the central school and transport the pupils than it does to run the small schools. Connecticut reports only one case in which there was an increase of cost. Duval County, Fla., has closed 14 schools, transports 176 pupils at \$303 per month, pays \$145 per month for extra teachers employed in the central schools, and saves \$42 per month on the new plan. Winnebago county, Iowa, transports 49 pupils from 2 1-2 to 5 1-2 miles, saving \$486 per year on closing four schools. One district in Nebraska saves \$70.00 a month, Kings-

ville, Ohio, has saved over \$1,000 in three years and in Victoria, Australia, 241 schools were closed last year, at a saving of \$70,000.

WEATHER SHOOTING has assumed such importance in Southern Europe that not less than three International congresses to consider it have been held. The latest report shows that experts are mostly convinced that gun-firing is useless for influencing rain or hail.

AN ELECTRIC LIGHT bulb has been found by Dr. Forrest Willard, to be better than the water bag for applying heat to the body.

B. F. DUTTON THE WINNER.

Takes Cup in Putting Contest with a Very Low Score.

Anything pertaining to golf is popular at Pinehurst, no matter whether it be upon the links or indoors, and naturally, a putting contest at The Carolina, Tuesday evening, attracted the attention of a large proportion of the guests. Many participated and a company which taxed the seating capacity of the hall looked on, applauded and sympathized. The affair was arranged by Mrs. Montgomery A. Crockett of Buffalo, N. Y., who presided.

Mr. B. F. Dutton of Boston, won with a clean score of six, making two holes in one, and two in two, each. Mr. and Mrs. G. C. Dutton, Boston, J. D. Climo of Cleveland, O., tied for second with seven, but on the play-off Mr. Dutton won.

The trophies were very dainty, a tiny sterling cup for the first prize, and a miniature golf bag filled with sterling golf club stick pins, for the second.

Parlor Car Service on Seaboard.

Beginning last Monday the Seaboard Air Line Railway inaugurated daily parlor car service from Southern Pines to Washington, on train No. 66, which leaves Southern Pines at 9.36 A. M., arrives at Richmond 4.55 P. M., and Washington at 8.36 P. M. This car connects at Washington with Pullmans for New York and Boston.

The trolley car leaving Pinehurst at 9 A. M., connects with this train.

At Virginia Beach.

John Harrison, a prominent professional golf instructor, is now in charge of the Country Club links at Virginia Beach, Virginia. Five o'clock teas are given daily at the Country Club House, the Princess Anne Hotel orchestra furnishing music.

There is a fine pack of hounds at the Princess Anne Hotel, and hunts are held at regular intervals.

WILD TURKEY BANQUET.

Carolina "Dog Watch" and Young Women Friends Make Merry.

Robert B. Shove, bellman on the "dog watch" at The Carolina, entertained his associates and their young women friends, Sunday night, with a wild turkey banquet served in the officers hall. The turkey was secured on a recent trip with Merrow, the photographer, and it was served with all the necessary accessories, making the meal one long to be remembered.

THE KICKER'S HANDICAP!

Fifty Contestants Struggle for Possession of the Creamer Cup.

Seven Ties for the Unknown Bogey of Eighty-Five--In Play-off W. H. Cady is the Winner.

A moderate amount of "kicking" and golf are synonymous—ask the Handicap Committee—and Manager A. I. Creamer of The Holly Inn, is extremely popular, and as a natural consequence, the kickers handicap event for the Creamer cup, played Tuesday, proved one of the most interesting of this season's tournaments. There were over fifty entries.

An unknown bogey between seventy nine and eighty-eight was announced which later proved to be eighty-five, and there were seven ties at this score: M. C. Parshall, Warren, Pa., W. H. Cady, Brookline, Mass., W. J. Noonan, Boston, J. D. Climo, T. S. Beckwith, Cleveland, Miss Eleanor Freeman, New York city, and L. D. Davis, Erie, Pa.

There were also four ties each for eighty-one, eighty-six and eighty-four, and three for eighty-three. The rest of the company were well bunched, all but one finishing under ninety-five.

In the play off Wednesday morning Cady won with eighty-two net, the new bogey.

TERRIBLES AND HORRIBLES.

Guests of The Harvard Contest for Possession of Trophies.

Extreme modesty seems to be the only explanation for the fantastic, self-applied name "The Terribles and Horribles," connected with the special golf tourna-

ment for the guests of The Harvard, played Tuesday morning, for as a matter of fact, the affair was an interesting one and furnished a close contest. The short nine-hole course was played once 'round and there were prizes for the best net, gross and the largest scores. E. B. Lockwood, of New York city, won the gross score trophy with thirty-four. W. R. Sanborn of Strafford, Vt., (29) the net score prize with seventeen, and James Doak, Jr., of Philadelphia, the consolation with sixty-four.
