

At the leading Clubs or Hotels you will find that "E. & E. Invincible" is one of their best selling cigars,

It is a large generous smoke, considering it is the best imported tobacco that is being consumed. Packed 25 in a box. You will have to pay more for its equal in any other cigar. It is one of the crack productions of Estabrook & Eaton.

SOLD AT THE PINEHURST HOTELS.

PINEHURST DOES NOT TAKE CONSUMPTIVES; WE DO.

We have the largest and most thoroughly equipped institution in Eastern North Carolina, for the treatment of all diseases of the throat and lungs.

Write for our illustrated booklet showing testimonials from Governor Charles B. Aycock, U. S. Senator F. M. Simmons, U. S. Senator Lee S. Overman, and others.

CORRECT AND SCIENTIFIC BREATHING.

Pupil of Mile Marie de Palkowska.

Appointments may be made by mail.

JACKSON SPRINGS WATER

Cures indigestion, relieves rheumatism and the milder forms of kidney diseases. The spring is a freak of nature bubbling forth at the rate of a gallon a minute from the only large solid stone in the sand hill section. It should be seen. There is a first class hotel immediately at the spring kept by Mrs. Baxter, formerly of Pinehurst. For the bottled water and train schedules (ten miles from Pinehurst) see Mr. Berry at the depot.

PURE PINEHURST WATER

Village is Fortunate in Possession of an Abundant Supply.

Chemical Analysis Shows that it Ranks with Purest Waters of the Country.

Pinehurst is fortunate in the possession of an abundant supply of pure water, for its use is now generally recognized as fully as essential to bodily health as is fresh air, bright sunshine and right conditions for living.

The Management has recently had Pinehurst water, which is supplied in all parts of the Village, again analyzed and the result shows that it ranks with the purest waters of the country, and may

THE CHEMICAL ANALYSIS.

The chemical analysis of the water is as follows:

Free Ammonia	.0254
Albuminoid Ammonia	.0016
Nitrogen as Nitrates	.1400
Nitrogen as Nitrites	Absent
Chlorine	.38
Fixed residue	1.40
Volatile residue	0.80
Total residue	2.20
Hardness	0.33

New Books for the Library.

The gift of the following books to the Pinehurst Library by Mr. Samuel Morris of Philadelphia, is announced:

Passages from the Life and Writings of George Fox.

Passages from the Life and Writings of William Penn.

Winsome Womanhood, by Margaret Sangster.

A friend from Philadelphia through Mr. A. M. Kimber has contributed the "Life of J. J. Gurney."

FOR AN IDLE MOMENT.

Find who sent the Valentine.

be used in abundance without fear by anyone, and with especial advantage by those suffering from rheumatic and gouty complaints.

Dr. Herbert J. Hall the resident house physician, has just received the following letter from Dr. Charles Harrington of the Harvard Medical School:

DR. HARRINGTON'S LETTER.

The water referred to contains about as little lime as any water I have ever examined; in fact, all of the mineral matters together amount to 1.40 parts per 100,000 and in that respect the water is extraordinary.

Hardness is due chiefly to lime salts, but I cannot recall a water in which I have observed so slight a hardness as 1.3 degree and hence so little lime, with one exception, and that was in my mind when I wrote the opening sentence—a specimen of fresh rain water.

As to iron, if there is any in Pinehurst Water, it cannot be detected in the amount submitted.

NATIVE ARTS AND CRAFTS.

Interesting and Instructive Exhibit at Log Cabin Museum.

An interesting arts and crafts exhibit is now taking place at the log cabin museum under the direction of Mrs. Neva S. Burgess of Pinebluff.

A special feature is to be introduced each Wednesday and Saturday in the way of cotton carding and spinning by native women. A miniature cotton gin will be in operation showing the manner in which cotton is prepared for use.

Many attractive souvenirs made from native products, will be exhibited and offered for sale. A visit will not only be interesting but instructive.

Chicken Hatch To-Morrow.

To-morrow (Sunday) offers an excellent opportunity to visit the Poultry Farm, for several hundred chicks will be hatched during the day.
