PRICE FIVE CENTS

A PLEASANT PROPHECY

Season's Formal Social Events Begun
With German at Carolina.

Twenty-four Participate Including
Many Village Guests--Large
Company Onlookers.

THE season's formal social pleasures were pleasantly begun Saturday evening, with an invitation German at The Carolina, and the success of the occasion is a pleasant prophecy for the future. Twenty-four participated including many Village guests, and a large company were interested onlookers. Mr. Herbert W. Cost, of St. Louis, lead "stag," and the favors were in excellent taste. The figures included the familiar curtain figure in new form, partners being selected in one instance, by grasping fingers placed above the curtain; and in another, by casting a fish line across the barrier.

The mirror figure was given in a novel way, one young woman of the company (Miss Check) being seated in the centre of the hall while various applicants for favor appeared and were refused one by one. Finally a partner was selected and as the couple danced about the hall one of the rejected applicants followed holding aloft a parasol, while the others made up a large and somewhat ludicrous retinue in the rear.

Among the prettiest of the figures was the hurdle, in which several couples were driven horse fashion, about the hall and forced to jump barriers of vari-colored bunting.

Among the other figures were the bottle, and the putting figures.

While the occasion was more or less informal in its nature, many dainty evening toilets were noticed.

The matrons were Mrs. Montgomery A. Crockett, Buffalo, N. Y., Mrs. Cora A. Sands, New York, Mrs. W. A. Burnham, New York, Mrs. Margaret Sabine, Syracuse, Mrs. T. D. Messler, Miss M. V. Gilbert, Pittsburg.

The participants included the following: Mrs. B. B. Glenny, Sheffield, Mass., Mrs. F. C. Goodwin, Rochester, N. Y., Miss Smith, Portland, Me., Mrs. F. B. McFeely, Pittsburg, Mrs. Leonard Tufts, Medford, Mass., Mrs. A. W. Leslie, Camden, N. J., Miss Check, East Orange, N. J., Miss Kenny, Pittsburg, Miss Ernschaw, Philadelphia, Miss Phillips, Wilmington,

AN EPISCOPAL CHURCH

Movement Recently Begun Which Promises Satisfactory Outcome.

Plot of Land Assigned, Plans for Building Secured, Committee Appointed--Subscriptions Solicited.

THE movement recently initiated, which aims to build an Episcopal church here, promises to produce important results for the religious life of the Village. A few sums have already been subscribed, a plot of land assigned, plans for a building secured and a committee appointed.

While Protestant Episcopal church services have been held regularly in the Village Hall, for several seasons past, the members of the church have long felt that a proper celebration of its services demanded an edifice set apart from all secular use. During the present season this feeling has grown, culminating recently in a meeting of those interested, at the home of Mrs. T. B. Cotter.

Dr. John H. Packard, Philadelphia, was chosen chairman, and Mr. Thomas W. Mabley, Cleveland, O., secretary, of the meeting which included many of the members of the congregation, and the evening spent in discussing plans for the organization of a Parish and the erection of a church building.

The gift of a plot of land by Mr. Leonard Tufts, at the corner of Chinquapin and Beech roads, as a site, and the receipt of several contributions as the nucleus of a building fund, were announced. Plans and a design for the building have been kindly sent by Mr. Theophilus P. Chandler, a well-known Philadelphia architect.

Much enthusiasm was shown and the members hope that during the present season a sufficient sum may be subscribed to warrant the commencement of work on a church building which will be an ornament to the Village and a source of satisfaction to visitors.

In closing a committee consisting of Mr. T. B. Cotter, Dr. J. H. Packard and Mr. A. G. Warren was appointed to take the whole matter in charge, with authority to take whatever steps might be necessary to bring about the desired result. This committee will be glad to meet all interested in the project and to receive subscriptions.
