#### The Delineator for February.

For the woman of fashion, the February *Delineator*, with its display of Spring styles, is a most attractive number. Besides the fashions there is much of interest for the general reader, and the departments concerning the practical householder have been abundantly contributed to. There are short stories by Zona Gale and Margaret Beauchamp, with an interesting travel sketch entitled "In Cairo with a Camera," by Horace Wyndham. Miss Winslow's story of club life "The President of Quex" is continued gaining much in interest. The "Collector's Manual" is concluded with an article on "Old Time Lights." For the children there is a delightful girl's serial "Sunlight and Shadow," one of Alice Brown's "Gradual Fairy Tales," and amusing games by Lina Beard. Mothers will find Dr. Murray's paper on "Exercise and Physical Culture" particularly helpful, and the numerous pages devoted to matters of housewifely interest, such as cooking, gardening, house furnishing, etc., will prove to be of equal interest to the young housewife.
