

**THE BEST AID  
TO A HIGH SCORE  
THE SMITH & WESSON**

**Single Shot Target Pistol**

The S. & W. target pistol with automatic shell ejector, rebounding lock, and adjustable target sights, is the final triumph in the production of a thoroughly accurate target pistol. Its recommendation by the committee, and its wide use by experts are significant testimony to its high-score efficiency. The .22 long rifle cartridge gives the best results with this arm, but it is also bored for the regular S. & W. .32-10-88 and .35-16-146.

This monogram appears on all genuine Smith & Wessons.

"IT'S GOOD ENOUGH FOR ME!"

Yankee Putter is Like Pinehurst, Biggest Thing in American Golf

"If the United States Golf Association had not taken the stand it did on the putter question half or two-thirds of the clubs in the country would have adopted local rules permitting the use of the Schenectady. No doubt about it."

Thus commented a prominent western player in the presence of a large group at The Carolina which nodded ready assent. Here you have the widespread importance of the subject in few words.

"It's good enough for me," as Uncle Sam significantly declares upon the opposite page.
